Lt. R. Andrew Cox, Legal Division

Preface

The San Francisco Police Department's Early Intervention System (EIS) is a structured system that identifies patterns of at-risk behaviors of individual SFPD members. An EIS alert is generated when a member reaches a specific number of Performance Indicator Points in a predefined time period. The alert generated by the EIS Unit should not be misconstrued as misconduct, but rather an indication of a potential pattern of behavior. The intent of the system is to provide **non-disciplinary intervention** to assist our members in their professional development in order to provide the highest level of service and satisfaction to the public. (Outlined in DGO 3.19.)

It is the policy of the Department to provide for the protection and confidentiality of the EIS records maintained by the Department that are peace officer personnel records under 832.7 PC.

This report is produced on a quarterly basis by the EIS Unit and presented to the Police Commission by the Assistant to the Chief of Staff. The report contains data regarding current EIS alerts and historical data for comparison.

While an officer's Use of Force (UOF) is one of several performance Indicator Points utilized by EIS, the EIS Quarterly Report is not a review of UOF, nor does it purport to be. UOF is reviewed in the 96A report, which is reported separately to the Police Commission. The data contained in the report has not undergone statistical analysis and is presented prima facie, without conclusions. However, any follow up made by supervisors or through intervention is meant to ensure members comply with department policy and is intended to break the pattern of behavior. Additional data (e.g., number of calls for service, district demographics, etc.) is presented to provide context for the report, and no correlations between the data and the EIS alert are explicitly made or should be inferred.

Table of Contents

EIS Alert

An **EIS Alert** is generated when a member reaches a specific number of Performance Indicator Points in a predefined time period. The Administrative Investigations Management (AIM) application generates alerts each month. After the alerts are reviewed by analysts for errors and duplicate incidents, the validated alerts are then forwarded to the EIS Sergeant every other month for review.

Within a 3-Month Period	• 3 or more documented Use of Force incidents (See Page 47)
Within a 6-Month Period	• 5 or more Indicator Points (See Page 6) • 3 or more Department of Police Accountability (DPA) complaints
Within a 1-Year Period	• 6 or more Indicator Points • 4 or more Department of Police Accountability (DPA) complaints
Automatic Alert	• A principal in an Officer Involved Shooting (OIS) or Officer Involved Discharge (OID)

Review Process by EIS Unit

Step	Process
Step 1	Alerts are generated every month and then sent out to stations and units every two months. At the end of each two-month period, alerts are verified by analysts and then forwarded to the EIS Sergeant for review. If an officer has alerts for both months in this period, the most recent alert is forwarded to the EIS Sergeant.
Step 2	The EIS Sergeant reviews each alert to determine if it should be closed administratively. The EIS Sergeant will review incident reports, Use of Force evaluations and Body worn Camera (BWC) footage for Use of Force Indicator Points. The EIS Sergeant also reviews documentation related to other indicator points (e.g. DPA complaints, Tort Claims). The EIS Sergeant examines the alert for patterns of at-risk behavior. (Examples of at-risk behavior include, but are not limited to: excessive force without attempts of de-escalation; unprofessional language; racial profiling, etc.) The EIS Sergeant may move to close the alert administratively if the following criteria exists: a recent EIS Alert evaluation has been already completed, there was no pattern of at-risk behavior observed, and there were minimal Indicator Points since the last EIS Alert evaluation.
Step 3	If the EIS Sergeant supports closing an alert administratively, it will be forwarded to the Officer-in-Charge (OIC) of the Legal Division. The OIC of the Legal Division will make the final determination for administratively closing an alert.
Step 4	If there is no cause to administratively close an alert, the alert, along with documentation related to the indicator points (e.g. DPA complaints, tort claims, civil suits, etc.) will be sent to the officer's supervisor for review. The officer's supervisor will conduct a Performance Review to determine if the alert indicates at-risk behavior.
Step 5	The completed Performance Review is forwarded to the EIS Unit for review. If the Performance Review determined that the alert did not show a pattern of at-risk behavior, and the EIS Sergeant concurs, the alert is forwarded to the OIC of the Legal Division for final determination to close the alert. If the Performance Review determined a pattern of at-risk behavior *did* exist, the EIS Sergeant would assist the supervisor in determining the next course of action. In the event the EIS Sergeant does not agree with the supervisor's conclusion, the EIS Sergeant would confer with the OIC of the Legal Division for additional review and action. (A Department Bulletin is being authored to address further review and appeals by members.)
Step 6	If an intervention is deemed necessary, the EIS Sergeant will assist the officer's supervisor with creating an intervention plan for the officer. After the intervention is initiated, the EIS Sergeant will follow up with the supervisor at 90 days, 180 days and the 1-year mark.
Step 7	At the 1-year mark, the officer's supervisor will conduct a final Performance Review and make a determination if the officer completed the intervention satisfactorily. If so, the alert will be sent to the OIC of the Legal Division to determine if the alert will be closed. If the officer's supervisor determines the officer's performance was less than satisfactory in their intervention, the EIS Unit would confer with the supervisor to develop another intervention plan until the officer completes the intervention satisfactorily.

