Hello all,

I thought I would take this time to bring everyone's attention to the importance of Neighborhood Community groups. They really play a vital role in creating community spirit and keeping their neighborhoods safe. These groups typically meet once per month and keep their community informed as to what is happening in their neighborhood and community.

The groups work with the many city agencies to help solve issues in their neighborhood. They work with members of Park Station to help address crime problems in the neighborhood. Many times they see a situation that they believe may develop into a problem and resolve it before it does. They really serve as the finger on the pulse of the neighborhood or the boots on the ground.

These groups allow community members to organize and have a voice in local government. They also work with one of my favorite city agencies SAFE (safety Awareness for Everyone) and form community watch groups who serve to educate community members on strategies and plans to keep individuals and their community member's safe.

I cannot tell you how much, as Captain of this district, I appreciate their work and their involvement in the neighborhood. It helps me and all my officers here at Park Station to address the issues within the district. I have attended many of these monthly meetings and have been so impressed with the dedication of these groups and their members.

In addition to all these groups do each group sends a representative to a monthly meeting at Park Station. This gathering of community group representatives is called the Community Police Advisory Board (CPAB). This group of people come together each month and share their concerns for their neighborhoods and most importantly come up with plans to address these issues and concerns. I am so appreciative of their dedication and time each month.

Every year Park CPAB and members of Park Station organize an event called National Night Out (NNO). The idea of this event is to bridge the gap between community and Law Enforcement. This year the event has been sponsored in part by both Sutro Tower Inc and SAFE. The event will happen on Tuesday night August 7th 5-8pm at Duboce Park & Harvey Milk Center, 50 Scott Street. This year the event promises to be a great event with lots of entertainment and food. Please mark your calendar and come join us in celebrating community spirit and the collaboration and partnership between the community and the police department. Please pay particular attention to the following pages of the newsletter which will give you specific information regarding the NNO event. We hope to see you all there enjoying the fun activities and food.

If you want information regarding community groups in your neighborhood please email our station email at sfpdparkstation@sfgov.org and we will provide that information to you.

Take good care, Captain Una Bailey

COFFEE WITH A COP

On Wednesday, 7/25/18, at approximately 9:30am to 10:30am, SFPD’s Park Station held the “Coffee with a Cop” event at Cantata Coffee Company, located at 1708 Haight Street, where officers, and the Haight Street community members conversed over their selected beverage of choice. This “Coffee with a Cop” went well, and had approximately 10 members of the community attend, and engage in conversations regarding quality of life issues, and concerns pertaining to the neighborhood. In attendance from Park Station was Sergeant Meyer, Officer Wu, Officer Deignan, Officer Eng, Officer Zuckerman, and Officer Heppenstall.

Officers fielded questions about law enforcement issues and quality of life concerns pertaining to the neighborhood. Park Station appreciates the members of the community, who participated, and engaged in several substantive conversations about the Park District.

Special thanks to the owner, , of Cantata Coffee Company for being so accommodating, and allowing Park Station to have our “Coffee with a Cop” at the Cantata Coffee establishment. Thank you to all who participated with this “Coffee with a Cop” event!!!

OFFICERS OF THE MONTH OF JULY 2018

Officer Keith Lipp is in the above photo.

Park Station's Officer of the Month of July is Officer Keith Lipp #702!! Officer Lipp has been assigned to Park Station for 11 months as a Probationary Officer. Officer Lipp is assigned as the Duboce Triangle Foot Beat, where he checks the Triangle's hot spots, which include Duboce Park, the Church and Duboce street corridors, and Belcher Street. Officer Lipp pays special attention to Duboce Park, where there has been issues with transients and narcotics.

Prior to arriving at Park Station, Officer Lipp completed his Field Training Officer Program at Mission Station. Before being hired by SFPD, Officer Lipp graduated in Political Science at UC Berkeley, and worked in the tech industry for a while, but ultimately decided on a career with SFPD two years ago since he "wanted to help people and make a difference." He likes the excitement of the job on patrol and appreciates the "team bonding" between partners and on the police force.

When Officer Lipp is not working patrol, you may find him volunteering as a SCUBA diver at the California Academy of Sciences or open water swimming in San Francisco Bay. While SCUBA diving, Officer Lipp has a special helmet that has a microphone, so he can instruct and explain underwater environment to the youth that visit the California Academy of Science, and the importance of being eco-friendly.

For the last 6 years, Shirley has worked as the custodian for Park Station. Shirley always greeted everyone with a smile, and a friendly hello. Everyone agrees that Shirley did an amazing job of cleaning and maintaining out station.

Shirley was an amazing addition to Park Station, and she will be missed by all.

Thank you Shirley!!!!

We hope Shirley has an amazing retirement... She definitely deserves it!!!

