Hello all,

I thought I would take this time to bring everyone's attention to the importance of Neighborhood Community groups. They really play a vital role in creating community spirit and keeping their neighborhoods safe. These groups typically meet once per month and keep their community informed as to what is happening in their neighborhood and community.

The groups work with the many city agencies to help solve issues in their neighborhood. They work with members of Park Station to help address crime problems in the neighborhood. Many times they see a situation that they believe may develop into a problem and resolve it before it does. They really serve as the finger on the pulse of the neighborhood or the boots on the ground.

These groups allow community members to organize and have a voice in local government. They also work with one of my favorite city agencies SAFE (safety Awareness for Everyone) and form community watch groups who serve to educate community members on strategies and plans to keep individuals and their community member's safe.

I cannot tell you how much as Captain of this district I appreciate their work and their involvement in the neighborhood. It helps me and all my officers here at Park Station to address the issues within the district. I have attended many of these monthly meetings and have been so impressed with the dedication of these groups and their members.

In addition to all these groups do each group sends a representative to a monthly meeting at Park Station and this gathering of community group representatives is called the Community Police Advisory Board (CPAB). This group of people come together each month and share their concerns for their neighborhoods and most importantly come up with plans to address these issues and concerns. I am so appreciative of their dedication and time each month.

CAPTAIN'S MESSAGE CONTINUED...

Every year Park CPAB and members of Park Station organize an event called National Night Out (NNO). The idea of this event is to bridge the gap between community and Law Enforcement. This year the event has been sponsored in part both by Sutro Tower Inc and SAFE. The event will happen on Tuesday night August 6th 5-7pm at Duboce Park & Harvey Milk Center, 50 Scott Street. This year the event promises to be a great event with lots of entertainment and food. Please mark your calendar and come join us in celebrating community spirit and the collaboration and partnership between the community and the police department. Please pay particular attention to the following pages of the newsletter which will give you specific information regarding the NNO event. We hope to see you all there enjoying the fun activities and food.

Be safe

Take good care

PLANNED PG&E ELECTRIC OUTAGES

san francisco electric outages

Planned PG&E electric outages during wildfire season may affect San Francisco.

Impacts include:

- Homes, businesses and public places without electricity.
- Inoperable traffic signals and transit systems.
- Medical devices without electricity.

before

- Keep a flashlight with extra batteries. Avoid using candles because of risk of fire.
- Stock up on nonperishable food & make sure you have a manual can opener.
- Store water-filled plastic containers in your freezer to use as blocks of ice to prevent food from spoiling.

during

- Check on neighbors, friends & family.
- Turn off & unplug major appliances to eliminate fire hazards when electricity comes back on.
- Keep refrigerator & freezer doors closed to keep food cold.

after

- Reset clocks, thermostats & other programmed equipment after electricity is restored.

OFFICERS OF THE MONTH**Captain Bailey has named Jeremy Mitchell and Orpheos Tarbox,
Officers of the Month for the month of August.**

These two outstanding Officers have served the citizens of San Francisco for 18 years, they both attended the San Francisco Police Academy class of 203rd. In 2003 they came to Park Station and have been partners ever since. The residents of the Park District are fortunate to have these extremely dedicated Officers protecting them daily. Officer Mitchell and Officer Tarbox have helped many citizens over the years and have arrested numerous criminals.

COMMUNITY ENGAGEMENT

NOPNA BLOCK PARTY

Lieutenant Wilhelm and Sergeant Pereira had chance to visit and talk with Park Districts residents at the NOPNA Block Party on June 1, 2019. The weather was great and everyone had a nice time.

COMMUNITY ENGAGEMENT

Students from the Chinese Immersion School participated in the Bike, Walk and Roll to School Day. Park Station Officers escorted the students along Waller Street to their school.

Captain Bailey spoke to the students about biking and walking safety before the start of the event.

