chief-police](http://sanfranciscopolice.org/chief-police)

Hello all,

Today I want to review again the importance of reporting crimes you witness or are a victim of. Reporting crimes is crucial in a number of ways.

#1 It is important that incidents are documented at the time of the incident. This ensures that the victim's memory of the incident is fresh and thereby increases the chances of a more accurate and detailed report. (There are some exceptions to this i.e. when a person is a victim of a serious traumatizing experience their memory may be better later.)

#2 It allows immediate follow up by the officers and immediate seizure of evidence that could be lost if there is a delay in reporting.

#3 It allows immediate further follow up by our investigative team on any potential leads.

#4 It formally records the event and even though there may not be any leads to follow at the time the incident was reported, it allows all officers in law enforcement access to the report which may be related to other incidents that have been reported or will be reported later. This is especially true of sexual assaults where there are times it involves a repeat offender. If the victims do not report the crime, law enforcement members do not know the crime happened, nor can we follow up on the case nor can we determine if it is related to other cases. It allows the suspect to continue committing crimes, victimizing others because victims have chosen not to report the crime to police.

#5 Many times when cases are related and a suspect is taken into custody the District Attorney can add additional charges for the related cases. Of course this is contingent on additional evidence but a victim's ability to identify a suspect in a case can be enough to charge the case when there are additional cases.

#6 In addition there are cases where an individual is tormenting a neighborhood with a variety of crimes but if community members are not willing to make a report when they see a crime committed and sign a citizen's arrest, there again incidents go unreported and the criminal behavior continues. A citizen's arrest form needs to be signed when a victim or witness sees a misdemeanor crime being committed and the crime has not been committed in the officer's presence. If the victim/witness does not sign the citizen's arrest then the officer cannot arrest the individual for the crime committed.

CAPTAIN'S MESSAGE CONTINUED

#7 A citizen signature is not necessary if the crime committed is a felony. The officer can immediately take the suspect into custody. This can happen at the scene when the victim calls 911 and officers respond.

#8 Most importantly if you do not report and document the crime it is as though the crime never happened. Whatever chance we, the SFPD have of solving a crime that has been reported, we have zero chance of solving a crime that has not been reported.

#9 Always call 911 when you see a crime in progress or anytime your or anyone's life is at risk or threatened.

Please remember we can only succeed by working together and you the members of the community are the people who most help us succeed. Thank you for all your help and I look forward to our continued collaboration.

On another but related note I want to remind all of you to activate you're "Find My iPhone" app as this enables us to track phones that have been stolen. We recently have seen an uptick in cell phones being taken from individuals and on two occasions were able to take suspects into custody by tracking the phones via "Find My iPhone". Remember to have your username and password on hand to allow us to track the phone. More importantly be careful when you are in public at night using your phone especially by yourself. Never put up a fight if you are being robbed of your possessions, hand over your possessions and try to memorize what the suspect looks like, the type of vehicle involved and the direction of travel. Never risk your safety to get this information. Possessions can always be replaced you cannot.

Also I cannot over-emphasize the benefits of community members installing surveillance cameras. The footage has been used to identify many suspects in many cases. Please take the time to review the flyer that Safety Awareness for Everyone Agency (SAFE) so kindly put together for your information.

Take good care,
Captain Una Bailey

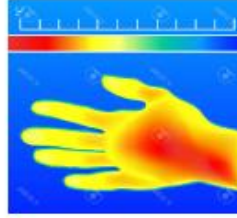

SAFE VIDEO SURVEILLANCE RECOMENDATIONS

SEPTEMBER 2018

HIGH RESOLUTION

If you connect your camera to a DVR or other device, it will also need to be HD Compatible.

INFRARED (IR)

Built-in IR cut-switch that automatically enables/disables the infrared depending on the light conditions.

IN THE KNOW

The camera's viewing angle determines how much space the camera will cover. Wider angled lenses help cut down the # of cameras required for overall coverage. Video Surveillance should be utilized at your property with at least one camera facing towards the address street and camera should be registered with the District Attorney's office

District Attorney's office

REGISTER YOUR CAMERA

SAFE and SFPD recommend the use of Closed Circuit Television System for Video Surveillance

CCTV relies on strategic placement of cameras, and observation of the camera's input captured on monitors.

DISCLAIMER

The information provided is intended to assist you in improving the overall level of security of your home or property. It is not intended to replace existing or proposed security measures.