Indicator Points

Indicator Points[1] are factors tracked in EIS that are given a numerical value to allow for scoring. Each Indicator Point is one point.

Abbrev	Indicator	Description
UOF	Use of Force	Any application of a reportable Use of Force is counted as one Indicator Point. Applications of different types of force by the same officer during the same incident will only have a single Indicator Point assigned.
DPA	Department of Police Accountability	The mission of the Department of Police Accountability is to investigate complaints promptly, fairly and impartially against San Francisco police officers. An individual complaint received by DPA is assigned as one Indicator Point.
CS	Civil Lawsuit	If a member is named in a civil lawsuit filed against the City & County of San Francisco, one Indicator Point is assigned.
OIS	Officer-Involved Shooting	An OIS occurs when an officer's discharge of a firearm results in the physical injury or death of a person, even if it is an accidental discharge. Members involved in an OIS are automatically placed on an EIS Alert.
OID	Officer-Involved Discharge	An OID occurs when an officer's discharge of a firearm does not cause injury or death to a person. Shooting at, injuring, or killing animals also falls into this category, including accidental discharge without injury. Members involved in an OID are automatically placed on an EIS Alert.
ODC	On Duty Collision	If a member is involved in a vehicle collision on duty while operating a Department vehicle or operating a privately owned vehicle that has been authorized for official use, the incident will be assigned one Indicator Point.
EEO	Equal Employment Opportunity	Any complaints or violations of department policy under General Order 11.07 (Discrimination and Harassment) are investigated by the EEO Unit. Each complaint received is assigned one Indicator Point.
IAD	Internal Affairs Division	If an officer is a named member in an IAD investigation, the event is assigned one Indicator Point.
TC	Tort Claim	A tort claim is a case filed with the City & County of San Francisco claiming a wrongful act by a city employee which resulted in an injury to another person or person's property. If a member is named in a tort claim, the incident is assigned one Indicator Point.
VP	Vehicle Pursuit	If an officer is the operator of a vehicle involved in a vehicle pursuit, one Indicator Point is assigned.

[1] If a member is involved in an incident where multiple points could be accrued, only one-point value will be counted. Numerical points begin from the date of the most recent indicator entry; time is calculated on a rolling basis.

Associated Factors

Once a member has surpassed indictor thresholds, **Associated Factors** are reviewed to provide a comprehensive review of the member in question.

Factor	Description	Factor	Description
Citizen Compliment	A letter, email, card or any other form of communication from a public citizen complimenting a member of the Department for their service.	**Voluntary Overtime Worked**	The number of overtime hours worked outside of mandatory overtime. (e.g. PLES 10-B. Outside vendor contract with Department to employ a sworn officer(s).)
Department Awards	Department awards given to members who have performed above and beyond the call of duty. (e.g. Medal of Honor, Lifesaving, CIT Award)	**Discretionary Time Off**	The amount of discretionary time off the member has taken, regardless of reason, during the alert period.
Arrests by Officer	Infraction, misdemeanor and felony arrests made by a member.	**Sick Pay Not Protected by Federal/State**	The number of Sick Pay (SP) hours used by a member used during the period.
Citations by Officer	Infraction, traffic and misdemeanor citations written by a member.	**Participant in Critical Incident**	Incidents where the member was the principal participant in a critical incident (e.g. OIS, ICD, EOD, etc.).
Reports by Officer	Incident reports, statements and collision reports written by a member.	**Criminal Cases Dismissed**	Criminal cases dismissed or not filed due to documented concerns with a member's conduct, as disclosed by the DA's Office.
Vehicle Stops	Traffic enforcement stops and/or investigative vehicle stops conducted by a member.	**Charges of Assault on an Officer**	The number of incidents where a suspect is charged with assaulting an officer (e.g. 243(c)(2) PC, 245(d)(1) PC
Pedestrian Stops	A detention of a pedestrian on a public street or sidewalk for the purpose of investigating a possible criminal violation(s).	**Charges of Resisting an Officer**	The number of incidents where a suspect is charged with resisting an officer (e.g. 148 PC, 69 PC).
Training History	The Academy tracks and maintains training records for all members of the Department.		