SOME OF PARK STATION'S ARRESTS FOR THE WEEK**Driving, License Suspended or Revoked / Area of Masonic Ave. – 07/25/2019 – 2228 Hrs.**

On July 26th, 2019, two officers were driving northbound on Masonic Avenue when they observed a vehicle with defective lights. The officers conducted a traffic stop and made contact with the driver, the officers discovered the driver did not possess his driver's license. A computer query revealed that the driver had a suspended driver's license and he was subsequently issued a citation. The passenger of the vehicle, whose driver's license was verified by the officers, drove the vehicle from the scene.

Burglary, Other Bldg., Forcible Entry; Malicious Mischief, Vandalism to Property; Burglary Tools, Possession of / Area of Cole St. – 07/26/2019 – 0522 Hrs.

In the early morning of July 26th, 2019, two officers responded to a call on Cole Street regarding a burglary. As they approached the scene, they observed a dark silver vehicle drive off in the dark, and proceeded to follow the vehicle to make contact with the driver. As the caller had provided a description of the suspect's vehicle, the officers were able to match the vehicle with the description. A traffic stop was conducted and the officers conducted a burglary investigation. A search of the vehicle found a variety of items that appeared to be involved in the burglary. The driver was later booked for the above charges and transported to County Jail.

Vehicle, Stolen & Recovered; Vehicle, Tampering; Stolen Property, Possession with Knowledge, Receiving / Area of Buena Vista Ave. – 07/26/2019 – 0634 Hrs.

On July 26th, 2019, two officers responded to a call on Buena Vista Avenue regarding two unknown suspects lurking around residences and trying vehicle door handles. Upon arrival, officers noticed a male and female suspect matching the provided description in the middle of what appeared to be an auto boost. Both suspects were handcuffed and the officers conducted an investigation. The female had the key to a vehicle that was reported stolen out of Sacramento. The female suspect's property was also located inside the stolen vehicle. The female was arrested and a search of her revealed six additional vehicle keys and two key FOB's in her purse, as well as pry bars, wire cutters, and screwdrivers in the stolen vehicle. The female was booked and transported to County Jail. The male was cited for being under the influence of drugs and transported to the hospital in an ambulance.

Driving, No License Issued; Traffic Violation Arrest / Area of Duboce Ave. – 07/27/2019 – 1312 Hrs.

On July 27th, 2019, two officers observed a vehicle accelerate from Duboce Ave across Market Street at what they estimated to be an unsafe speed, leading them to conduct a traffic stop of the vehicle. A computer query revealed the vehicle's registration was expired and the driver soon admitted that she didn't have a license. While one of the officers spoke with the driver, he noticed a strong odor of burnt marijuana smoke and observed an open container of marijuana in the center console. The officer conducted a probable cause search of the vehicle and informed all passengers about the violation. The driver was then cited for her violations and released at the scene.

Warrant Arrest, Local SF Warrant / Area of Duboce Ave – 07/23/2019 – 0950 Hrs.

