SAN FRANCISCO POLICE NARCAN TRAINING FOR PARK DISTRICT

Since 2015, the San Francisco Police Department (SFPD) partnered with the Harm Reduction Coalition's Drug Overdose and Education (DOPE) project, as well San Francisco's Department of Public Health. The collaboration has resulted in SFPD patrol vehicles and Foot Beat officers being equipped with lifesaving Naloxone (Narcan) medication.

Naloxone, sold under the brand name, "Narcan", is a medication, which acts to temporarily block the effects of opioids.

SFPD officers have been trained on how to recognize the life threatening overdose symptoms from opioid based drugs, such as heroin and various prescription painkillers. Concurrently, officers have been trained on the rapid deployment and administration of the intranasal Narcan medication as part of their structured emergency, and potentially lifesaving, overdose response protocol.

With the growing illegal use of opiate based prescription medications, such as Fentanyl, (which can be 30-50 times more potent than heroin and 50-100 times more potent than morphine), and Carfentanyl (approximately 100 times more potent than fentanyl), there is not only concern for the users, but also the possible exposure to a civilian or officer when they are in contact with a user. Park Station is pleased that its officers, in addition to their duties of stopping the spread of these dangerous narcotics, are now equipped to save the lives that narcotics so often destroy.

SFPD and Park Station would like to thank The San Francisco Department of Public Health for going above and beyond in training and equipping (14) fourteen Park Station Foot Beat officers with this life-saving medication.

A special thanks to Eileen Loughran of SFDPH Health Program Coordinator/ Community Liaison, Gloria Lee Wilder of SFDPH BHS Director of Pharmacy, and Jeanett Caxano of SFDPH Clinical Pharmacist.

CITIZENS TO THE RESCUE! – OF RUNAWAY DOG!

On May 7th, 2018, Animal Care and Control was notified regarding a “little white dog” that was running in and out of traffic along the busy vehicular thoroughfares along the Panhandle, Stanyan Street, and Kezar Drive. For over 90 minutes, this tiny, terrified dog was running frantically on bustling city streets, somehow avoiding calamitous injury and evading capture.

“Little Kezar” ...the Runaway Pup

Lucky for this frightened creature, a very smart young woman named Connie who is an intern at Recreation and Park Department saw the little dog running in front of a bus on Kezar Drive. As soon as the dog made it out of the street, **Connie** tried to lure it to a grassy area. Nearby, another young woman named **Paige**, who is a Psychology student from UCSF, was seated on the lawn and saw the little dog with no collar and she immediately joined Connie to help catch the dog, who was cowering behind a bench, shivering, and terrified.

A nearby Park Station Officer saw the women chasing the dog and intervened to assist in their efforts to help corral the dog who was clearly in great distress. Connie lured the dog out of hiding by sharing her own lunch, and the ravenous pup eagerly consumed every morsel while Paige stood by attempting to build trust with the petrified creature. They obtained some twine and together were able to slowly coax the tiny fugitive into a makeshift lasso....

CITIZENS TO THE RESCUE – OF RUNAWAY DOG! (CONT.)

This poor dog was extremely malnourished, with protruding ribcage, and his coat was covered in dirt. Once he was at ease, he was absolutely the sweetest creature and lapped up affection and cuddles.

Park Station is grateful to **Connie and Paige** for their thoughtful commitment to saving this little dog, who could have easily been harmed or killed in the onslaught of oncoming traffic. We deeply appreciate their compassion, kindness, and ingenuity —as it represents the best qualities of people in our community, who are looking out to help those in distress...across all species. Currently this 5 year old male Terrier is receiving care from Animal Care and Control located in San Francisco (415) 554-6364.

Connie and Paige...with the dog they saved from peril...

CAPTAIN BAILEY'S TIP OF THE WEEK TO PREVENT OR SOLVE CRIME

I want to take this time to remind everyone to record the serial numbers of all your valuables i.e. bikes, tools etc. You can do this by simply taking a photo of the item and then zoom in to take a photo of the serial number. Most people have smart phones and you can easily use your phone camera to achieve this. This is really great information for you to have in the event you are a victim of a theft. We can post the photos on flyers and record the serial numbers of your possessions so that in the event we make an arrest of an individual with stolen items your items will be easily recognizable. Officers can also identify them easily if they are being sold at any location. Bottom line having this information increases your chances of being reunited with your stolen items. It also increases the chances of these thieves being held accountable for their crimes.

Please take the time, and review the SF SAFE form on the next page (page 3) for helpful residential safety tips.

Please everyone take good care and be safe.

Captain Una Bailey

LOCATION OF SERIAL NUMBER ON AFFECTED BICYCLES

Whether you live in a single family home, condo, or a large apartment complex in San Francisco, there are a number of ways you can keep your residence safe and secure. Working together as a community with your neighbors and building management can significantly improve your residential safety.

7 Residential Safety Tips

- 1 **Garage:** When entering or leaving the garage, watch to ensure door shuts completely. Lock stored bikes to a sturdy rack.
- 2 **Car:** Always lock your vehicle when parked in your garage and remove all valuables. Never leave garage door opener in your vehicle when parked outside your home.
- 3 **Spare Key:** Never hide spare keys. If you need to have a spare key available, leave it with a trusted neighbor.