SAFE and SFPD do not endorse any particular company and their cameras.

The cameras found on this document are the most commonly used for residential dwellings.

SAFE VIDEO SURVEILLANCE RECOMENDATIONS

FEATURES

- View and Record in wide-screen from remote viewing
- Pre-Installed 500GB Hard Drive (expandable) up to 3TB
- Longer recording times (up to 30 days) available with use of motion detection and/or resolution adjustments
 - IP 66 indoor/outdoor weatherproof cameras
 - 24 LEDs for night vision

Amcrest.com (CCTV)

Arlo Pro 2 (Arlo.com)

FEATURES

- Works with Alexa for voice control
- Flexible powering options use wire-free, plugged in
 - 7 Days of Cloud Recordings
 - 855 nm LEDs for night vision(25 ft)
- Arlo Smart adds powerful intelligence to your cameras. Customize alerts to detect people, specific zones, and contact first responders right from your smart phone's lock screen (optional service, includes 1-month trial)

Overview

Note: The following information is specific to commercial and retail establishments; however, can be applied to any location utilizing video surveillance.

Basic set up and maintenance problems can reduce the effectiveness of many systems.

- Resolution – is it good enough for facial recognition.
- Camera position – are they positioned for clear view of suspect.
- Lighting – is it adequate to capture clear images both day and night.
- Image detail – is the recorder set up for best image detail.
- Maintenance – are you maintaining your system properly so it can do its job when needed?

Set Up and Maintenance

- **Backlighting** – when sun is bright at doorway, images in front appear darker or even black. Use another light source inside to counteract back light.
- **Low Frame Rate** – saves on drive space and gives better image quality, but you may not get an image at all (now you see him; now you don't).
- **Obstructions** – displays and other objects blocking view **should be eliminated.**
- **Focus Problems** – must check system regularly to prevent.

Minimum camera resolution should be **480 horizontal lines.**

Good cameras have **faster lenses** (allows more lighting), larger maximum **aperture** opening (lets more light into the focal point of the camera) and controls image brightness (allows brighter images in dim lighting) – the more lighting, the more depth of field (greater depth of field; the more of the scene is in focus).

Focal Length – some cameras zoom in and out while others have a fixed focal length. The type of cameras used depends on what your needs are.

Transaction Areas – anything at a transaction point (cash register, toll booth, etc.), the subject's head should fill at least 15% of the total image in the frame, giving the detail you need.

Lines of Sight – lines of sight are always critical, make sure there are no obstructions.

Site Plan – the right site plan is crucial (retail store blueprint or **diagram**). Key camera spots are at transaction points (cash registers and entry/exit points) – the more cameras, the better.

You want good camera **overlap** (you want multiple chances to capture good images). Extra coverage is also needed for aisles, restrooms and other key points.

Camera Height – placement is very important, make sure it is as close to eye-level as possible. Otherwise, you might lose out to a baseball cap.

With a good site plan you can make sure you don't have any blind spots (you can toy around with camera positions, and do a test recording to see that you are getting what you want).

Interior Lighting – interior lighting can balance bright light from one direction (back lighting) by adding another light source from a different location (add a bank of lights).

Example: Artificial lighting (**inside store**) for cameras may be good in the morning, but by noon, the sun (through a doorway or window) can blow the entire frame out (add lighting to fill in for afternoon sunlight). Adding more light from a different direction balances lighting, giving better camera clarity (if sunlight is shining through large windows you can tent windows or add screens.

Exterior Lighting – if lights are on timers, you must adjust appropriate to seasonal changes (Fall/Winter: gets dark earlier. Spring/Summer: gets dark later).

