Captain Robert Yick's Message

Dear Residents and Community Members,

On Tuesday, February 5, 2019, the Central Station hosted a press conference to announce "Adopt-a-Block", an enhanced Chinatown foot beat program. I would like to thank the Chinese Consolidated Benevolent Association for allowing us to host the press conference at their historic location. I would like to thank the many community partners for their attendance and support.

We believe that we can continue to prevent crime in Chinatown by enhancing the relationships that we have established with the community. We will be expanding our availability to business owners and it will enhance communication and encourage more reporting of crime and quality of life issues. We already know that these relationships are paying off, as we have had a number of productive conversations at our drop-in center. We want to encourage more people to meet with us one-on-one so we can help them.

Central Station will expand the outreach to our Chinatown merchants by beginning an "Adopt-a-Block" foot beat program, in which we will be assigning specific officers to specific business areas within the foot beats. Our merchants will designate "Merchant Leaders" as liaisons to our Central Station officers in order to address block concerns and challenges. We will be entrusting them to help us launch a regular "Walk-The-Block" program to introduce our officers to stakeholders on their block and increase communication.

This approach has been productive for us with mid-size and larger businesses in the Central District. We believe it is important to give our smaller/independent business owners the same kind of individual attention to address their concerns. Many of our hardworking Chinatown merchants have very tight schedules and we want to ensure that they are heard and that we are able to meet them one-on-one at a time convenient for them.

A number of other neighborhood groups within Central District proactively gather and provide us with videos, pictures and other information related to crime and quality of life issues. That kind of material is valuable, as it helps us to quickly address these issues.

As a reminder, please continue to dial "311" for a number of city services, especially for illegally dumped garbage.

If you have any questions or concerns that impact your neighborhood, please contact me at Robert.Yick@sfgov.org or call me at 415-315-2400.

Thank you for your support.