Salient Data

1. **EIS Indicator Points Decreased (Page 36)**

    *   3rd Quarter 2019 – 881
    *   3rd Quarter 2020 – 470
        A decrease of 46.7%

    *   3rd Quarter 2018 – 993
    *   3rd Quarter 2020 – 470
        A decrease of 52.7%

    *   3rd Quarter 2017 – 949
    *   3rd Quarter 2020 – 470
        A decrease of 50.5%

    *   3rd Quarter 2016 – 1168
    *   3rd Quarter 2020 – 470
        A decrease of 59.8%

2. **EIS Alerts Decreased (Page 11)**

    *   3rd Quarter 2019 – 139
    *   3rd Quarter 2020 – 66
        A decrease of 52.5%

3. **Use of Force Incidents & the Effects of Classifying the Pointing of a Firearm (POF) at a Subject as a Reportable Use of Force (Page 49)**

    *   1st - 3rd Quarter 2020 w/ POF – 669; w/o – 364
    *   1st - 3rd Quarter 2019 w/ POF – 798; w/o – 494
    *   1st - 3rd Quarter 2018 w/ POF – 1004; w/o – 548
    *   1st - 3rd Quarter 2017 w/ POF – 1054; w/o – 475
        From 1st - 3rd Quarter 2017-2020:   w/ POF – 36.5% Decrease
        w/o POF – 23.4% Decrease

4. As of September 30, 2020, ***2.3% (52)*** of the total members generated at least 1 alert in the 3rd Quarter of 2020 **(Page 9)**.

5. Two (2) interventions were closed in the 3rd Quarter of 2020. One member successfully and satisfactorily completed the one-year intervention. The other member resigned and is no longer with the department **(Page 12)**.

As of September 30, 2020, there were 2250 sworn members in the San Francisco Police Department. This means *2.3% (52)* of the total members generated at least 1 alert.

Members Receiving Alerts		
40 members	1 alert	40 x 1 = 40 total alerts
10 members	2 alerts	10 x 2 = 20 total alerts
2 members	3 alerts	2 x 3 = 6 total alerts
52 members	**At least 1 alert**	**66 total alerts**

Of the 66 3rd Quarter Alerts:	
33	Sent to the Member's Captain or Sergeant for review
22	Administratively Closed by EIS
11	*Merged with a paired month

