Hello all

Welcome to 2019 and already we are into the second month of the year. I want to take a quick moment to review crime in the Park District for 2018.

We saw a decrease in the following crimes which include all violent crimes in our district by comparison to 2017

- Homicide down 50%
- Robbery down 20%
- Aggravated Assault down 15%
- Burglary down 13%
- Theft from vehicles down 23%
- Auto theft down 24%
- Larceny down 17%

I think this is pretty good news. Our challenge now will be to maintain these reductions and seek to reduce crime further. I will be the first to say a big part of our crime reduction success story is due to the members of the community who assisted us in our job. Those are the community members who took the time to call 911 and relay their observations of crimes in progress, members who took video of crimes in progress,

### Next Community Meeting:

**CAPTAIN BAILEY'S MESSAGE CONTINUED**

members who were willing to make statements regarding their observations, members who have installed cameras allowing us to use the footage to solve crimes, members who emailed their concerns in their neighborhoods allowing us to address these concerns. Thank you all as your contributions are immeasurable in the reduction of crime in our district. As we move through 2019 we will need your continued involvement to reach our goal of reducing crimes in the Park District even further. Please continue to call 911 when you see a crime in progress.

The best way to reduce crime is to prevent crime and I would like to encourage you all to be smart by ensuring you leave nothing in your vehicle when you park your vehicle, ensure all doors and windows of your home are locked. Please be sure to keep your bike secured even if in your garage. We have seen many bikes taken in garage burglaries. I will finish by continuing to encourage you all to install surveillance cameras at your homes. These cameras can capture video of suspects that allow us here at SFPD to identify them and thereby allow us to arrest and hold these individuals accountable for the crimes they commit.

Thank you again for your assistance in reducing crime in our district.

Remember always take the time to be safe,

Captain Una Bailey

COFFEE WITH A COP

On Tuesday, January 22, 2019 Captain Bailey and Officers from Park Station held a “Coffee with a Cop” event at Sacred Grounds Café. Community members were able to ask questions to Park Station Officers. The Officers had an opportunity to get to know some of the North of Panhandle residents and their concerns.

You can ask questions, voice your concerns and get to know your local police Officers.

**WELCOME LIEUTENANT ERIC ALTORFER**

Since 2001, Lieutenant Eric Altorfer has been a member of the San Francisco Police Department, and during his 17 years, Lieutenant Altorfer has worked at the following Stations: Bayview, Mission, Southern, Northern, Tenderloin, and most recently arrived at Park. Lieutenant Altorfer has performed as a Field Training Officer (FTO), which is an important role to train new officers to be competent. Lieutenant Altorfer has also worked plainclothes, and as a Foot Beat Officer.

As a supervisor, Lieutenant Altorfer was an Investigator for the Station Investigative Team, he also investigated Officer Involved Shootings, and worked as a Patrol Sergeant Throughout his career with the SFPD, Lieutenant Altorfer has received a Life Saving award, over 30 Captains' Commendations, Police Commission award, and a Mayoral Commendation. Prior to becoming a Police Officer, Lieutenant Altorfer played college baseball, and became a Police Officer shortly after school at the age of 24.

Lieutenant Altorfer has attended and graduated from the following: Management School, the Sherman Block Leadership Academy, ICI Robert Presley (Homicide, Sexual Assault, Robbery, Officer Involved Shootings, and Domestic Violence), the Force Science Academy, the Behavior Analysis Training Institute, and the Foundational Leadership program.

Recently, Lieutenant Altorfer celebrated his 20th year wedding anniversary. Lieutenant Altorfer has three children, his oldest son is a college freshman at the United States Air Force Academy, where he plays baseball.

Lieutenant Altorfer stated, "I look forward to working with Captain Bailey and the Officers at Park Station. Although I have been here only a short time, I have come to learn that the Officers at Park are extremely dedicated to making the district both safe and enjoyable for the community."

**WELCOME LIEUTENANT CHRISTOPHER WILHELM**

Before joining the San Francisco Police Department (SFPD), Lieutenant Christopher Wilhelm graduated from UC Davis with a degree in environmental biology. Lieutenant Wilhelm initially went to work in the technology industry before joining the SFPD in 2003. Lieutenant Wilhelm worked at Mission Station, Bayview Station, and Southern Station as a patrol officer. In addition to uniformed patrol, Lieutenant Wilhelm also had the opportunity to work as a plainclothes officer, and walk a foot beat on Market Street. Lieutenant Wilhelm was promoted to Sergeant in 2010, and was assigned to the station investigation team at Tenderloin Station. Lieutenant Wilhelm was later transferred to the Internal Affairs Division and then transferred to the San Francisco Regional Police Academy. Lieutenant Wilhelm oversaw the training of new officers at the Police Academy. After almost four years, and over twenty Academy classes (800-900 of new officers), Lieutenant Wilhelm transferred back to Tenderloin Station as a Patrol Sergeant, his primary responsible was for the Mid-Market Foot Beat Officers.

Park Station is Lieutenant Wilhelm's first assignment as a Lieutenant.

