CAPTAIN'S MESSAGE:

**Captain Michelle Jean
Commanding Officer
Richmond Station**

Hello Richmond District Residents,

Fall is upon us with cooler weather, shorter days, and less visibility. One of my Traffic Officers took a photo of a pedestrian in a crosswalk in the early morning during sunrise. The pedestrian is barely visible against the rising sun.

Please slow down, stop at all stop signs, and take an extra second to look for pedestrians, bicycles, and other vehicles.

Please see page two for this weeks driving safety tip!

Stay safe and have a great week!

In the Spring and Autumn, we see an increase in pedestrian collisions during the morning and evening commute, often caused by reduced visibility resulting from the rising (or setting) sun in the driver's eyes. In the picture below, there is a pedestrian in the crosswalk, but they are extremely hard to see due to the sun's glare. The pedestrian, with the sun behind them, can see the car perfectly, so they assume they can be seen and continue walking in front of the car! When driving conditions are challenging like this, please take a little extra care at crosswalks and intersections.