*Alerts are generated every month and then sent out to stations and units every two months. If an officer has alerts for both months in this two-month period, the EIS Unit does not send out a separate alert to that officer's Captain or Sergeant. Only the most recent alert is sent to the officer's unit. Please note that the EIS Unit records both alerts for data-tracking purposes. *(e.g. Officer Smith generated an alert in January and February. February's alert would be sent to the officer's Captain or Sergeant, but February's alert would still include all the Indicator Points that triggered January's alert.)*
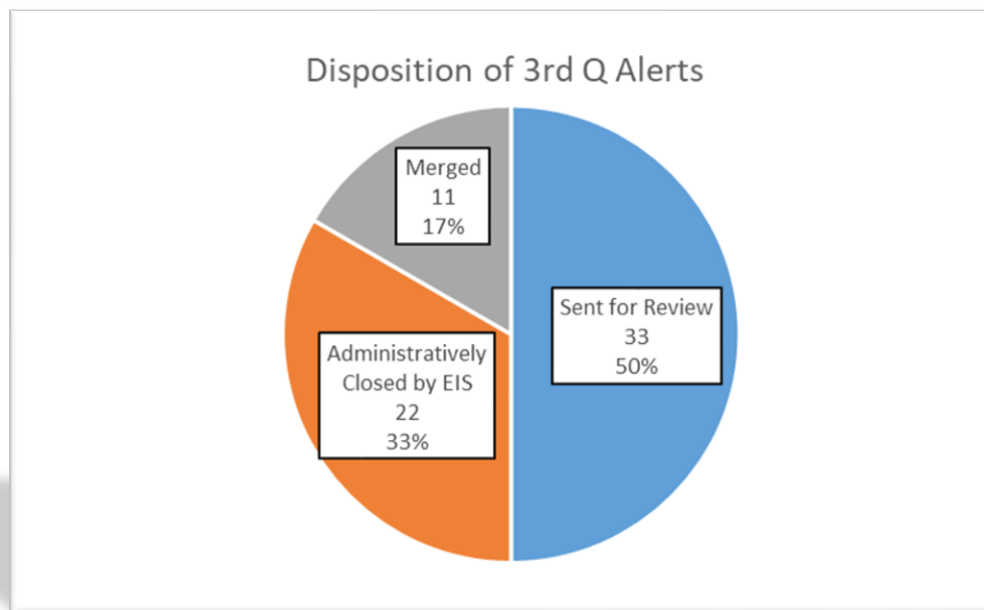

Criteria of Administrative Closures:

1. **A member received a recent EIS Alert Evaluation**
   (e.g. Nearly all the indicator points that triggered a member's alert have been evaluated by a supervisor in a recent alert.)
2. **No pattern observed**
   (e.g. A review of the indicator points of a member's alert show no pattern of at-risk behavior.)
3. **Minimal Indicator Points since last evaluation**
   (e.g. A member generated one Use of Force indicator point of "Pointing of a Firearm" or one Tort Claim since their last EIS alert, and the new indicator points do not show a pattern of at-risk behavior.)

EIS Alerts by Quarter										
		OIS	OID	3+ UOF	3+ DPA	Any 5	4+ DPA	Any 6	Monthly Total	Quarterly Total
Q3 2019	Jul		1	16		7		12	36

There was a **47.6% decrease** in Alerts from 3rd Quarter 2019 to 3rd Quarter 2020.

EIS Alerts by Quarter (Previous 5 Quarters)