- 4 **Door Buzzer:** When a visitor rings your bell, confirm who it is by intercom before you grant them access. Similarly, never let strangers follow you through the front door.
- 5 **Security Cameras & Alarm Systems:** Cost effective tools for preventing crime and identifying criminals.
- 6 **Light Timers:** Installing timers on the exterior of your residence is an effective and energy efficient way to deter criminal activity.
- 7 **Doors/Windows:** Always keep doors and windows locked.

Door and Window Safety

Doors:

- Should be made of solid wood or metal
- Have a single cylinder deadbolt lock and a 1-inch bolt
- Have a front door viewer or peep hole with a 180-degree range
- Clearly display unit number

Windows:

- Replace if glass is cracked and replace all damaged or missing locks
- Ground level windows should be burglary resistant: consider purchasing windows with reinforcement wire, laminate, or tempered glass
- Polycarbonate plastic or metal grates can be installed over existing ground level windows
- Windows above ground level are not considered secure: if used for ventilation, lock in position and keep open no more than 3 inches

Keep property in good repair. Maintain visibility to your neighbors for increased safety.

SAFETY TIP FROM S.F. SAFE

Safety tip for your home:

Help first responders by making sure your address numbers are mounted on a high-contrast background, and that they're illuminated when it's dark.

HELPFUL TIPS**DON'T BE CAUGHT EMPTY-HANDED!!!!**

1. When placing an online or phone order, **request signed confirmation upon delivery**
2. Deliver packages to your office if at all possible; if not, deliver to a neighbor who will be home to sign for your package
3. If ordering from Amazon, use a self-service Amazon locker located throughout San Francisco; they will send you a notification email when the package is received. Go to Amazon.com and search for "Amazon Locker"
4. For U.S. Postal Service deliveries, you can authorize USPS to have certain deliveries left in a garage, with your neighbor, etc.; first you will need to create an account at USPS.com. Also check out "UPS My Choice" where you can log on to UPS.com and track your package to reroute, reschedule, or authorize a shipment release for your delivery. Get a PO box for deliveries for extra security
5. Shipping via UPS? Go online to UPS.com and search for "UPS Access Point"; neighborhood stores that will hold your packages for you
6. There are several apps available in San Francisco that allow you to ship to a package destination, and then will schedule the delivery to your home once you are available
7. Set up a delivery alert by email or text as to when your package has been delivered
8. Pay for insurance to cover the cost of the item shipped if lost, damaged or stolen
9. **Never let a package sit unattended on your doorstep**; package theft is very high in San Francisco.

WHO AND WHEN TO CALL?

3-1-1: Please contact 3-1-1 when the issue is a not an emergency, yet requires City services or, if you simply have questions regarding City services. Non-emergency situations include the following examples: damage to public property, public trees that requires pruning, defective streets or sidewalks, homeless-related issues. 3-1-1 was developed to help the community inform the appropriate City agency regarding a service request.

Non- Emergency San Francisco Dispatch Line: Please call the non- emergency dispatch line **(415-553-0123)** when the scenario does not need immediate response from the San Francisco Police Department. For example, if there is a loud party, a group of loud juveniles loitering in front of your residence, noise complaints, doubled parked vehicles, suspicious activities, or a homeless/nuisance related issue. **The non-emergency line is for situations that require the police, but do not require an immediate police response.**

9-1-1, please call 9-1-1 immediately if there is a police, fire, medical, or any other emergency. The purpose of San Francisco's 9-1-1 Emergency Telephone System is to provide the community an immediate response of police, fire, or medical personnel for emergency occurrences. To accomplish this, it is imperative that the calls received on the 9-1-1 line be restricted to those situations that require immediate dispatching of police, paramedic, or fire department personnel. For example, crimes or fires that are in-progress, or medical emergencies.

The San Francisco Police Department district station telephone numbers and emails are not monitored. Questions will be answered in the order we receive them. Station emails are not for making police reports nor for reporting a crime. If you need to make a police report, you can call 415-553-0123 or go to your district police station. **If you have an emergency, please call 9-1-1.**

(ALERT)

Are you someone who is interested in disaster preparedness and wants to help out your community while working hand in hand with Law Enforcement? If so, then the ALERT program is for you!

What is the ALERT Program?

The San Francisco Police Department Auxiliary Law Enforcement Response Team (ALERT) is a volunteer citizen disaster preparedness program. The ALERT program trains members of the public to assist Law Enforcement in essential tasks after a major disaster, and in other identified non-disaster activities. Such tasks may include: traffic control, foot patrols of business and residential areas, reporting criminal activity etc. Volunteers must be at least 16 years of age and must live, work, or attend school in San Francisco.

The ALERT program is modeled after, and works in partnership with, the San Francisco Fire Department Neighborhood Emergency Response Team (NERT) program.

Pathways to ALERT membership:

1. Complete NERT training and receive certification. To register for NERT training courses, please visit www.sfgov.org/sfnert. Once NERT Certified, forward a copy of your NERT ID card to the ALERT program at sfpdalert@sfgov.org. After clearing our background check, you are eligible for ALERT training.
2. If you are an SFPD Community Police Academy graduate, you are eligible for ALERT training after clearing our background check.

PARK STATION'S VISION & VALUES

Captain Una Bailey

I absolutely love police work and I love all that we as SFPD can do to help victims, solve and prevent crimes, and am a firm believer in the power of the community. We, as a department, are only as successful as our partnerships with the community. I learned very early in my career how important community involvement is both in solving and preventing crimes and also in the creation of safe desirable neighborhoods. I look forward to building and maintaining community involvement and relationships over the coming years. I know that when we work together, we will create a district that will be safe and sound for all.
