### Captain Joe Engler's Message

Residents, merchants, and visitors,

Recently, I revisited a favorite book, *Shibumi* by Trevanian. In reflecting upon the words of the author, I was drawn to the meaning attached to the book's title.

Trevanian remarks that "*Shibumi* has to do with great refinement underlying commonplace appearances."

When I look around me at all of the contributors to public safety within the Northern district, the idea of *shibumi* resonates.

The great work and dedication of our police officers within our modest facility at the corner of Turk and Fillmore Street. The humble generosity of our local merchants and nonprofit organizations to our most in need. The steady advocacy and organizing of our neighborhood groups for social causes. The spiritual guidance and nurturing available through our multiple places of worship. The sum of our community's efforts resonates with *Shibumi*, as there is an eloquent and understood specialness in the neighborhoods that all connect us to the Northern district.

The officers assigned to Northern Station are happy in their work and strive for meaningful contacts within the community. The community embraces their police officers and gets involved in problem-solving and real solutions.

Because of the special relationship between the community and their police officers, we have enjoyed an unprecedented reduction in auto-burglaries (21.88%) in 2018.

As the holiday season is upon us and the year comes to a close, our officers promise to work even harder to protect you and collaborate with our community partners.

Thank you for your continued support. *Shibumi*.

-JE

Captain Joseph Engler

**On 10/26/18 at 11:45PM, Northern Station Street Crimes officers were on the 800 block of Ellis Street when they observed a subject whom they recognized from prior narcotics arrests. Crime statistical data is accurate at the time the data is forwarded for publication. It is anticipated that weekly crime statistics will trend slightly higher, as victims of crime often delay the reporting of crime using online reporting and walk-in station counter reports after the date of the actual incident.