SATISFIED CUSTOMERS

Dear Officers at SFPD,

On behalf of 15 Russian pilgrims from Los Angeles, I'd like to express our warm gratitude to the officers of the Park Station Division: Captain Bailey, Peter Hamilton, Paul Weggenmann, Paul Davies and Stanislav Bratchikov (as well as several other officers whose names we didn't write down) who helped us recover the items stolen on July 29, 2018 from our van during our short visit to your city. We were astounded by the efficiency and operativeness of this division's crew and an ability to find the missing belongings virtually just one hour after the police report was filed.

May God bless your work and grant these officers many years of prosperity!

You are indeed "Oro en Paz"!

GREAT POLICE WORK

On Thursday, July 7, 2018, at approximately 9am, Sergeant Meyer and Sergeant Stechschulte were on patrol, and observed a van, which appeared as if a person was living inside the parked vehicle located at Oak Street and Lyon Street.

A computer query was performed on the van's license plate, which revealed that the vehicle was not currently registered, and the displayed 2018 registration sticker did not actually belong on the van's license plate. Sergeant Meyer determined that the owner of the van was attempting to avoid compliance with the vehicle registration requirements.

During their investigation of the vehicle, Sergeant Meyer and Sergeant Stechschulte observed there were no occupants, but a dog cowering inside the van. There was no visible water for the dog. One window was completely closed, and the other window was barely open (approximately 1/8"), which is not a sufficient opening to properly ventilate a vehicle.

Sergeant Meyer notified Officer Crockett of the Vicious and Dangerous Dog Unit, who responded out to the scene. Sergeant Meyer, Sergeant Stechschulte, and Officer Crockett attempted to gain access to the vehicle, but both front door handles were broken, and there was large metal shelf attached to the rear hitch of the van with a large trunk chained to it blocking entry to the rear door.

Due to the severe conditions of the van, and the dog owner not being present on scene, Sergeant Meyer and Sergeant Stechschulte were able to maneuver the large trunk to have enough clearance to access the rear door of the van. Once the rear door of the van was open, Sergeant Meyer and Sergeant Stechschulte were met with a wall that was stacked full of personal items, which include clothes, boxes, and other personal debris. Sergeant Meyer and Sergeant Stechschulte were able to make a small hole big enough for the dog to crawl through.

Once the dog was freed from the vehicle, Officer Crockett transported the dog to Animal Care and Control to receive medical treatment. Sergeant Meyer requested a tow for the vehicle, as the vehicle's registration was expired over six months.

CAPTAIN BAILEY'S TIP # 1 TO PREVENT OR SOLVE CRIME**Remember crime prevention begins with you:****Tip #1 to prevent or solve crimes:**

I want to review with everyone how you can best avoid being a victim of a burglary. Please ensure that you are taking basic security measures i.e. locking and securing all doors and windows. Be mindful of this security even when at home do not leave a window or door open that is easily accessible from the ground floor. Always remember to keep your garage doors closed and secured. Do not leave a hide-a key. Suspects are very in tune with where people leave spare keys. Do not leave your garage door opener in your car or at least keep it out of view. Please think about installing a security camera and motion activated lights. Of course a big deterrent of burglaries is having a dog but I know not all of us can be lucky enough to have our furry friends on guard each day and night. Finally please immediately call 911 if you think you see a crime in progress or a suspicious person in your neighborhood. District residents have been doing a great job of calling 911 when they see suspicious activity or what they believe to be a crime in progress. These calls have led to numerous arrests. Our officers responded quickly and are able to take suspects into custody.

Please take the time to review the SF SAFE form on the next page (page 18).

Your safety is paramount to us here at Park Station and with your help we can prevent many crimes and solve more.

CAPTAIN BAILEY'S TIP #2 TO PREVENT OR SOLVE CRIME**Remember crime prevention begins with you:**

I want to take this time to remind everyone to record the serial numbers of all your valuables i.e. bikes, tools etc. You can do this by simply taking a photo of the item and then zoom in to take a photo of the serial number. Most people have smart phones and you can easily use your phone camera to achieve this. This is really great information for you to have in the event you are a victim of a theft. We can post the photos on flyers and record the serial numbers of your possessions so that in the event we make an arrest of an individual with stolen items your items will be easily recognizable. Officers can also identify them easily if they are being sold at any location. Bottom line having this information increases your chances of being reunited with your stolen items. It also increases the chances of these thieves being held accountable for their crimes.

LOCATION OF SERIAL NUMBER ON AFFECTED BICYCLES

CAPTAIN BAILEY'S TIP #3 TO PREVENT OR SOLVE CRIME**Remember crime prevention begins with you:**

Reporting crimes is crucial in a number of ways:

- #1 It is important that incidents are documented at the time of the incident. This ensures that the victim's memory of the incident is fresh and thereby increases the chances of a more accurate and detailed report. (There are some exceptions to this i.e. when a person is a victim of a serious traumatizing experience their memory may be better later.)
- #2 It allows immediate follow up by the officers and immediate seizure of evidence that could be lost if there is a delay in reporting.
- #3 It allows immediate further follow up by our investigative team on any potential leads.
- #4 It formally records the event and even though there may not be any leads to follow at the time the incident was reported, it allows all officers in law enforcement access to the report which may be related to other incidents that have been reported or will be reported later. This is especially true of sexual assaults where some times it involves a repeat offender. If the victims do not report the crime nobody knows it happened and cases cannot be related. It allows the suspect to continue committing these crimes, victimizing others because victims have chosen not to report the crime to police.
- #5 Many times when cases are related and a suspect is taken into custody the District Attorney can add additional charges for the related cases. Of course this is contingent on additional evidence but a victim's ability to identify a suspect in a case can be enough to charge the case when there are additional cases.
- #6 In addition there are cases where an individual is tormenting a neighborhood with a variety of crimes but if community members are not willing to make a report when they see a crime committed and sign a citizen's arrest, these incidents go unreported and the criminal behavior continues. A citizen's arrest form needs to be signed when a victim or witness sees a misdemeanor crime being committed and the officer does not. If the victim/witness does not sign the citizen's arrest then the officer cannot arrest the individual for the crime committed.
- #7 Finally and most importantly if you do not report and document the crime it is as though the crime never happened. Whatever chance we the SFPD have of solving a crime that has been reported we have zero chance of solving a crime that has not been reported.

Please remember we can only succeed by working together and you the members of the community are the people who most help us succeed. Thank you for all your help and I look forward to our continued collaboration.

Whether you live in a single family home, condo, or a large apartment complex in San Francisco, there are a number of ways you can keep your residence safe and secure. Working together as a community with your neighbors and building management can significantly improve your residential safety.

7 Residential Safety Tips

- 1 **Garage:** When entering or leaving the garage, watch to ensure door shuts completely. Lock stored bikes to a sturdy rack.
- 2 **Car:** Always lock your vehicle when parked in your garage and remove all valuables. Never leave garage door opener in your vehicle when parked outside your home.
- 3 **Spare Key:** Never hide spare keys. If you need to have a spare key available, leave it with a trusted neighbor.

- 4 **Door Buzzer:** When a visitor rings your bell, confirm who it is by intercom before you grant them access. Similarly, never let strangers follow you through the front door.
- 5 **Security Cameras & Alarm Systems:** Cost effective tools for preventing crime and identifying criminals.
- 6 **Light Timers:** Installing timers on the exterior of your residence is an effective and energy efficient way to deter criminal activity.
- 7 **Doors/Windows:** Always keep doors and windows locked.

Door and Window Safety

Doors:

- Should be made of solid wood or metal
- Have a single cylinder deadbolt lock and a 1-inch bolt
- Have a front door viewer or peep hole with a 180-degree range
- Clearly display unit number

Windows:

- Replace if glass is cracked and replace all damaged or missing locks
- Ground level windows should be burglary resistant: consider purchasing windows with reinforcement wire, laminate, or tempered glass
- Polycarbonate plastic or metal grates can be installed over existing ground level windows
- Windows above ground level are not considered secure: if used for ventilation, lock in position and keep open no more than 3 inches

Keep property in good repair. Maintain visibility to your neighbors for increased safety.

WHO AND WHEN TO CALL?

3-1-1: Please contact 3-1-1 when the issue is a not an emergency, yet requires City services or, if you simply have questions regarding City services. Non-emergency situations include the following examples: damage to public property, public trees that requires pruning, defective streets or sidewalks, homeless-related issues. 3-1-1 was developed to help the community inform the appropriate City agency regarding a service request.

Non- Emergency San Francisco Dispatch Line: Please call the non- emergency dispatch line **(415-553-0123)** when the scenario does not need immediate response from the San Francisco Police Department. For example, if there is a loud party, a group of loud juveniles loitering in front of your residence, noise complaints, doubled parked vehicles, suspicious activities, or a homeless/nuisance related issue. **The non-emergency line is for situations that require the police, but do not require an immediate police response.**

9-1-1, please call 9-1-1 immediately if there is a police, fire, medical, or any other emergency. The purpose of San Francisco's 9-1-1 Emergency Telephone System is to provide the community an immediate response of police, fire, or medical personnel for emergency occurrences. To accomplish this, it is imperative that the calls received on the 9-1-1 line be restricted to those situations that require immediate dispatching of police, paramedic, or fire department personnel. For example, crimes or fires that are in-progress, or medical emergencies.

The San Francisco Police Department district station telephone numbers and emails are not monitored. Questions will be answered in the order we receive them. Station emails are not for making police reports nor for reporting a crime. If you need to make a police report, you can call 415-553-0123 or go to your district police station. **If you have an emergency, please call 9-1-1.**

PARK STATION'S VISION & VALUES

Captain Una Bailey

I absolutely love police work and I love all that we as SFPD can do to help victims, solve and prevent crimes, and I am a firm believer in the power of the community. We, as a department, are only as successful as our partnerships with the community. I learned very early in my career how important community involvement is both in solving and preventing crimes and also in the creation of safe desirable neighborhoods. I look forward to building and maintaining community involvement and relationships over the coming years. I know that when we work together, we will create a district that will be safe and sound for all.