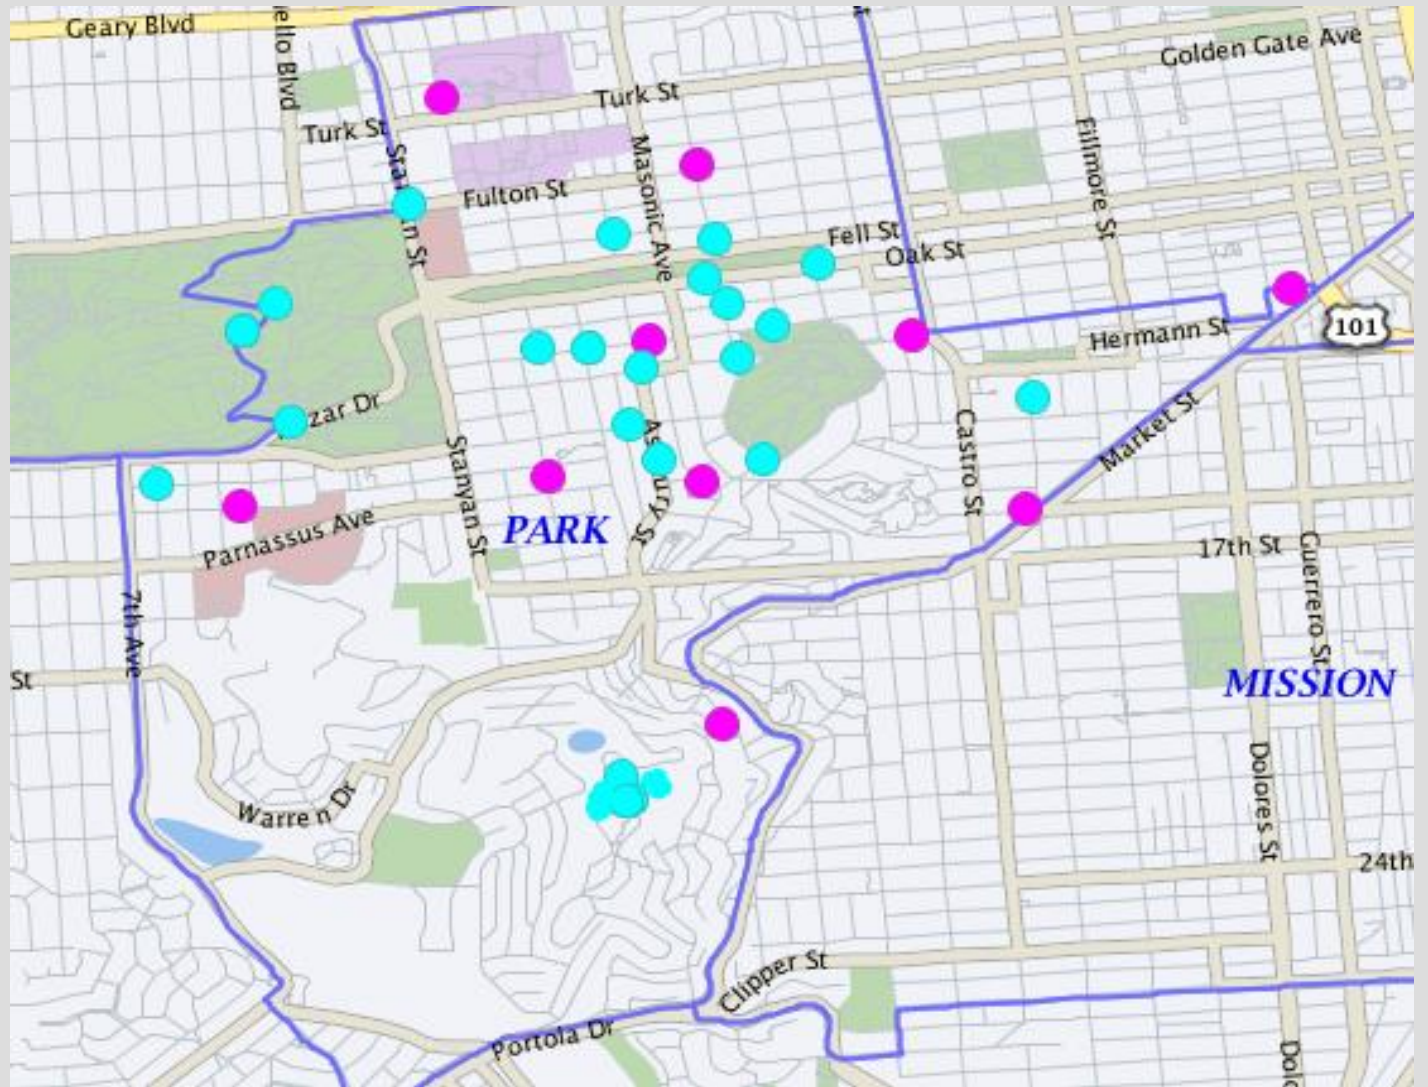

On Tuesday, July 23rd, 2019, two officers were on patrol in the area of Duboce Avenue due to an increased amount of complaints from business owners and residents about subjects obstructing the sidewalks and urinating in doorways. From the patrol vehicle, the officers identified a subject who, from previous contact, was known to loiter and consume illegal narcotics. A warrants check revealed that the subject had an outstanding warrant with a \$15,000 bail. The subject was transported to Park Police Station, where he was booked.

