Captain Ed Del Carlo's Message

Greetings Southern District Members,

As we enter 2019 I would like to reflect on what we accomplished as a department in 2018. Overall violent crime is down in the city, and we have reduced the amount of auto burglaries that have plagued San Francisco over the past several years. We have also partnered with other city agencies to help our homeless population.

In the Southern Police District we have also seen a reduction in violent crime. Most property crime is also down with the acceptance of burglary. Over the past several months we have employed some new tactics that have helped us identify suspects who have committed burglaries. This has resulted in several arrests. The use of surveillance cameras is a valuable tool for law enforcement. A clear image of a subject committing a crime can lead to the swift apprehension of the offender. The Southern Station plainclothes team made 86 auto burglary arrest during 2018. This was a priority for the Southern Police District last year as we continue to make vehicle break ins one of our top priorities. We still have plenty of work to do in 2019. Southern Station will continue to serve the residents of our community and try to reduce all crime in the up-coming year.

In closing I would like to acknowledge the great work that United Playaz did on their recent gun buy back on Howard Street. Rudy Corpuz and his staff along with members of Southern Station, and SFPD's Property Department did an outstanding job of taking over two hundred guns off our streets. We look forward to continuing the partnership in 2019.

*Captain Ed Del Carlo
Commanding Officer*

Definition of Community Policing

Community policing, or community-oriented policing, is a strategy of policing that focuses on the police building ties and working closely with members of the communities.

- Homeless Outreach and Outreach to Drug Users: Southern Station officers coordinate with city agencies to provide outreach and assistance to rehabilitate those who are dependent on illegal drugs and outreach to homeless individuals to connect them with resources and support.
- Foot Patrols: Southern Station has beat officers assigned to the Mission Street corridor from 4th St to 9th St and on 6th St between Mission St and Howard St.
- Monthly Police Community Relations Meetings: Community Meetings are held continuously. Officers also attend meetings with merchants groups, business groups, development authorities and others. Concerns are voiced and addressed through problem solving.
- Email Updates: Southern Station sends out newsletter updates to residents in the district that alerts residents of crime trends, upcoming community events, crime prevention tips, and information on how to contact officers at the district station.

Definition of Suspicious Activity

Suspicious activity is any observed behavior that could indicate a crime-related incident has been committed, or about to be committed. Unusual items or situations: A vehicle is parked in an odd location, a package/luggage is unattended, a window/door is open that is usually closed, or other out-of-the-ordinary situations occur.

Examples of Suspicious Activity:

- ♦ An individual peering into vehicles, to try, and locate any valuables left unattended.
- ♦ An individual trying door handles to vehicles, and/or residences to gain access to the vehicle and/ or residence.
- ♦ An individual checking front doors of residences to locate any unattended packages, or individuals following delivery trucks to see where the truck is dropping off packages.
