Bayview Station has recently rolled out a new way to partner with the community to help better formulate crime prevention strategies and assist in the investigation of criminal activity. If you have a surveillance camera outside your business or residence, please consider registering it with Bayview Station below.

Surveillance footage is vital in criminal investigations and can provide additional information and insight into an event. Voluntary registration of private exterior cameras allows us to consult the registration database in the event of a crime in order to ascertain the possibility that the incident may have been recorded.