Hallucinogenic, Sale, Marijuana Offense Conspiracy / Area of Haight St / Buena Vista Park 07/23/2019 – 1423 Hrs.

In the afternoon of July 23rd, 2019, members of the Ingleside Plainclothes Team, with members of Park Station Felony Crimes Unit and the San Francisco Police Tactical Division conducted a buy/bust operation in the Park District. A total of five suspects were arrested for sales of Hallucinogens, which included Lysergic Acid Diethylamide, LSD a potent hallucinogenic drug, and psilocybin mushrooms. These officers these got these suspected drug dealers off the streets of the Park District, each one was booked and transported to County Jail. The above listed drugs were removed from the streets and booked into evidence.

DISTRACTED DRIVING

Distracted Driving

Distracted driving is anything that takes your eyes or mind off the road. In the smartphone age, distracted driving is the most dangerous when drivers are using their cell phone behind the wheel.

Whether it is talking, emailing, texting, plugging in directions, using an app or scrolling through social media feeds, using a cell phone is not only dangerous, but also illegal.

In 2017, 3,166 people were killed in distracted driving related crashes across the country, or nearly 10 percent of all traffic deaths.

Using a phone to dial, talk or text triples the risk of a driver getting into a crash. Texting is the most alarming distraction. Sending or reading a text takes your eyes off the road for an average of 5 seconds. At 55 mph, that's like driving the length of a football field with your eyes closed.

Other serious driver distractions such as eating, grooming, reaching for objects on the floor, changing clothes or talking with passengers are just as dangerous. The safest thing drivers can do is put down the phone, focus on the road and just drive.

Distracted Driving Prevention

- ✓ Never Text and Drive
- ✓ Silence your phone before you drive
- ✓ Pull over to safe parking spot to make a call
- ✓ Don't text or call someone you know is driving

Cell Phone Law

- Holding a phone while driving is illegal. Any electronic device must be used in a hands-free manner, such as speaker or voice commands. The law applies when at a stop sign or signal.
- To use a phone while driving, it must be mounted on the dashboard, windshield (seven-inch square in lower right corner or five-inch square in lower left corner), or center console.
- When the phone is mounted, drivers can swipe or tap the screen once to activate or deactivate a feature. It is illegal to swipe multiple times, enter information or text.
- A first offense ticket is \$162, with additional offenses costing even more.
- You may use your phone while holding it for true emergencies, like calling 911.

For additional driver safety tips and resources, visit gosafelyca.org.

Be part of the solution by resisting the urge to talk or text while driving and "Go Safely, California."

DISTRACTED DRIVING

It's easy to feel like driving isn't enough when there's so much more to do. It's normal to feel the urge to grab the phone. But we must stay focused on the road. Not only is holding your phone while driving illegal in the State of California, distracted driving is now the number one cause of roadway crashes. Join us in being part of the solution. Grab the wheel with both hands, enjoy the drive and focus on each other. Here are some ways you can prevent driving distracted:

- > Silence your phone before you get behind the wheel and keep it mounted in a legally approved location.
- > Never text and drive or use apps or social media while driving.
- > Do not eat, drink or program your GPS/MP3 player or other devices while driving.
- > If a phone call is necessary or you need to reroute your map, pull over to use those devices.
- > If something falls to the floor, pull over to a safe parking spot before trying to reach it.

ANTI-BIKE THEFT TIPS

LOCK
PROTECT
REGISTER

sfsafe.org/safe-bikes

SAFE BIKES and the SFPD recommend the Sheldon Brown Locking Method.

No locking method is 100% foolproof, but this method is highly effective.

