Captain Jack Hart's message **March 2018**

The month of March is Women's History Month, making it no better time (other than every day) to celebrate the myriad of ways that women have overcome, persevered, excelled, mattered, and greatly contributed in service professions,

especially in uniform. History has shown that almost all doubted women's capacity and capability to serve the world in this way, yet women have consistently risen to the challenge and proven the doubters wrong. Almost 400 women served in uniform during the Civil War, even with having the additional challenge of needing to

conceal their identities to do so. In policing today, from Doral, Florida (below left) to right here in the SFPD (above right) and everywhere in between, our Departments are better and our communities are safer because of their courage and selflessness.

Featured Officer of the Month Ofc. Marie-France Conceicao

Ofc. Marie-France Conceicao, an 11-year veteran of the SFPD, a 7-year veteran at Ingleside Station, and a 5-year veteran as a School Resource Officer, is always inspiring and connecting with the youth of our Ingleside community. Whether it's being present during day-to-day activities across the 47 Ingleside District schools, cheering-on athletes during after-school sports activities, connecting with others through the 4 languages she speaks, or reading Dr. Seuss during the NEA's Read Across America day (above), France's dedication, engagement, and positive attitude are second-to-none. During a recent call, France spent 40 minutes helping a 16-year-old through an anxiety attack and went above and beyond by organizing a holistic response with school, family, and counselors, promising to check in with her each day. The student did a complete turnaround and is now back on track at school and at home. France is currently planning an April event at Ingleside Station where the district's 47 principals will enhance their interdependence, interconnectedness, and collaboration with SFPD on safety awareness, security planning, and emergency messaging. She is the embodiment of San Francisco's finest and is March's Ingleside Station Officer of the Month.

Featured Citizen of the Month

Michael Nolan & the Elsie Street Neighbors

The Elsie Street Neighbors are not only famous for their annual block party and extravaganza on the 200-block of Elsie, but now they are highly decorated as well!

On January 26th, 2018, the Elsie Street Neighbors were awarded “Extraordinary Neighborhood Block Party” by the City’s Neighborhood Empowerment Network. **Michael Nolan** accepted the award on behalf of his Neighbors in the rotunda of San Francisco City Hall, wearing a suit and tie and fully accessorized with his “Elsie Street Neighbors” multi-colored baseball cap.

The 12th-annual block party is upcoming on September 22nd, 2018.

Throwing a “Neighborfest” is the first-step towards building and maintaining a resilient neighborhood. For more information on how you can follow Elsie Street’s lead, go to empowersf.org.

Definition of Community Policing

Community policing, or community-oriented policing, is a strategy of policing that focuses on police building ties and working closely with members of the communities.

- Homeless Outreach and Outreach to Drug Users: Ingleside Station officers coordinate with city agencies to provide outreach and assistance to rehabilitate those who are dependent on illegal drugs and outreach to homeless individuals to connect them with resources and support.
- Foot Patrols: Ingleside Station has foot beat officers assigned to the Geneva and Cortland corridors.
- Monthly Police Community Relations Meetings: Community Meetings are held continuously. Station personnel also attend meetings with merchants groups, business groups, development authorities and others. Concerns are voiced and addressed through problem solving.
- Email Updates: Ingleside Station sends out newsletter updates to residents in the District that alerts residents of crime trends, upcoming community events, crime prevention tips, and information on how to contact officers at the District Station.

Definition of Suspicious Activity

Suspicious activity is any observed behavior that could indicate a crime-related incident has been committed, or about to be committed. Unusual items or situations: A vehicle is parked in an odd location, a package/luggage is unattended, a window/door is open that is usually closed, or other out-of-the-ordinary situations occur.

The following are some examples of Suspicious Activity that are “In progress” crimes, which demand an immediate call to 9-1-1:

- ◆ An individual peering into vehicles, to try, and locate any valuables left unattended.
- ◆ An individual trying door handles to vehicles, and/or residences to gain access to the vehicle and/ or residence.
- ◆ An individual checking front doors of residences to locate any unattended packages, or

See something.
Say something.

The victim said, "Nope", and took off running southbound on Noe Street with the suspects following in the car. At one point the suspects tried to box in the victim but he managed to escape into his home where he called police. Report number: 180180473

(Captains Note: While it's a relief to know that the victim wasn't hurt during this crime it's important to note that saying "Nope" to an armed robber is not a good idea and usually results in serious injuries or death. It's better to give up your valuables, which can be replaced whereas your life cannot.)