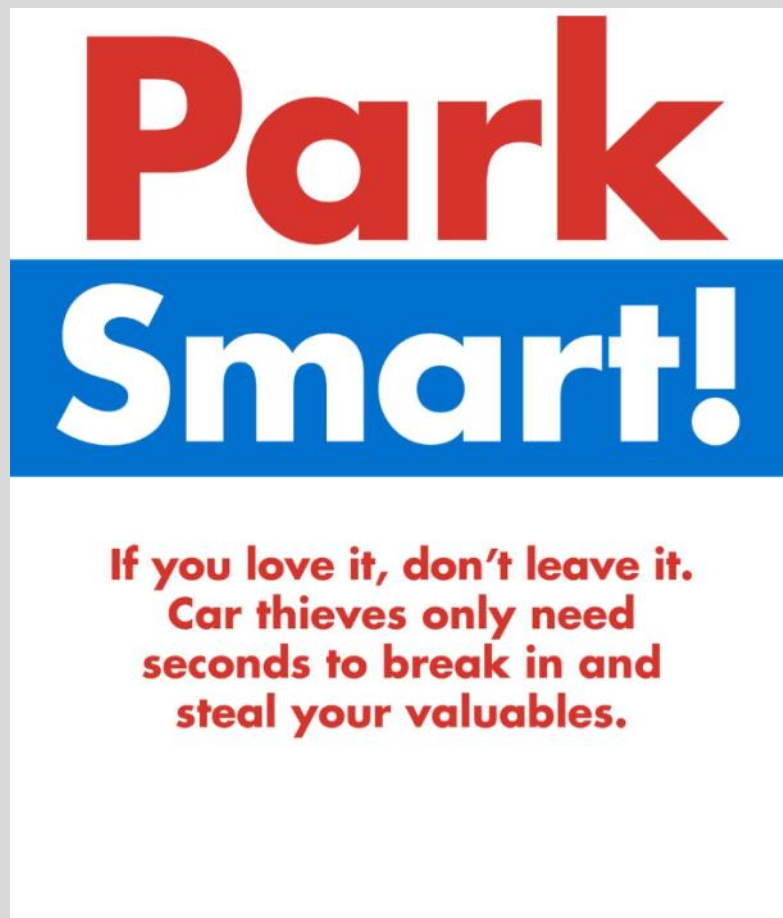

For more information please contact San Francisco SAFE, | Phone - (415) 553-1984 | Email - info@sfsafe.org

PARK SMART CAMPAIGN**If you love it, don't leave it...**

Park Smart is a public awareness campaign that has a catch phrase, "If You Love It, Don't Leave It," which is a friendly reminder not only to residence, but to visitors and tourist not to leave precious valuables unattended in vehicles. Park Smart provides citizens with important information to help prevent crimes before they occur.

The Park Smart Campaign is the result of private agencies partnering with City agencies, including the following: San Francisco Police Department (SFPD), San Francisco Municipal Transportation Agency (SFMTA), the Department of Emergency Management (DEM), the Office of Short Term Rentals, the Office of Economic and Workforce Development, 311, SF Travel and community benefit districts.

Park Police Station is doing our part to distribute the Park Smart materials in the hot spot areas of the Park District. On 8/22/18, Sergeant Meyer, Officer Wu, Officer Prillinger, and Officer Deignan, in addition to our Foot Beat Officers, walked Haight Street from Stanyan Street to Masonic Avenue, and continued to distribute the Park Smart pamphlets on Waller Street, in an effort to make all aware to Park Smart while parking their vehicles anywhere, especially in San Francisco, CA.

PARK SMART CAMPAIGN

WE NEED YOUR HELP!!!

San Francisco residents continue to be victims of vehicle break-ins. No matter how long you leave your vehicle unattended, please remove all valuable items.

**Park
Smart!**

**If you love it, don't leave it.
Car thieves only need
seconds to break in and
steal your valuables.**

CERTIFICATES OF RECOGNITION

On 8/29/2018, Captain Bailey presented Certificates to Park Station Officers for their outstanding police work in critical incidents. Officer Mike Chicas received a Life Saving Award for his quick thinking, and medical efforts in an incident on 12/15/16, Officer Chicas observed two male subjects in a physical altercation with a dog. During the altercation, one of the subjects was bitten by the dog twice, and severed the subject's femoral artery. Officer Chicas quickly applied a trauma tourniquet to the subject's leg in an attempt to control the bleeding. Officer Chicas also requested an ambulance. The medics stated Officer Chicas saved the subject's life because he applied the tourniquet to the subject's leg.

On 1/30/16, a citizen notified Park Station Officers that he recognized a male subject as a person he saw in the news that had escaped from the Orange County Jail with a white van. Officers followed the subject, and located the white van. Officers were able to apprehend the subject, and while searching the van located a second wanted subject out of Orange County, and took him into custody. Captain Bailey presented Police Commission Commendation Certificates to Sergeant Bernadette Robinson, Officer JoAnn Walker, Alaric Wu, and Officer Gary Cheng for their hard work, and dedication to duty in apprehending these two escapees from Orange County Prison.