GUIDE FOR LOCKING YOUR BIKE:

- Use the smallest U-lock that works for your bike to minimize the amount of space available for a thief to insert a jack or levers.
- Use a hardened steel U-Lock to secure back wheel inside the rear triangle of the bicycle frame.
- Check to make sure U-lock is secured to an immovable metal object.
- Secure front wheel with cable or second U-lock. Loop cable around the down tube of the bicycle or secure second U-lock to front wheel and down tube.
- Replace quick release skewers and nutted wheels with keyed locking skewers and nuts to ensure wheels and saddles are locked to the bike frame at all times.
- Check with local bike shop for proper installation of locking skewers and advice.

SAFE BIKE REGISTRY

YOU JUST BOUGHT A NEW BICYCLE— NOW WHAT?

FOLLOW THESE STEPS:

- Register** and upload receipt and photos of your bicycle at sfsafe.org/safe-bikes.
- Buy a hardened steel U-lock and a secondary lock** such as a chain or cable (See locking tools list).
- Replace quick release skewers and nutted wheels with uniquely keyed locking skewers and nuts**, which keep wheels and saddles locked to the bike frame at all times.
- Lock** your bicycle in your garage the same way you would on the street.
- Take an urban bicycling workshop** with the San Francisco Bicycle Coalition to learn safe riding practices. Go to sfbike.org for more information.
- Speak with your local bicycle shop** for more help and advice.

TOOLS TO LOCK YOUR BICYCLE

There are many different types of locks for bicycles and many incorrect ways of using them. No locking method is 100% effective.

For best security use a hardened steel U-lock, chain and locking skewers.

- U-lock**
 - Very good deterrent
 - Use the smallest U-lock that works for your bike to minimize the amount of space available for thief to insert a jack or levers
- Chain**
 - Hardened alloy steel with thickness of at least $\frac{3}{8}$ " thick and heaviest is best
- Locking Skewers**
 - Very good deterrent
 - Replace all quick release parts
 - Check local bike shops for proper installation
- Cable**
 - Recommended for secondary locking device
 - Good security for movable parts

PREVENTING BICYCLE THEFT IN GARAGES

Garages and multi-unit apartment buildings with common garage are one of the most vulnerable places for bicycles. Thieves are waiting for the perfect opportunity.

Secure your bicycle in the garage the same way you would on the street!

- Secure to an immovable object or an anchor system.
- Never lock your bike near a window or door.
- Always watch your garage door and make sure it closes completely so unwanted visitors do not enter.
- Contact SAFE at 415-553-1984 or info@sfsafe.org for a residential security survey.

SAFE BIKE REGISTRY

**YOUR
BICYCLE GETS
STOLEN—
NOW
WHAT?**

- File a police report through sf-police.org or visit your local police district station.
- Notify **SAFE BIKES** at info@sfsafe.org or call 415-553-1984.
- Provide pictures and serial numbers for bicycle with the police report and any identifying marks.
- If you don't have a serial number or pictures, track down your serial number from the point of purchase and/or use stock photos and send them to the investigator immediately.
- File an insurance claim.

INTERNET INVESTIGATIONS

- Post pictures of stolen bicycle to **Craigslist**, set up a **Google alert**, and use **IFTTT.com**.
- If bicycle is found, contact the SFPD investigator. **DO NOT** arrange a meeting and attempt to get your bicycle back.
- Check racklove.com and stolenbikeregistry.com to find your bicycle.

HIGH RESOLUTION

If you connect your camera to a DVR or other device, it will also need to be HD Compatible.

INFRARED (IR)

Built-in IR cut-switch that automatically enables/disables the infrared depending on the light conditions.

IN THE KNOW

The camera's viewing angle determines how much space the camera will cover. Wider angled lenses help cut down the # of cameras required for overall coverage. Video Surveillance should be utilized at your property with at least one camera facing towards the address street and camera should be registered with the District Attorney's office

Overview

Note: The following information is specific to commercial and retail establishments; however, can be applied to any location utilizing video surveillance.

Basic set up and maintenance problems can reduce the effectiveness of many systems.

- Resolution – is it good enough for facial recognition.
- Camera position – are they positioned for clear view of suspect.
- Lighting – is it adequate to capture clear images both day and night.
- Image detail – is the recorder set up for best image detail.
- Maintenance – are you maintaining your system properly so it can do its job when needed?

