Ingleside Captain's Message

While April 18th is a day where we pause and remember the 1906 earthquake and fire, there is no day like the present to action plan on earthquake and disaster preparedness for yourself, your family, your block, and your neighborhood. In the spirit of constantly challenging ourselves to be better and more prepared to adapt and overcome stress and adversity, Sup. Safai's Office and Ingleside Police Station partnered with the Neighborhood Empowerment Network to run a "Shake Tank" earthquake simulation. The April 24th event, graciously hosted by Pastor Barbara Cornejo at the Daring Faith Celebration Centre, lived up to its tagline: "Experience your tomorrow, today," when resident leaders from the Cayuga neighborhood engaged in the earthquake simulation with representatives from BART, Riordan High School, Recreation and Parks, the Mission Childcare Consortium, School Resource Officers, the Department of Emergency Management, CalOES, FEMA, SFFD, City College of SF, and many others. There were many positive takeaways from this event, with the biggest takeaway being the fierce urgency of getting ourselves as ready as we can be, so that we have the capacity to help others. Here are some ways you, your family, and your block can get more prepared:

- Visit www.sf72.org to plan, gather supplies, and connect to important notification alerts.

- Visit www.empowersf.org to learn about the Neighborhood Empowerment Network's programs, events, and resources, including hosting your own Neighborfest Block Party.

- Sign Up for AlertSF Messages by texting your Zip Code (in the body of the text message) to 888777.

- Consider joining the San Francisco Fire Department's Neighborhood Emergency Response Team (NERT), visit: <http://sf-fire.org/about-sf-nert> to learn more and for enrollment.

- After taking the NERT training, consider joining the San Francisco Police Department's Auxiliary Law Enforcement Response Team (ALERT). Visit: <https://sanfranciscopolice.org/alert>.

Officers observed a male victim on the ground bleeding from his stomach from an apparent gunshot wound and a female victim sitting nearby with a stab wound to the hand. Medical personnel arrived and transported both victims to the hospital. The female victim was listed in non-life threatening condition and the male victim was listed in life-threatening condition.

Officers learned that the male and female victims were arguing with the male victim's ex-girlfriend, who was later identified as 28 year-old San Francisco resident Leola Isaacson. Witnesses stated that Isaacson pulled out an edged weapon and stabbed the female victim in the hand. A witness stated that an unknown male suspect, later identified as 39 year-old transient Nick Shaw, shot the male victim in the stomach before fleeing the scene.

Based on an investigation into the incident, Leola Isaacson was taken into custody on May 11th 2019 at San Francisco General Hospital. Isaacson was booked at San Francisco County Jail on charges of assault with a deadly weapon, possession of a controlled substance and possession of drug paraphernalia.

On May 16 2019 at approximately 7:30PM, officers responded to the area of Delancey Street between Federal Street and Beale Street. The investigation led officers to believe that Shaw was hiding underneath the Bryant Street overpass.

SFPD Makes Arrest in Ingleside Homicide

On May 20, 2019 a missing person report was generated by Ingleside Station for 73 year-old San Francisco resident Benedict Ching.

A co-worker contacted a family member of Mr. Ching to advise her that he did not show up for work on May 18, 2019. On May 20, 2019 at approximately 11:40 AM police officers from Ingleside Station accompanied Mr. Ching's family member to his home to conduct a well-being check. Police made entry into the home and discovered a body, believed to be Mr. Ching. Investigators determined that his disappearance and death was a result of foul play.

The SFPD Homicide Detail began an investigation that led to the identification of two possible suspects: 44 year-old Douglas Lomas and 35 year-old Stephanie Ching, both of San Francisco. Homicide investigators received information that Lomas and Ching were enroute to China. With the assistance of the federal Homeland Security Investigations SFPD was able to locate, identify, and detain the subjects who landed in Beijing, China. The subjects were flown to Virginia and are currently being housed in the Loudoun Adult Detention Center in Leesburg, VA where they were arrested and booked for homicide.

Investigators are currently working on the extradition process to bring the subjects back to San Francisco. Booking photos of the subjects are not available at this time.

The arrest of the suspects comes via collaboration with Homeland Security Investigations (HSI) San Francisco. HSI was instrumental in locating and coordinating this arrest without incident.

Although arrests have been made, anyone with information is asked to call the SFPD 24-hour tip line at 1-415-575-4444 or Text a Tip to TIP411 and begin the message with SFPD. You may remain anonymous.

Distracted Driving

Distracted driving is anything that takes your eyes or mind off the road. In the smartphone age, distracted driving is the most dangerous when drivers are using their cell phone behind the wheel.

Whether it is talking, emailing, texting, plugging in directions, using an app or scrolling through social media feeds, using a cell phone is not only dangerous, but also illegal.

In 2017, 3,166 people were killed in distracted driving related crashes across the country, or nearly 10 percent of all traffic deaths.

Using a phone to dial, talk or text triples the risk of a driver getting into a crash. Texting is the most alarming distraction. Sending or reading a text takes your eyes off the road for an average of 5 seconds. At 55 mph, that's like driving the length of a football field with your eyes closed.

Other serious driver distractions such as eating, grooming, reaching for objects on the floor, changing clothes or talking with passengers are just as dangerous. The safest thing drivers can do is put down the phone, focus on the road and just drive.

Distracted Driving Prevention

- ✓ Never Text and Drive
- ✓ Silence your phone before you drive
- ✓ Pull over to safe parking spot to make a call
- ✓ Don't text or call someone you know is driving

Cell Phone Law

-  Holding a phone while driving is illegal. Any electronic device must be used in a hands-free manner, such as speaker or voice commands. The law applies when at a stop sign or signal.
-  To use a phone while driving, it must be mounted on the dashboard, windshield (seven-inch square in lower right corner or five-inch square in lower left corner), or center console.
-  When the phone is mounted, drivers can swipe or tap the screen once to activate or deactivate a feature. It is illegal to swipe multiple times, enter information or text.
-  A first offense ticket is \$162, with additional offenses costing even more.
-  You may use your phone while holding it for true emergencies, like calling 911.

For additional driver safety tips and resources, visit gosafelyca.org.

Be part of the solution by resisting the urge to talk or text while driving and "Go Safely, California."

Ability to Pay in San Francisco Traffic Court

If you cannot afford to pay your ticket, you have a right to ask the traffic clerk or judge to consider your financial circumstances.