On 7/6/16, Narcotic Plainclothes Officers were informed that a subject had possession of a firearm at Jones Street and McAllister Street. Narcotic Officers informed patrol officers at Tenderloin Station, who responded to the area of Jones Street and McAlister, and located an unknown male subject with his hands in his pockets. Officers could see what appeared to be the outline of a firearm concealed within his front right pants pocket. It was declared a critical incident when the subject would not surrender his weapon. Specialized units such as Hostage Negotiations Team, Tactical Unit and Specialist Team were requested to respond. After some tactical application, the Specialist Team was able to move in, and were able to take the subject into custody. Captain Bailey presented Police Commission Commendation Certificates to Officer Mike Chicas, who is a Specialist on the SFPD Specialist Team and Officer Gary Cheng, and Officer Therese Deignan for their response to assist with this critical incident.

Thank you to all the Officers for all your hard work and dedication to keeping San Francisco, especially the Park District safe.

Captain Bailey also presented Certificates of Recognition to acknowledge the hard work of two Park Station's Interns, Jenan Sarsour and Jungo Taniguchi. Thank you, Jenan and Jungo, for being such a positive addition to the Park Station family. We wish you both the best of luck!!!

CERTIFICATES OF RECOGNITION

**THE NEXT
COMMUNITY MEETING
IS ON
TUESDAY, 10/9/18.**

OFFICERS OF THE MONTH

Photo of Officer Brown will be uploaded on next weeks newsletter.

Park Station's Officer of the Month of September is Officer Howard Brown #1243!! Officer Brown is assigned to the midnight watch at Park Police Station, where he primarily addresses traffic enforcement issues.

Officer Brown has been with SFPD for 13 years, and has been at Park Station for 11 years. Officer Brown completed SFPD's Field Training Program at Ingleside Station, assigned to Taraval Station for his probation period, and transferred to Park Station for his permanent assignment.

Before being hired by SFPD, Officer Brown worked for General Services Administration (GSA) Department in Alameda County. In 2000, Officer Brown attended Sierra Academy of Aeronautics, where he received an airframe and power plant license and certificate.

While off duty, Officer Brown enjoys building classic cars, and his most recent build was a 1970 Z28 Camaro.

Congratulations again to Officer Brown for a job well done!!

CITIZENS OF THE MONTH**Captain Bailey & Iain Finlay**

Captain Bailey and Park Station wanted to acknowledge the heroic actions of a fast-acting civilian, who helped apprehend a suspect, who was attempting to steal a vehicle. Captain Bailey proudly announces a courageous citizen, Iain Finlay, as “Citizens of the Month” for September 2018. Congratulations to Iain Finlay!!!

On 3/8/2009 at approximately 6pm, Iain Finlay was in front of his residence on the 100 block of Lyon Street when he observed his vehicle drive westbound on Page St passing Lyon St with unknown driver. Last time Iain saw his vehicle, he parked his vehicle inside his garage. Iain opened his garage door, and confirmed his vehicle was not inside the garage. No one had permission to drive Iain’s vehicle. Iain heard an engine turn on inside his garage, and saw the reverse lights on the vehicle. Iain approached the vehicle and the suspect jumped out of the driver’s side door and started to run away. Iain caught the suspect just outside his garage, and was able to detain the suspect until police arrived on scene.

We are so appreciative of his efforts and bravery, and citizen like Iain are an enormous asset to our beautiful district. Thank you, Iain!

A little about Iain Finlay’s personal life. Iain was born in St Helens, an industrial town in Northern England in the 1960’s. Iain’s parents were a Nurse and a Scientific Officer. In 1988, Iain graduated from college, where he study Math/Business. While in college, Iain spent many summers in the U.S. on work exchanges in New Jersey, New York, and California. After graduating, Iain worked for nonprofit work exchanges in New York for a few years. Iain’s U.S. Work Visa expired, and he returned to the United Kingdom. During this time, Iain applied through the Diversity Immigrant Visa Program, and eventually was successful. After being granted a Visa, Iain was employed by a travel company as their Controller in Florida.

A year after, Iain decided to move to San Francisco, where he had close friends, and has lived in San Francisco ever since. Now, Iain works for a nonprofit finance and in Real Estate. Iain’s hobbies include travelling, bicycling, horse riding, running, and Do It Yourself (DIY) type projects.

THANK YOU, DE MARILLAC ACADEMY!!!