**WELCOME LIEUTENANT TAMMY HALLEY**

Lieutenant Halley was born and raised in Los Angeles County. From a young age she knew she wanted to be a Police Officer after watching the television series “Adam-12” while growing up. Officer Reed and Malloy were her heroes. Lieutenant Halley became an Explorer with the Los Angeles County Sheriff’s Department while attending high school and was able to work side by side with law enforcement. She attended Cal Poly Pomona College after graduating high school. While in college she heard the calling and enlisted in the United States Army. She proudly served for three years, active duty, as a Military Police Officer stationed at Fort Shafter in Hawaii. She completed her tour of duty and enlisted as an Army reservist in her home town of Bellflower, California. Concurrently, she joined the Rialto Police Department in 1989 and fulfilled her childhood dream of becoming a Police Officer.

After five years with the Rialto Police Department she wanted to expand her law enforcement horizon and answered San Francisco Police Department’s statewide request for their first class of lateral Police Officers. She has been with the San Francisco Police Department since 1994 and never regretted a single moment.

Lieutenant Halley has been assigned to Bayview Station, Ingleside Station, Northern Station, The Professional Standards Unit, Airport Bureau and now Park Station. She considers herself fortunate to work in a city where she can make a positive impact in the community and fulfill her childhood dream of helping others.

Lieutenant Halley is extremely proud to wear the uniform of the San Francisco Police Department; to serve and represent one of the best cities in America, to the best of her ability.

**OFFICERS OF THE MONTH**

In the above photo (left to right),  
Officer Laura Cremen, Captain Bailey, and  
Officer Jason Zimiga.

Captain Una Bailey has named Officer Laura Crewmen and  
Officer Jason Zimiga as **Officers Of The Month for January.**

Officer Jason Zimiga and Officer Laura Crewmen are extremely hard working Police Officers. They start work most days at 3:00AM. They patrol the parks and respond to numerous homeless calls for service through-out their shift. Part of their duties include working with the homeless outreach team. This team of Officers work side by side with other city departments to find solutions for homeless individuals. Officer Zimiga and Officer Crewmen are also very proactive, Police Officers. In the last few months they have arrested many subjects that have warrants. It is great to have these Officers in the Park District keeping the district safe.

SEPTEMBER 2018

**HIGH RESOLUTION**

If you connect your camera to a DVR or other device, it will also need to be HD Compatible.

**INFRARED (IR)**

Built-in IR cut-switch that automatically enables/disables the infrared depending on the light conditions.

**IN THE KNOW**

The camera's viewing angle determines how much space the camera will cover. Wider angled lenses help cut down the # of cameras required for overall coverage. Video Surveillance should be utilized at your property with at least one camera facing towards the address street and camera should be registered with the District Attorney's office

Overview

**Note:** The following information is specific to commercial and retail establishments; however, can be applied to any location utilizing video surveillance.

Basic set up and maintenance problems can reduce the effectiveness of many systems.

- Resolution – is it good enough for facial recognition.
- Camera position – are they positioned for clear view of suspect.
- Lighting – is it adequate to capture clear images both day and night.
- Image detail – is the recorder set up for best image detail.
- Maintenance – are you maintaining your system properly so it can do its job when needed?

Set Up and Maintenance

- **Backlighting** – when sun is bright at doorway, images in front appear darker or even black. Use another light source inside to counteract back light.
- **Low Frame Rate** – saves on drive space and gives better image quality, but you may not get an image at all (now you see him; now you don't).
- **Obstructions** – displays and other objects blocking view **should be eliminated.**
- **Focus Problems** – must check system regularly to prevent.

Minimum camera resolution should be **480 horizontal lines.**

Good cameras have **faster lenses** (allows more lighting), larger maximum **aperture** opening (lets more light into the focal point of the camera) and controls image brightness (allows brighter images in dim lighting) – the more lighting, the more depth of field (greater depth of field; the more of the scene is in focus).

**Focal Length** – some cameras zoom in and out while others have a fixed focal length. The type of cameras used depends on what your needs are.

**Transaction Areas** – anything at a transaction point (cash register, toll booth, etc.), the subject's head should fill at least 15% of the total image in the frame, giving the detail you need.

**Lines of Sight** – lines of sight are always critical, make sure there are no obstructions.

**Site Plan** – the right site plan is crucial (retail store blueprint or **diagram**). Key camera spots are at transaction points (cash registers and entry/exit points) – the more cameras, the better.

You want good camera **overlap** (you want multiple chances to capture good images). Extra coverage is also needed for aisles, restrooms and other key points.

**Camera Height** – placement is very important, make sure it is as close to eye-level as possible. Otherwise, you might lose out to a baseball cap.

With a good site plan you can make sure you don't have any blind spots (you can toy around with camera positions, and do a test recording to see that you are getting what you want).

**Interior Lighting** – interior lighting can balance bright light from one direction (back lighting) by adding another light source from a different location (add a bank of lights).

Example: Artificial lighting (**inside store**) for cameras may be good in the morning, but by noon, the sun (through a doorway or window) can blow the entire frame out (add lighting to fill in for afternoon sunlight). Adding more light from a different direction balances lighting, giving better camera clarity (if sunlight is shining through large windows you can tent windows or add screens.

