Dear Mayor Lurie, Supervisor Mandelman, Commissioner Clay, and Director Tugbenyoh:

Subject: Third Quarter 2026 Report per Chapter 96A, Law Enforcement Reporting Requirements – Stop Data, Use of Force, Crime Victim, and Domestic Violence

As required by Administrative Code Chapter 96A, the San Francisco Police Department (SFPD) is submitting the attached Quarterly Activity and Data Report (QADR).

SFPD is transitioning its Quarterly Activity and Data Report (QADR) into a series of online dashboards. As these dashboards rolled out in phases—covering Stops, Arrests, Victim Demographics, and Use of Force—they replaced a large section of the 'paper' QADR with explorable data. These dashboards are updated quarterly, in tandem with data prepared for submission to the California Department of Justice.

The Stop and Arrest Dashboards are located here: (SFPD Stop Data Dashboards | San Francisco Police Department), while the Victim & Suspect Dashboards are here: (SFPD 96A.5 Victim and Suspect Demographic Dashboards | San Francisco Police Department), and the Use of Force Dashboards are here: (SFPD Use of Force Dashboard | San Francisco Police Department).

Beginning with the Q1 2025 report, the Department incorporated three additional benchmark measures alongside the Census Population benchmark: the Risk Adjusted Disparity (RAD) Index, the Suspect Adjusted Disparity (SAD) Index, and the Not-at-Fault Crash Traffic Analytic Layout (TAL) Index. Each utilizes a distinct methodology to provide enhanced context and more comprehensive benchmarking of departmental interactions.

We appreciate the partnership of the Mayor and Board of Supervisors in promoting the transparency of the SFPD to the communities we have sworn to protect.

If you have any further questions, please do not hesitate to contact me or my staff, Government Affairs Manager Carl Nicita at carl.nicita@sfgov.org. These documents are also available online at www.sanfranciscopolice.org.

Sincerely,

DERRICK J. LEW