On September 11, 2018, Ms. Meaghan Osborne's 5th grade class at De Marillac Academy, located at 175 Golden Gate Avenue, wrote thank you cards to first responders thanking them for their service in tribute to 9/11. Ms. Osborne sent the cards to SFPD's Tenderloin Station and Park Station. We were so touched by the children's cards that we wanted to share their beautiful drawings with the community.

INTERIM USE OF 730 STANYAN STREET

If the interim use of this location is important to you then you should contact the Mayor's office of Housing and Community Development at the below listed website.

<http://sfmohcd.org/730-stanyan>

SOME OF PARK STATION'S ARRESTS FOR THE WEEK**Threat/Battery– 100 Block of Cole St. – 9/1/18 11:50am**

Officers responded to the above area regarding a call of an assault and threats. Upon arrival, officers contacted victim, who stated that she saw the subject urinate in public, but did not confront him. When the victim returned to her residence, the suspect threw his shoe striking her left leg. The victim asked for an apology, and the suspect threatened her. The victim contact 9-1-1, and officers arrested the suspect for making terrorist threats, assault, and resisting arrest.

Driving, License Suspended – 2100 Block of Fell St. – 9/4/18 10:37 pm

Officers were driving in the above area when they observed a motorized scooter travelling northbound on Masonic Avenue waiting to make a left hand turn onto Fell St. Upon computer query, the scooter was identified as a stolen vehicle out of Daly City, CA. Officers conducted a traffic stop and requested the subject to sit on the curb. The subject was unaware that the license plate attached to the Yamaha scooter was registered to a stolen Honda scooter. Officers seized the stolen license plate for the scooter. A computer query on the driver revealed that he had a suspended license. Officers cited the driver for driving with a suspended license and was released from the scene.

Civil Sidewalk Citation – Area of Masonic Ave. & Haight St. – 9/5/18 8:20 am

Officer observed a subject lying on the sidewalk in violation of the Civil Sidewalk Ordinance. Officers contacted the subject, who had been previously cited for violating the Sit/Lie Ordinance. Officers cited the subject for the violation.

Driving, No license issued / traffic violation – Lincoln Way & 5th Ave – 9/5/18 11:41 pm

Officers conducted a traffic stop on a vehicle with nonfunctioning headlight. Officers contacted the driver, who stated she was in process of applying for driver's license. A computer query revealed she did not have a valid drivers license. Officers cited the subject for the above violations.

Warrant Arrest / Local SF Warrant / Battery – Area of 14th St & Church St. – 9/5/18 12:21 am

Officers responded to call regarding a subject fighting with a bouncer at a local bar. Upon arriving, officers met with the bouncer, who asked the subject to leave repeatedly. The subject became irate and began to bang on cars. The bouncer asked the subject to leave again and the subject rubbed his buttocks against the bouncers legs, and the bouncer had to physically restrained the subject to make him stop. Officers detained the subject, and a computer query revealed that he had an active No Bail warrant for assault with a deadly weapon, and exhibiting a deadly weapon in a threatening manner. Officers arrested the subject for the above listed warrant.

Malicious Mischief, Graffiti – Area of Cole St. & Carl St. 9/8/18 6:45 pm

Officers were dispatched to the above area regarding two subjects tagging a building. Officers contacted the subjects, and detained them. Officers spoke to the witness, who reported the vandalism and was able to identify the subject that wrote on the wall. Officers contacted the building owner, who desired to press charges. A computer inquiry revealed that subject had been previously arrested for vandalism. Officers cited the subject for vandalism.

Methamphetamine / Possession for sale – Area of Church St. & Duboce Ave – 9/10/18 4:24 pm

