The Department continues to develop the systems and reconfiguring report forms that are needed to capture all of the required information for future reporting. This process should be completed by the first quarter of 2017.

In addition to providing all future data in writing per the requirement, the Department will make the information available online as part of our ongoing efforts in support of the President's 21st Century Policing, including Pillar One, Building Trust and Legitimacy, Pillar Two, Policy and Oversight, and Pillar Five, Training and Education, as well as part of the DOJ Collaborative Initiative Reform recommendations.

Bottom line – our goal is to be able to provide the information required of Administrative Code Sec. 96A not only as a means to build trust through transparency, but more importantly, as a tool to analyze patterns of behavior to ensure fair and impartial policing is delivered to our community.

Attached to this cover letter is an evaluation of the data collected during the quarter that may be of interest to the public. In addition, the data extracted for the report is attached, which this quarter includes a breakdown by district stations. This report will be posted online at sanfranciscopolice.org.