**Exterior Lighting** – if lights are on timers, you must adjust appropriate to seasonal changes (Fall/Winter: gets dark earlier. Spring/Summer: gets dark later).

# DON'T BE A VICTIM OF A BURGLARY!

## Burglary Awareness & Prevention Tips for Construction Sites

### Securing & Preventing

1. Secure all equipment and vehicles at all times.
2. Take effort to reduce the visibility of tools and equipment secured in vehicles or on job sites.
3. Make use of adequate lighting in conjunction with open chain-link fencing on the perimeter to allow for high visibility to the job site.
4. Strongly consider the use of security systems such as alarms and video surveillance. Ensure signage for such is clearly visible.

SFPD Park Station  
1899 Waller Street  
San Francisco, CA 94117  
(415) 242-5000

### Precautionary Measures

1. Photograph all tools. Ensure photographs clearly show the associated serial number and/or distinctive markings.
2. Ensure job site keys are marked "Do Not Duplicate" and are controlled at all times.
3. Attempt to park employee vehicles within visual range of the job site.

### Should a Burglary Occur

Immediately contact 911. Be prepared to provide the following information:

- a) Time of incident.
- b) Video (if available).
- c) Items taken (include make, model, description, location taken from, value, photos and serial numbers).
- d) Insurance information.
- e) Owner's information.

Whether you live in a single family home, condo, or a large apartment complex in San Francisco, there are a number of ways you can keep your residence safe and secure. Working together as a community with your neighbors and building management can significantly improve your residential safety.

7 Residential Safety Tips

- 1 **Garage:** When entering or leaving the garage, watch to ensure door shuts completely. Lock stored bikes to a sturdy rack.
- 2 **Car:** Always lock your vehicle when parked in your garage and remove all valuables. Never leave garage door opener in your vehicle when parked outside your home.
- 3 **Spare Key:** Never hide spare keys. If you need to have a spare key available, leave it with a trusted neighbor.

- 4 **Door Buzzer:** When a visitor rings your bell, confirm who it is by intercom before you grant them access. Similarly, never let strangers follow you through the front door.
- 5 **Security Cameras & Alarm Systems:** Cost effective tools for preventing crime and identifying criminals.
- 6 **Light Timers:** Installing timers on the exterior of your residence is an effective and energy efficient way to deter criminal activity.
- 7 **Doors/Windows:** Always keep doors and windows locked.

Door and Window Safety

Doors:

- Should be made of solid wood or metal
- Have a single cylinder deadbolt lock and a 1-inch bolt
- Have a front door viewer or peep hole with a 180-degree range
- Clearly display unit number

Windows:

- Replace if glass is cracked and replace all damaged or missing locks
- Ground level windows should be burglary resistant: consider purchasing windows with reinforcement wire, laminate, or tempered glass
- Polycarbonate plastic or metal grates can be installed over existing ground level windows
- Windows above ground level are not considered secure: if used for ventilation, lock in position and keep open no more than 3 inches

Keep property in good repair. Maintain visibility to your neighbors for increased safety.

## WHO AND WHEN TO CALL?

**3-1-1:** Please contact 3-1-1 when the issue is a not an emergency, yet requires City services or, if you simply have questions regarding City services. Non-emergency situations include the following examples: damage to public property, public trees that requires pruning, defective streets or sidewalks, homeless-related issues. 3-1-1 was developed to help the community inform the appropriate City agency regarding a service request.

**Non- Emergency San Francisco Dispatch Line:** Please call the non- emergency dispatch line **(415-553-0123)** when the scenario does not need immediate response from the San Francisco Police Department. For example, if there is a loud party, a group of loud juveniles loitering in front of your residence, noise complaints, doubled parked vehicles, suspicious activities, or a homeless/nuisance related issue. **The non-emergency line is for situations that require the police, but do not require an immediate police response.**

**9-1-1, please call 9-1-1 immediately if there is a police, fire, medical, or any other emergency.** The purpose of San Francisco's 9-1-1 Emergency Telephone System is to provide the community an immediate response of police, fire, or medical personnel for emergency occurrences. To accomplish this, it is imperative that the calls received on the 9-1-1 line be restricted to those situations that require immediate dispatching of police, paramedic, or fire department personnel. For example, crimes or fires that are in-progress, or medical emergencies.

The San Francisco Police Department district station telephone numbers and emails are not monitored. Questions will be answered in the order we receive them. Station emails are not for making police reports nor for reporting a crime. If you need to make a police report, you can call 415-553-0123 or go to your district police station. **If you have an emergency, please call 9-1-1.**

**PARK STATION'S VISION & VALUES****Captain Una Bailey**

I absolutely love police work and I love all that we as SFPD can do to help victims, solve and prevent crimes, and I am a firm believer in the power of the community. We, as a department, are only as successful as our partnerships with the community. I learned very early in my career how important community involvement is both in solving and preventing crimes and also in the creation of safe desirable neighborhoods. I look forward to building and maintaining community involvement and relationships over the coming years. I know that when we work together, we will create a district that will be safe and sound for all.