Alerts by Month (Previous 5 Quarters)
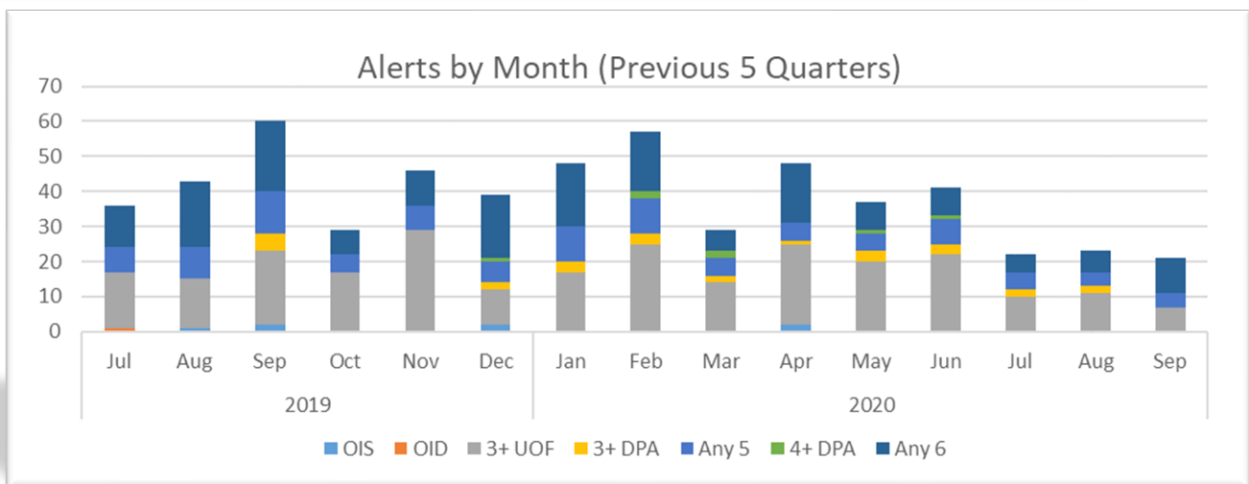

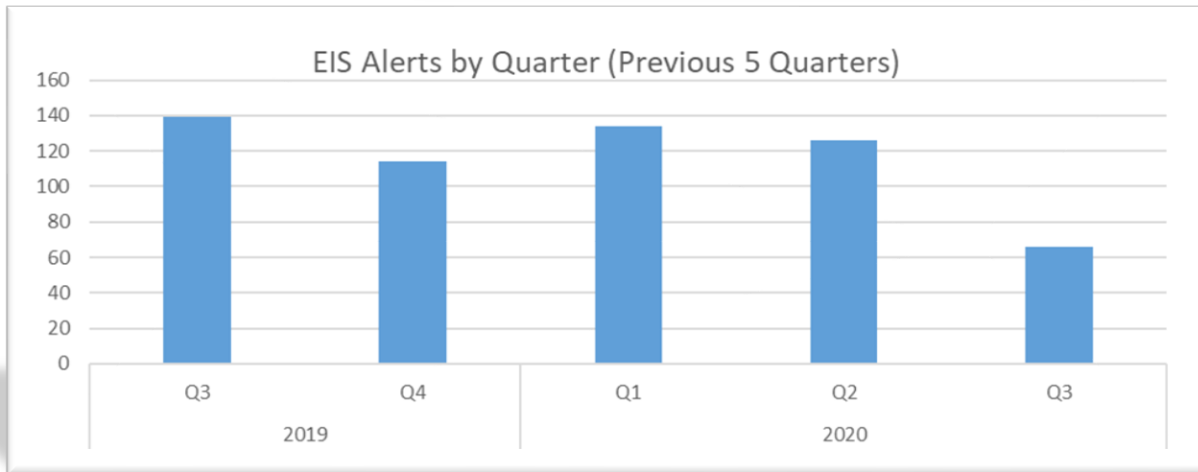

Interventions

Interventions are initiated after a member's supervisor and the EIS Unit agree that action needs to be taken with a member to prevent further at-risk behavior that may lead to negative outcomes.

Open/In-Progress Interventions in the 1st Quarter of 2020	New Interventions Opened in 2020	Interventions Completed & Closed in 3rd Quarter 2020	Interventions That Remain Open/In-Progress
3	1	2	2

Types of Interventions	
Mentoring	• Creating a physical and/or electronic calendar to improve time management • Scheduling in-service training offered by the Academy or outside agency • Reviewing DGOs and Department Bulletins with member
Tactical Communications	• POST Learning Portal Class on Tactical Communication • Supervisor responds and monitors member on calls for service • One-on-one session with Defense Tactics Instructors at the Academy • One-on-one session with Academy instructors regarding de-escalation techniques
Referrals	• Supervisory or self-initiated referrals to Employee Assistance Program (EAP) or Behavioral Science Unit (BSU)
Reassignment	• Reassignment to another station or unit will be used only when absolutely necessary for the welfare of the member and the Department

Engagements Outside EIS

Year to Date Totals			
	2018	**2019**	**2020**
Informal Counseling	90	117	91
Formal Counseling	8	9	15
Performance Improvement Plans	3	26	33

Supervisors routinely provide officers with counseling to educate and foster open lines of communications. Informal counseling can consist of constructive critiques provided to officers by their supervisors in an informal setting that may occur throughout an officer's tour of duty. Formal counseling is a process in which a supervisor meets with a member in a non-punitive setting to discuss the member's performance and the supervisor documents the counseling session in some form (e.g. memo). A Performance Improvement Plan (PIP) is a formal, written plan specifically tailored for a member that clearly defines the supervisor's expectations and strategies to assist the member.

Formal tracking of *Engagements Outside EIS* was not uniformly reported or documented until the beginning of 2019. Commanding Officers are required to submit a monthly report to the EIS Unit documenting the number of officers formally and informally counseled, as well as how many were placed on a Performance Improvement Plan during the month. Department General Order 1.04 states *"Sergeants shall train and lead subordinates in the performance of their duties and set an example of efficiency and deportment."* The increased number of formal and informal counseling is an indication of sergeants being proactive in their duties as a supervisor.