Arrests:

3:20am Silver & Mission

Narcotics

We've written many times before how thieves try to skirt identification, traffic violations, and tolls by placing paper plates on their vehicles. Paper plates are legitimate for vehicles that have just been sold but the new owner must place a DMV form in the front right portion of the windshield identifying the owner and showing the VIN number. On this date, Ingleside Officers Cagney and Mroz spotted a brand new Toyota Camry traveling west on Silver near Mission without the required DMV forms, but with paper plates. The officers stopped the driver and two passengers in a nearby gas station. Inside they found an open bottle of liquor, several baggies of methamphetamine destined for sale, and cash bundled in various amounts. All three occupants had prior arrests for narcotics, illegal possession of firearms, kidnapping, domestic violence, and other felonies. All three were transported to Ingleside Station and booked for possession of narcotics for sale. Report number: 180175496

3:04pm 500 Blk. Madrid

Loitering

Ingleside Officers Naser and Fazli responded to a report of a man harassing children at a playground. The suspect has been arrested before for the same crime. The officers talked to Monroe Elementary School and Park and Recreation personnel who complained to the officers about the suspect who followed them and harassed children and the public near the Excelsior Playground. The witnesses signed a citizen's arrest form and the suspect was brought to Ingleside Station and charged with loitering near a playground. Report number: 180176977

Traffic Safety Enforcement Operations Plan for San Francisco with OTS Grant

The San Francisco Police Department will conduct Traffic Safety Enforcement Operations on March 14th, 22nd and 28th with a focus on bicycle and pedestrian safety. Over the past three years, the department has identified areas where significant numbers of pedestrian and bicycle-related collisions have occurred and responded by deploying additional officers to those areas in an effort to prevent deaths and injuries. Special attention will be given to Focus on the Five violations: speeding, making illegal turns, failing to stop for stop signs and red lights, failing to yield to pedestrians in cross walks, as well as any other dangerous violation.

San Francisco is committed to eliminating traffic deaths on our streets as part of Vision Zero SF. Vision Zero SF is our city's commitment to prioritize safe streets for everyone.

Bicycle and pedestrian fatalities are rising in California as more people use these non-motorized means of transportation. In 2016, California witnessed 867 pedestrians and 147 bicyclists killed, accounting for more than 28 percent of all traffic fatalities.

All riders are reminded to always wear a helmet – those under 18 years of age must wear helmets by law. Pedestrians should cross the street only in marked or unmarked crosswalks at corners. All motorists are reminded to be mindful of others who share the road.

Funding for this program is provided by a grant from the California Office of Traffic Safety through the National Highway Traffic Safety Administration.

San Francisco Police Department Releases 2017 Year-End Crime Statistics

Data shows decrease in homicides, shooting incidents, burglaries and auto thefts

The San Francisco Police Department today released its 2017 crime data as reported to the FBI through the Uniform Crime Reporting (UCR) program. The data indicates that while Part I crimes increased 11.8 percent in 2017,

- Homicides decreased 3.4 percent
- Homicides by firearms decreased 5 percent
- Non-fatal shooting incidents decreased 15.8 percent
- Human trafficking decreased 32.6 percent
- Assaults against SFPD police officers decreased 4 percent compared to 2016

Through enforcement efforts, the SFPD seized 1,023 firearms in 2017 and collected 275 guns during buyback events, a 29.7 percent increase over 2016.

“Reducing violent crime is and will always be our top priority,” said Police Chief William Scott. “We’re working closely with community members and our City partners to reduce gun related violence. Protecting lives and providing safety for the public- particularly our youth- is key to ensuring a vibrant future for everyone.”

UCR data shows San Francisco and neighboring Bay Area cities experienced a rise in property crimes during the first six months of 2017. San Francisco saw a 24 percent increase in thefts from vehicles last year.

To address these types of crimes, SFPD in 2017 doubled its citywide uniformed foot patrols to deter street crime and focus on neighborhood quality of life issues. Last November, the department created a General Crimes Unit to address serial residential and commercial burglaries, auto break-ins, bicycle thefts and other neighborhood property crimes. In January, 2018, SFPD command staff assigned district

station officers to work directly with community members on crime trends, education and prevention strategies.