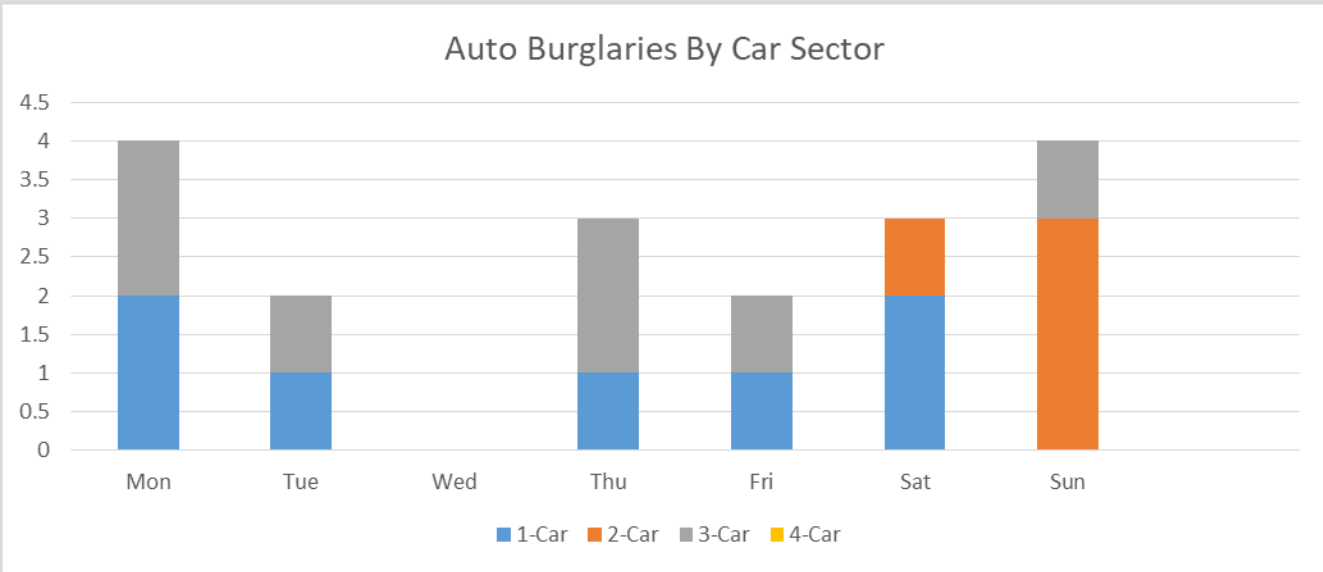

Officers were driving through the above area known for drug use and sales. Officers contacted two subjects that were blocking the sidewalk and in violation of Civil Sidewalk Ordinance. Officers approached the male subject, who identified himself and allowed officers to search his backpack. The subject admitted to being in possession for marijuana. Upon further search, officer discovered syringes, glass pipe, and plastic bag of suspected methamphetamine. The subject was placed under arrest for the suspected methamphetamine and narcotic paraphernalia. The second subject was released for the scene without further incident. At Park Station, officers tested the suspected methamphetamine and came back with positive results.

THEFT FROM VEHICLE**Theft from a Vehicle:****(18 reported incidents of theft from vehicles occurred from 9/3/18 to 9/9/18)**

CAPTAIN BAILEY'S TOP TIPS TO PREVENT OR SOLVE CRIME

Remember crime prevention begins with you:

TIP #1 to PREVENT OR SOLVE CRIMES

I want to review with everyone how you can best avoid being a victim of a burglary. Please ensure that you are taking basic security measures i.e. locking and securing all doors and windows. Be mindful of this security even when at home do not leave a window or door open that is easily accessible from the ground floor. Always remember to keep your garage doors closed and secured. Do not leave a hide-a key. Suspects are very in tune with where people leave spare keys. Do not leave your garage door opener in your car or at least keep it out of view. Please think about installing a security camera and motion activated lights. Of course a big deterrent of burglaries is having a dog but I know not all of us can be lucky enough to have our furry friends on guard each day and night. Finally please immediately call 911 if you think you see a crime in progress or a suspicious person in your neighborhood. District residents have been doing a great job of calling 911 when they see suspicious activity or what they believe to be a crime in progress. These calls have led to numerous arrests. Our officers responded quickly and are able to take suspects into custody.

Please take the time to review the SF SAFE form on the next page (page 18).

Your safety is paramount to us here at Park Station and with your help we can prevent many crimes and solve more.

TIP #2 to PREVENT OR SOLVE CRIMES

I want to take this time to remind everyone to record the serial numbers of all your valuables i.e. bikes, tools etc. You can do this by simply taking a photo of the item and then zoom in to take a photo of the serial number. Most people have smart phones and you can easily use your phone camera to achieve this. This is

LOCATION OF SERIAL NUMBER ON AFFECTED BICYCLES

really great information for you to have in the event you are a victim of a theft. We can post the photos on flyers and record the serial numbers of your possessions so that in the event we make an arrest of an individual with stolen items your items will be easily recognizable. Officers can also identify them easily if they are being sold at any location. Bottom line having this information increases your chances of being reunited with your stolen items. It also increases the chances of these thieves being held accountable for their crimes.