Set Up and Maintenance

- **Backlighting** – when sun is bright at doorway, images in front appear darker or even black. Use another light source inside to counteract back light.
- **Low Frame Rate** – saves on drive space and gives better image quality, but you may not get an image at all (now you see him; now you don't).
- **Obstructions** – displays and other objects blocking view **should be eliminated.**
- **Focus Problems** – must check system regularly to prevent.

Minimum camera resolution should be **480 horizontal lines.**

Good cameras have **faster lenses** (allows more lighting), larger maximum **aperture** opening (lets more light into the focal point of the camera) and controls image brightness (allows brighter images in dim lighting) – the more lighting, the more depth of field (greater depth of field; the more of the scene is in focus).

Focal Length – some cameras zoom in and out while others have a fixed focal length. The type of cameras used depends on what your needs are.

Transaction Areas – anything at a transaction point (cash register, toll booth, etc.), the subject's head should fill at least 15% of the total image in the frame, giving the detail you need.

Lines of Sight – lines of sight are always critical, make sure there are no obstructions.

Site Plan – the right site plan is crucial (retail store blueprint or **diagram**). Key camera spots are at transaction points (cash registers and entry/exit points) – the more cameras, the better.

You want good camera **overlap** (you want multiple chances to capture good images). Extra coverage is also needed for aisles, restrooms and other key points.

Camera Height – placement is very important, make sure it is as close to eye-level as possible. Otherwise, you might lose out to a baseball cap.

With a good site plan you can make sure you don't have any blind spots (you can toy around with camera positions, and do a test recording to see that you are getting what you want).

Interior Lighting – interior lighting can balance bright light from one direction (back lighting) by adding another light source from a different location (add a bank of lights).

Example: Artificial lighting (**inside store**) for cameras may be good in the morning, but by noon, the sun (through a doorway or window) can blow the entire frame out (add lighting to fill in for afternoon sunlight). Adding more light from a different direction balances lighting, giving better camera clarity (if sunlight is shining through large windows you can tent windows or add screens.

Exterior Lighting – if lights are on timers, you must adjust appropriate to seasonal changes (Fall/Winter: gets dark earlier. Spring/Summer: gets dark later).

PARK SMART CAMPAIGN

Park Smart!

THE KEYS TO PARKED CAR SAFETY ARE IN YOUR HANDS!

If you love it, don't leave it.

DON'T TEMPT A CAR THIEF!

Car thieves only need seconds to break into your car. So Park Smart, and especially keep your trunk clear.

Take everything with you.

Park Smart!

Safe Habits to Adopt:

Turn off the ignition
Never leave your car running unattended

Keep your vehicle & tires in good condition
to prevent breakdowns—stranding you in a dark or unfamiliar place

Lock your doors
when you get in your car

See something, say something
If you see a motorist in distress, call 9-1-1 versus stopping to help

Clear your trunk
and take your valuables with you every time you leave your car

If you are being followed,
drive to the nearest police or fire station—a populated area is a good default

DON'T BE A VICTIM OF A BURGLARY!

Burglary Awareness & Prevention Tips for Construction Sites

Securing & Preventing

1. Secure all equipment and vehicles at all times.
2. Take effort to reduce the visibility of tools and equipment secured in vehicles or on job sites.
3. Make use of adequate lighting in conjunction with open chain-link fencing on the perimeter to allow for high visibility to the job site.
4. Strongly consider the use of security systems such as alarms and video surveillance. Ensure signage for such is clearly visible.

1899 Waller Street
San Francisco, CA 94117
(415) 242-5000

Precautionary Measures

1. Photograph all tools. Ensure photographs clearly show the associated serial number and/or distinctive markings.
2. Ensure job site keys are marked "Do Not Duplicate" and are controlled at all times.
3. Attempt to park employee vehicles within visual range of the job site.

