## Captain Joe Engler's Message

Residents, merchants, and visitors,

This weekend, San Francisco will join over 30 other California cities and hundreds of communities all over our nation and throughout the world for the annual Women's March. The sponsors of the event espouse values that underscore a commitment to fighting all forms of oppression and condemn all forms of sexism, antisemitism, racism, misogyny, homophobia, and trans-phobia. The men and women of the San Francisco Police Department will facilitate the closing of Market Street and will provide the officers necessary to allow the safe gathering and march of the 70,000 attendees.

On Friday, January 18th, several of the aforementioned members of the SFPD joined with over 3,000 fellow police officers that traveled from virtually every state in our nation to honor Officer Natalie Corona, a 22 year old police officer who was assassinated by a gunman while she investigated a traffic collision in downtown Davis, CA. This courageous woman was not targeted for the gender she held, but rather, the uniform and star that she donned as a visible manifestation of her oath to protect and serve her community without bias, prejudice or reservation. Officer Corona gave her life in pursuit of these principles and values.

Upon reflection, I know and understand that Saturday's protests will have two distinct groups: participants and police officers. Both groups carry messages that are not mutually exclusive. There are many courageous women who step forward and advocate for a better world every day; a world free of hatred, bias and discrimination. Thank you Officer Corona for making the ultimate sacrifice and reminding all of us that you chose a profession which placed the freedom, safety and voice of others before your own.

-JE

Captain Joseph Engler

## **INCIDENT RECAPS**

**On 1/6/19 a hot prowl burglary attempt was made by the subject who had scaled the outside of a home on the 200 block of Cervantes Blvd and made his way to the second story porch. The only way to access this area is by scaling the outside wall or to access it from inside of the house. While on the porch, the subject managed to open a door to the home causing the alarm to activate. The homeowner was awoken by the alarm, which only activates when a door is opened. The homeowner scared the subject off to another backyard. Northern's video surveillance officer obtained video of the incident and distributed a department wide crime alert attempting to ID the subject. Numerous officers within the department recognized and identified the subject. The subject was subsequently located within one block of Northern Police station wearing the same clothing that he wore in the burglary. Officers approached the subject and successfully stopped and arrested him.**

**On 1/8/19, Northern officers were contacted by Walnut Creek Police Department who were following (via GPS tracker) an auto boost suspect vehicle into San Francisco and the vehicle was pinging in the Northern District. Officers responded to the area and located the subjects inside the suspect vehicle and once the Walnut Creek PD officers arrived, effected a traffic stop. The subjects complied with Officer orders to exit the vehicle and were placed in handcuffs. The subjects were successfully tied to Auto boosts that occurred in Santa Clara, Cupertino, and San Francisco (190-019-185). Officers located inside the vehicle various items belonging to victims of the outside agency incidents. Officers then responded to a nearby "Quickly" store and located victim's property that the subjects had sold to that store. The subjects were transported to Santa Clara county jail and arrested for the crimes in that area. The subjects were later transported back to San Francisco County Jail by Southern Station officers and booked here as well.**

## Safety-San Francisco

**To most effectively reduce crime, neighbors must work together to make their neighborhood safe. The SAFE agency manages the Neighborhood Watch Program for the City & County of San Francisco.**

**SAFE, with support from SFPD and DPW, will get Neighborhood Watch signs installed on individual blocks. Groups are able to apply for Neighborhood Watch signs after forming active groups. Signs are a way to publicize the efforts of your group, letting others know that yours is a SAFE neighborhood and one in which crime will not be tolerated.**

**View all neighborhood watch groups in San Francisco. If there is not a Neighborhood Watch group in your area, please fill out the service request form found on SF SAFE website found below.**

Crime Statistics Disclaimer:

Crime statistical data is accurate at the time the data is forwarded for publication. It is anticipated that weekly crime statistics will trend slightly higher, as victims of crime often delay the reporting of crime using online reporting and walk-in station counter reports after the date of the actual incident.
