### Bayview Police Station

201 Williams Ave, S.F., CA 94124

(415) 671-2300

**Captain Steven Ford**

## **Captain's Message**

Hello Bayview District.

I am pleased to announce that Bayview Station has increased the presence of beat officers on the San Bruno Street corridor. We have increased our police presence from one officer to four. Moreover, all four officers are bilingual. Along with English, three of the officers are fluent in Chinese and one is fluent Spanish. I feel this will have a positive impact on communication and be a great assistance to the large Chinese and Spanish speaking population residing and working in that area. This same practice is being employed on the 3rd Street corridor. The 3rd Street corridor will now have an increased presence with no less than four officers on foot and bikes.

The overall strategy is to increase police presence, provide a greater sense of safety, and interact in a meaningful way with those that live, work, and visit these parts of the Bayview District. Moreover, I will personally be walking with the beat officers on San Bruno and 3rd Street every other week. I look forward to see you out there.

---

*"Stay safe, happy, and healthy"*

Sincerely,

Captain Steven A. Ford, M.S.

You are invited to attend “Chop Shop”, a Community and Law Enforcement Film Premiere. This documentary film facilitates a youth-lead dialogue between San Francisco residents of color and local law enforcement in barbershops across The City. The film highlights topics of implicit bias, people of color in law enforcement, violence and ways of moving forward together.

Following the screening will be a panel discussion with San Francisco law enforcement – a chance for audience members to confront issues affecting their communities, as well as make a tangible impression on youth, our future leaders. Constructive conversation in an open forum is the first step toward positive change, and a way to address misconceived notions between communities of color and law enforcement.

The objective is to address the tension and develop a set of recommendations to change the current culture, and it can't be done without you. Bring YOUR voice to the conversation.

There are 3 dates available: February 16, February 28 and March 8. Please choose the date and location that works for you. This event is provided through Young Community Developers. To secure your tickets to this free event please access [www.eventbrite.com](http://www.eventbrite.com).

### SFPD Safety Tips for Lunar New Year Festivities

#### Gung Hay Fat Choy!

The 2018 San Francisco Chinese New Year Parade will be held on Saturday, February 24, 2018. The parade, begun in the 1860's as a means to educate the community about Chinese culture, is the largest such lunar year celebration in the country and one of San Francisco's most popular and well-attended events.

With huge crowds expected, including guests from all over the world, public safety is the San Francisco Police Department's number one priority. There will be a significant police presence during Lunar New Year activities, with both uniformed and plainclothes officers on duty to monitor public events. As with any large event, safety is everyone's responsibility, including participants, organizers, security staff and law enforcement.

Lunar New Year celebrants can help avoid becoming a victim of a crime by keeping in mind the following safety tips:

- The festivities are about celebrating community. Look out for each other and report any suspicious persons or activity to event staff or a police officer. A good adage is, “If you see something, say something.” In an emergency, call 9-1-1. To provide an anonymous tip, call the SFPD Anonymous Tip Line at (415) 575- 4444.
- Stay informed by signing up for emergency text message alerts by texting the word AlertSF to 888-777. AlertSF allows us to notify you of emergencies in San Francisco.
- Keep your friends close and your drinks closer. Don't accept drinks from strangers. Drink responsibly and don't drink and drive- always use a designated driver.
- The San Francisco Bay Area has a host of public transit options that will get you to, from and around Lunar New Year events.
- If you drive to the festivities, remember to “Park Smart!” Take your valuables with you, don't leave them inside your car.
- Maintain possession of your cell phone, wallet and other valuables.
- There is safety in numbers. Stay with a group when on the street or leaving bars and clubs. Be cautious about leaving a bar or club with a stranger. A rule of thumb is that if you feel “unsure” about someone, rely on that instinct and do not go with that person.

San Francisco Police also urge all members of the Chinese community to be suspicious of strangers claiming to provide relief from a curse or illness or those who provide “purification” ceremonies in which cash and valuable items must be offered as part of the process.

Please review the video below on various ways to identify potential scammers, how to protect yourself from a scam, and reporting resources available to scam victims.

Anyone who is confronted by scammers or anyone who knows of an elder who was approached by scammers is strongly advised to contact police. Reports can be made at any SFPD District Station or by calling Dispatch at (415) 553-0123 and requesting an officer to take a report.

Cantonese speakers can leave tips on a special tip line by calling (415) 553-9212 or 1-855-737-3847.

Information can also be called into the Anonymous Tip Line at (415) 575-4444 or via Text a Tip by texting a message to TIP411 and beginning the message with SFPD.

services with only two numbers to remember: **911** for emergencies and **3-1-1** for everything else.

Before 311, over 50% of calls to the 911 center were not emergency related. **311** relieves 911 operators from these non-emergency calls. If a catastrophic emergency such as an earthquake occurs, **311** operators will be able to provide accurate information to assist during the recovery. In the unlikely event the 911 facilities becomes inoperative, the **311** call center will function as a back up.