Last year, San Francisco police officers booked or cited 790 people for thefts from vehicles. The 2017-2018 data shows a downward trend in auto burglaries, auto thefts and burglaries:

- Auto burglaries decreased 11 percent citywide between November 1, 2017 and December 31, 2017
- Auto burglaries decreased 5 percent citywide between December 1, 2017 and January 31, 2018
- Auto thefts decreased 11 percent in 2017
- Burglaries decreased .8 percent in 2017

"We take these crimes seriously and are allocating our resources toward deterrence and investigations," said Chief Scott. "By collaborating with community members, San Francisco businesses and law enforcement partner agencies, we can address crime through education, prevention and the effective investigation and prosecution of criminals."

The UCR program counts crimes when they become known to the police. A series of 13 reports are submitted to the California Department of Justice each month; CA DOJ in turn reports this data to the FBI. Crime incidents, values of stolen and recovered property values, homicide information, crimes against seniors, hate crimes and domestic violence incidents are some of the summary reports submitted each month to CA DOJ. The submittal deadline is the 10th of the month following the close of the month.

The UCR program is considered a "snapshot of crime" reported in one month. Crime is counted based upon a hierarchical rule following FBI definitions and guidelines, so that

all jurisdictions participating in the UCR program follow the same rules. Figures are only updated twice annually.

The San Francisco Police Department also produces a monthly CompStat profile, which often includes additional crimes which have been reported after the UCR submittal deadline. CompStat focuses on crimes which have occurred during the month, an important distinction from the UCR standard. These profiles provide a more up-to-date picture of crime in San Francisco, and are used to better evaluate crime fighting strategies and deployment efforts. CompStat reports are posted on our website at sanfranciscopolice.org/compstatreports.

The 2017 UCR year-end crime statistics accompany this news release and are also available on the CompStat webpage. For more information about the UCR program, please visit ucr.fbi.gov/word.

Robbery – Officer Involved Shooting Investigation (Update – Names and Booking Charges of Suspects)

On March 6, 2018 at approximately 10:36 PM, uniformed San Francisco Police Department officers in a marked police car were flagged down at 20th and Capp Streets by two victims of an armed robbery. The victims provided the officers with a suspect vehicle description. Shortly thereafter, officers located the suspect vehicle, a black Honda Civic, on Capp Street between 21st and 22nd Streets and ordered the suspects out of the car. The driver complied and was detained.

The officers noticed that the vehicle's trunk was ajar and saw a second suspect in the trunk. While attempting to detain the second suspect, an officer involved shooting occurred. The officers ordered a third suspect from the vehicle and detained her. Officers removed the suspect from the trunk, administered medical aid and summoned an ambulance. Unfortunately, despite lifesaving efforts, the suspect was declared deceased on the scene.

Investigators determined that probable cause existed to arrest the two other suspects in the car for the robbery that occurred near 20th Street and Capp Street. Victor Navarro-Flores, age 19 and Christina Juarez, age 18, both of San Francisco, were booked into San Francisco County Jail on March 7th. They were each charged with two counts of robbery and one count of conspiracy. Due to pending identification matters, their booking photos will not be released at this time.

This is an active and ongoing investigation in the early stages. Several separate investigations are being conducted by the SFPD Homicide Detail, the San Francisco District Attorneys' Office Independent Investigation Bureau, the San Francisco Department of Police Accountability, the SFPD Internal Affairs Division and the Office of the Chief Medical Examiner.

Believing that the same suspect was responsible for a series of brazen armed robberies involving a shotgun, the SFPD Investigations Bureau worked diligently to identify the suspect. Through the course of that investigation, the Department's Robbery Detail identified the suspect, Michael Sweets, a 47 year-old resident of Oakley.

On February 27, 2018 at approximately 2:20 PM, SFPD Investigators located Sweets in Fairfield. Sweets was in a gold colored sedan that stopped at a store on the 700 block of 5th Street. San Francisco Police seized the opportunity to arrest Sweets when he exited the sedan. Officers took Sweets into custody without incident. He was later transported to San Francisco and booked into the County Jail on multiple counts of robbery, multiple counts of being a felon in possession of a firearm, kidnapping and a parole violation. His booking photo accompanies this news release. The gold sedan was towed and other evidence was seized as part of the investigation.