CAPTAIN BAILEY'S TOP TIPS TO PREVENT OR SOLVE CRIME**Remember crime prevention begins with you:**

Reporting crimes is crucial in a number of ways:

#1 It is important that incidents are documented at the time of the incident. This ensures that the victim's memory of the incident is fresh and thereby increases the chances of a more accurate and detailed report. (There are some exceptions to this i.e. when a person is a victim of a serious traumatizing experience their memory may be better later.)

#2 It allows immediate follow up by the officers and immediate seizure of evidence that could be lost if there is a delay in reporting.

#3 It allows immediate further follow up by our investigative team on any potential leads.

#4 It formally records the event and even though there may not be any leads to follow at the time the incident was reported, it allows all officers in law enforcement access to the report which may be related to other incidents that have been reported or will be reported later. This is especially true of sexual assaults where some times it involves a repeat offender. If the victims do not report the crime nobody knows it happened and cases cannot be related. It allows the suspect to continue committing these crimes, victimizing others because victims have chosen not to report the crime to police.

#5 Many times when cases are related and a suspect is taken into custody the District Attorney can add additional charges for the related cases. Of course this is contingent on additional evidence but a victim's ability to identify a suspect in a case can be enough to charge the case when there are additional cases.

#6 In addition there are cases where an individual is tormenting a neighborhood with a variety of crimes but if community members are not willing to make a report when they see a crime committed and sign a citizen's arrest, these incidents go unreported and the criminal behavior continues. A citizen's arrest form needs to be signed when a victim or witness sees a misdemeanor crime being committed and the officer does not. If the victim/witness does not sign the citizen's arrest then the officer cannot arrest the individual for the crime committed.

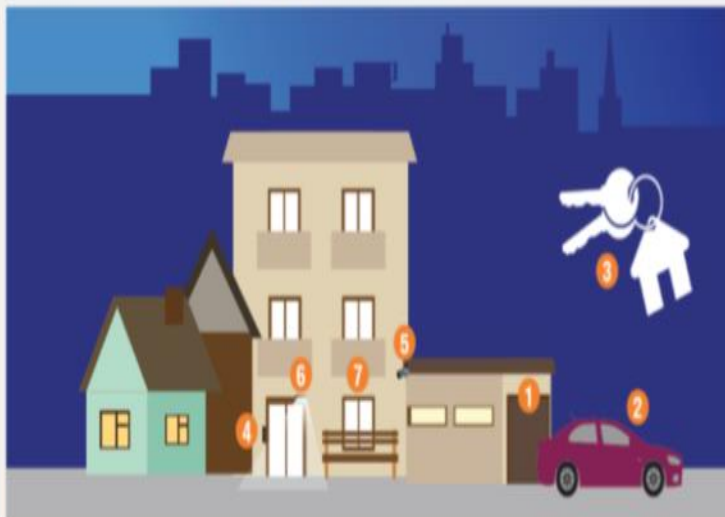

#7 Finally and most importantly if you do not report and document the crime it is as though the crime never happened. Whatever chance we the SFPD have of solving a crime that has been reported we have zero chance of solving a crime that has not been reported.

Please remember we can only succeed by working together and you the members of the community are the people who most help us succeed. Thank you for all your help and I look forward to our continued collaboration.

Whether you live in a single family home, condo, or a large apartment complex in San Francisco, there are a number of ways you can keep your residence safe and secure. Working together as a community with your neighbors and building management can significantly improve your residential safety.

7 Residential Safety Tips

- 1 **Garage:** When entering or leaving the garage, watch to ensure door shuts completely. Lock stored bikes to a sturdy rack.
- 2 **Car:** Always lock your vehicle when parked in your garage and remove all valuables. Never leave garage door opener in your vehicle when parked outside your home.
- 3 **Spare Key:** Never hide spare keys. If you need to have a spare key available, leave it with a trusted neighbor.

- 4 **Door Buzzer:** When a visitor rings your bell, confirm who it is by intercom before you grant them access. Similarly, never let strangers follow you through the front door.
- 5 **Security Cameras & Alarm Systems:** Cost effective tools for preventing crime and identifying criminals.
- 6 **Light Timers:** Installing timers on the exterior of your residence is an effective and energy efficient way to deter criminal activity.
- 7 **Doors/Windows:** Always keep doors and windows locked.

