Featured Ingleside Officer of the Month

Julia Little

Officer Julia Little was born in Kent, Connecticut. In 2009 Julia ventured out to San Francisco in order to attend USF, where she earned her Bachelor's Degree in psychology, with a focus in child psychology. Julia's compassion for life lead her to volunteer at SF Suicide Prevention while she was attending college. Julia has a passion for helping people, especially young children.

In April of 2016 Julia entered the San Francisco Police Academy. Julia graduated the academy, completed her field training at Southern Station, and did a year on probation at Northern Station. Julia was assigned to the Ingleside District in June of this year for her permanent assignment.

In September of this year Julia's compassion for helping kids came in to play when she was assigned to be a School Resource Officer at Ingleside Station. Julia took to her assignment like a duck in water, and continues to do a great job. Please join us in congratulating Officer Julia Little, for being November's officer of the month!

Glen Park Residents: Minji, John and Jeremy

On October 22nd, 2018, a package thief with an extensive theft-related criminal history decided to visit the 2600-block of Diamond and the unit-block of Natick. Unbeknownst to the suspect, there were high-resolution cameras facing these two doorways and captured the face, clothing, and description of the suspect. Two neighbors, separated by 3 blocks (which is like a lifetime away in most neighborhoods) connected on NextDoor and began to put the pieces together; they realized that the same suspect committed both crimes. They shared this information on NextDoor with their neighbors, and the collaboration began.

Minji activated the power of her connected neighborhood's email group, described the situation, and asked for the neighborhood to check their cameras. Jeremy, around the corner from Natick, located video footage of a suspicious vehicle seen on the block at the exact time that the crime occurred. He submitted this information to Minji who added it to the NextDoor post. The resolution of the camera was so clear, that we were able to obtain the license plate number. John and Minji, at the urging of other neighbors, made sure that Captain Hart was "in the know," by emailing him the details from next-door and links to the camera footage.

Captain Hart then ran a computer check, which led the police to the suspect's address in the Bayview/Hunter's Point. Ingleside officers from the Ingleside Property Crimes Unit responded, located the suspect's vehicle depicted in the video, observed Minji's stolen Pokemon Pikachu halloween costume in plain view on the back seat of the car, and arrested the driver (and suspect from the videos). During the search, Minji's additional stolen property was later located in the car. Based upon the foregoing, Captain Hart and his team obtained a search warrant. During a search of the suspect's residence, we located John's stolen property (with the Nordstrom Rack tags still attached) and the clothes that the suspect wore during the commission of these crimes.

These members of the Glen Park neighborhood represent the best of what San Francisco has to offer: collaborative, connected, empowered, and resilient neighbors who look out for each other, care deeply about their neighborhood, and then are willing to do what they can to help each other out during times of stress.

I want to take a moment and commend Minji, John and Jeremy for being amazing neighbors. You all served your families, your neighbors, your community, and your city very well

They inspected the home and determined the suspect or suspects entered the premises through a backyard gate and then pried open the back door with a tool. The victim told Ingleside Officers Marshall and Lamb that he had just pulled into his garage when four men, wearing hoodies, entered the garage and walked up to the driver's door. The quartet of suspects asked him to close the garage door and get out of his van. The victim refused and one of the suspects hit the victim twice with a pistol and took his car keys. Just then, a family member, hearing the commotion, entered the garage and saw the suspects. She quickly backed out and called police as the suspects ran away. San Francisco Police Department Prompts Shoppers To Park Smart During The Holidays

Reminder Comes as Auto Burglaries Continue to Decrease, Arrests Rise

The San Francisco Police Department today reminded shoppers to take simple steps to protect their purchases this holiday season, while announcing a 16 percent year-to-date decrease in auto burglaries citywide.

The decrease comes after the SFPD took significant steps to address auto burglaries by increasing plainclothes teams and doubling uniformed foot patrols, expanding investigative resources at district stations, creating a General Crimes Unit to address serial auto burglars, identifying and focusing on burglary hot spots, and increasing training for fingerprinting.

“Addressing the spike in car break-ins has been one of my top priorities since my time on the Board of Supervisors,” said Mayor London N. Breed. “I am excited that our targeted awareness and enforcement campaigns are steadily addressing this issue, and I want to thank Chief Scott and the SFPD for their continued efforts to keep our neighborhoods safe for residents and visitors.”

In the first 10 months of 2018, San Francisco police officers booked or cited 331 people for auto burglaries, a 31 percent increase over total bookings and citations for 2017.

“We’re seeing consistent and significant progress in our efforts to stop auto break-ins,” said San Francisco Police Chief William Scott. “But we recognize that too many San Francisco residents, workers and visitors continue to be impacted by these crimes. Our officers will have increased visibility during the upcoming holidays to combat street crimes. By remembering to Park Smart this holiday season, shoppers can help us prevent auto burglaries.”