Should a Burglary Occur

Immediately contact 911. Be prepared to provide the following information:

- a) Time of incident.
- b) Video (if available).
- c) Items taken (include make, model, description, location taken from, value, photos and serial numbers).
- d) Insurance information.
- e) Owner's information.

Whether you live in a single family home, condo, or a large apartment complex in San Francisco, there are a number of ways you can keep your residence safe and secure. Working together as a community with your neighbors and building management can significantly improve your residential safety.

7 Residential Safety Tips

- 1 **Garage:** When entering or leaving the garage, watch to ensure door shuts completely. Lock stored bikes to a sturdy rack.
- 2 **Car:** Always lock your vehicle when parked in your garage and remove all valuables. Never leave garage door opener in your vehicle when parked outside your home.
- 3 **Spare Key:** Never hide spare keys. If you need to have a spare key available, leave it with a trusted neighbor.

- 4 **Door Buzzer:** When a visitor rings your bell, confirm who it is by intercom before you grant them access. Similarly, never let strangers follow you through the front door.
- 5 **Security Cameras & Alarm Systems:** Cost effective tools for preventing crime and identifying criminals.
- 6 **Light Timers:** Installing timers on the exterior of your residence is an effective and energy efficient way to deter criminal activity.
- 7 **Doors/Windows:** Always keep doors and windows locked.

Door and Window Safety

Doors:

- Should be made of solid wood or metal
- Have a single cylinder deadbolt lock and a 1-inch bolt
- Have a front door viewer or peep hole with a 180-degree range
- Clearly display unit number

Windows:

- Replace if glass is cracked and replace all damaged or missing locks
- Ground level windows should be burglary resistant: consider purchasing windows with reinforcement wire, laminate, or tempered glass
- Polycarbonate plastic or metal grates can be installed over existing ground level windows
- Windows above ground level are not considered secure: if used for ventilation, lock in position and keep open no more than 3 inches

Keep property in good repair. Maintain visibility to your neighbors for increased safety.

PARK STATION'S VISION & VALUES**Captain Una Bailey**

I absolutely love police work and I love all that we as SFPD can do to help victims, solve and prevent crimes, and I am a firm believer in the power of the community. We, as a department, are only as successful as our partnerships with the community. I learned very early in my career how important community involvement is both in solving and preventing crimes and also in the creation of safe desirable neighborhoods. I look forward to building and maintaining community involvement and relationships over the coming years. I know that when we work together, we will create a district that will be safe and sound for all.

WHO AND WHEN TO CALL?

3-1-1: Please contact 3-1-1 when the issue is a not an emergency, yet requires City services or, if you simply have questions regarding City services. Non-emergency situations include the following examples: damage to public property, public trees that requires pruning, defective streets or sidewalks, homeless-related issues. 3-1-1 was developed to help the community inform the appropriate City agency regarding a service request.

SF 3-1-1 APP is available to use on your mobile device. Download the APP and its easy to use for many Non-emergency.

Non- Emergency San Francisco Dispatch Line: Please call the non- emergency dispatch line (**415-553-0123**) when the scenario does not need immediate response from the San Francisco Police Department. For example, if there is a loud party, a group of loud juveniles loitering in front of your residence, noise complaints, doubled parked vehicles, suspicious activities, or a homeless/nuisance related issue. **The non-emergency line is for situations that require the police, but do not require an immediate police response.**

9-1-1, please call 9-1-1 immediately if there is a police, fire, medical, or any other emergency. The purpose of San Francisco's 9-1-1 Emergency Telephone System is to provide the community an immediate response of police, fire, or medical personnel for emergency occurrences. To accomplish this, it is imperative that the calls received on the 9-1-1 line be restricted to those situations that require immediate dispatching of police, paramedic, or fire department personnel. For example, crimes or fires that are in-progress, or medical emergencies.

The San Francisco Police Department district station telephone numbers and emails are not monitored. Questions will be answered in the order we receive them. Station emails are not for making police reports nor for reporting a crime. If you need to make a police report, you can call 415-553-0123 or go to your district police station. **If you have an emergency, please call 9-1-1.**