Door and Window Safety

Doors:

- Should be made of solid wood or metal
- Have a single cylinder deadbolt lock and a 1-inch bolt
- Have a front door viewer or peep hole with a 180-degree range
- Clearly display unit number

Windows:

- Replace if glass is cracked and replace all damaged or missing locks
- Ground level windows should be burglary resistant: consider purchasing windows with reinforcement wire, laminate, or tempered glass
- Polycarbonate plastic or metal grates can be installed over existing ground level windows
- Windows above ground level are not considered secure: if used for ventilation, lock in position and keep open no more than 3 inches

Keep property in good repair. Maintain visibility to your neighbors for increased safety.

PARK SMART CAMPAIGN

PARK SMART!

Take ALL of your valuables with you.

Purses
Backpacks
Wallets
Passports
Personal IDs
Cellphones
Cameras
Computers
Laptops
Tablets

PARQUÉ INTELIGENTE
Saque todas sus cosas de valor.

GAREZ VOUS MALIN
Ne laissez pas vos objets de valeur
dans votre voiture.

財不可露眼!
離開汽車時, 請把貴重物品隨身。

Let's kick auto break-ins
to the curb!

WHO AND WHEN TO CALL?

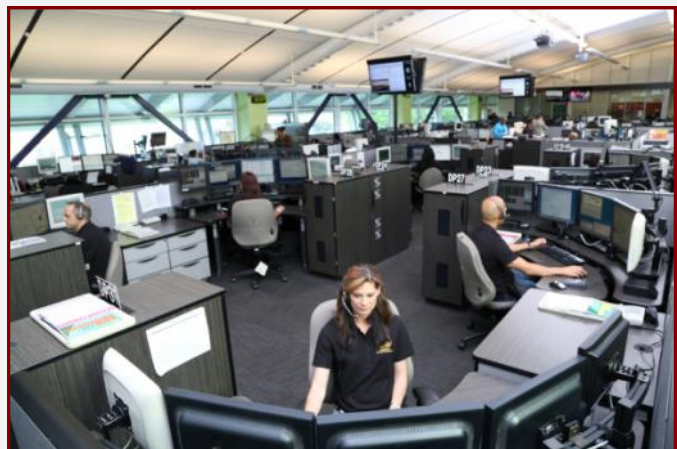

3-1-1: Please contact 3-1-1 when the issue is a not an emergency, yet requires City services or, if you simply have questions regarding City services. Non-emergency situations include the following examples: damage to public property, public trees that requires pruning, defective streets or sidewalks, homeless-related issues. 3-1-1 was developed to help the community inform the appropriate City agency regarding a service request.

Non- Emergency San Francisco Dispatch Line: Please call the non- emergency dispatch line **(415-553-0123)** when the scenario does not need immediate response from the San Francisco Police Department. For example, if there is a loud party, a group of loud juveniles loitering in front of your residence, noise complaints, doubled parked vehicles, suspicious activities, or a homeless/nuisance related issue. **The non-emergency line is for situations that require the police, but do not require an immediate police response.**

9-1-1, please call 9-1-1 immediately if there is a police, fire, medical, or any other emergency. The purpose of San Francisco's 9-1-1 Emergency Telephone System is to provide the community an immediate response of police, fire, or medical personnel for emergency occurrences. To accomplish this, it is imperative that the calls received on the 9-1-1 line be restricted to those situations that require immediate dispatching of police, paramedic, or fire department personnel. For example, crimes or fires that are in-progress, or medical emergencies.

The San Francisco Police Department district station telephone numbers and emails are not monitored. Questions will be answered in the order we receive them. Station emails are not for making police reports nor for reporting a crime. If you need to make a police report, you can call 415-553-0123 or go to your district police station. **If you have an emergency, please call 9-1-1.**

dispatchers hard at work

PARK STATION'S VISION & VALUES

Captain Una Bailey

I absolutely love police work and I love all that we as SFPD can do to help victims, solve and prevent crimes, and I am a firm believer in the power of the community. We, as a department, are only as successful as our partnerships with the community. I learned very early in my career how important community involvement is both in solving and preventing crimes and also in the creation of safe desirable neighborhoods. I look forward to building and maintaining community involvement and relationships over the coming years. I know that when we work together, we will create a district that will be safe and sound for all.