Tenderloin Station observed a ***71.9% decrease*** in total Alerts between 2nd Quarter 2020 and 3rd Quarter 2020.

[2] DOJ report, Collaborative Reform Initiative, October 2016. Data from the 2010 American Community Survey compiled by the Census Bureau. Residents may have reported multiple races.
*Data from the previous quarter has been updated and may not be the same as listed in the previous quarter's report.

Alerts are assigned according to where the officer was assigned when the incidents triggering the alert occurred. The EIS Unit assigns fractional alerts according to the number of stations in which the incidents occurred. For example, if the alert was triggered by incidents occurring when the officer was assigned at two different stations in a quarter, we assigned .5 alerts to each station. If an officer was assigned to three different stations in a quarter, we assigned .333 alerts to each station.

3rd Quarter 2020 Alerts by Assigned Station at Time of Incident

Q3 2020								0

TACT	**Tactical/SWAT**	Tactical/SWAT is a unit made up of members who are highly trained and specialize in weapons and tactics. They are utilized during critical incidents where there is a potential of violence, assist with the execution of search and arrest warrants and other high-risk calls for service. During these high-risk calls, Tactical/SWAT break down many doors and windows in their execution which leads to higher numbers of Tort Claims.	

Indicator Points – Factors tracked in EIS that are given a numerical value to allow for scoring.

Non-Reportable Use of Force

A non-reportable Use of Force occurs when a member utilizes a physical control on a subject to effect an arrest and the subject is not injured, does not complain of injury in the presence of officers, or does not complain of pain that persists beyond the use of a physical control hold. Other examples of non-reportable uses of force are: drawing of a firearm without intentionally pointing it at a subject; deployment of an ERIW without discharging a projectile; drawing your baton or OC without using them.

Reportable Use of Force

Type of Force	Description
Pointing of Firearms	When a member intentionally points a firearm at a subject. This includes handguns, shotguns, and/or rifles. (This does not include pointing of a ERIW or other less lethal option.)
Physical Control/Take Down	Physical controls, such as control holds or takedowns are designed to gain compliance of and/or control over uncooperative or resistive subjects. A takedown occurs when an officer moves a subject from an upright position to the ground by applying some amount of force. The force becomes reportable if subject is visibly injured or a complaint of pain persists beyond the use of the physical control made to officers.
Strike by Object/Fist	When an officer uses a body part, including but not limited to hand, foot, knee, elbow, shoulder, hip, arm, leg or head by means of high velocity kinetic energy transfer (impact) to gain control of a subject. This is a reportable use of force regardless of injury or complaint of pain by the subject.
Impact Weapon	Department issued and authorized impact weapons include the 26-inch straight wooden baton, the 36-inch straight wooden baton, the wooden or polymer Yawara stick, and the 21-inch and 29-inch telescopic metal baton. An impact weapon use of force occurs when an officer strikes a subject with that impact weapon.
OC	A chemical agent made of Oleoresin Capsicum designed to cause irritation to a subject's eyes and skin and temporarily incapacitate a subject. Any subject exposed to OC shall be medically assessed by emergency medical personnel. This is a reportable use of force regardless of injury or complaint of pain by the subject.
ERIW (Extended Range Impact Weapon)	Discharge of an Extended Range Impact Weapon (ERIW), such as a beanbag shotgun, at a subject. ERIW shotguns fire a bean bag or other less-lethal projectile designed to temporarily incapacitate a subject and gain compliance. This is a reportable use of force regardless of injury or complaint of pain by the subject.
Spike Strips	Spike strips are tire deflation devices laid in the path of a moving motor vehicle to disable the vehicle's tires. If the suspect vehicle makes contact with spike strip, this is a reportable use of force regardless of injury or complaint of pain by the subject(s).

Use of Force (Previous 4 Quarters)

Q1 - 3 2020	669	1068	818	1281
w/o POF	364	570	425	655

In 2016, Pointing of a Firearm (POF) became a reportable Use of Force. This created a substantial increase in the total number of reportable Use of Force incidents. The chart and graph illustrate that non-firearm Use of Force incidents have remained constant over time. Incidents involving pointing of a firearm have steadily decreased.

Effects of Classifying Pointing of Firearm (POF) as a Reportable UOF
