## Featured Officer of the Month

### Officer Andrew Kidd

Each month Taraval Police Station features one of its officers in an effort to learn more about the men and women who police our neighborhood. This month, we interviewed Officer Andrew Kidd

### Officer Andrew Kidd

Andrew Kidd, is from Lodi California and has been a police officer since June 19, 2017. He trained at Mission station before being transferred to Taraval Station for probation. He enjoys working at Taraval Station because has met numerous members of the community primarily surrounding San Francisco State area and OMI area. Taraval has helped him become a better police officer by allowing ample time for Self-Initiated Activity and follow up investigations.

## Featured Citizen of the Month

### John Zwolinski

Each month Taraval Police Station features a citizen who represents the unique flavors of the Taraval Police District. This person goes out of his way to help out the community or Taraval Station. This month, we interviewed John Zwolinski

John Zwolinski, our CPAB Co-Chair, has been a resident of the Outer Sunset for 14 years. He is the La Playa Park SAFE group Block Captain, a seventh-grade history teacher at A.P. Giannini, and one of the original members of the Taraval CPAB. Email: CPAB-JohnZ@taraval.org.

It has been 9 years since the establishment of the Taraval Community Police Advisory Board (CPAB), which is comprised of civilian volunteers from their respective residential and commercial communities and a representative from San Francisco SAFE. The role of each CPAB member is to advise the District Captain about crime and quality of life issues that affect the community and help problem solve and brainstorm creative solutions to recurring problems.

## Protect Your Vehicle Against Catalytic Converter Theft

Thieves are looking for fuel-powered vehicles manufactured after 1974 that have catalytic converters. Thieves often target taller vehicles (such as pickup trucks or SUVs) because they can easily fit under the vehicle to access the catalytic converter. Also targeted are 2000's model Toyota's and Hondas. The location of your car may also be a factor like regularly parking in one area for a long period of time. When possible, park in well-lit areas and close to building entrances. If you have a garage at your house, park your vehicle inside and keep the garage door close.

Have the catalytic converter welded to your car's frame, which may make it harder to steal.

Consider engraving your vehicle identification number (VIN) on the catalytic converter — this may help alert a scrap dealer that it was stolen and make it easier to identify the owner.

Calibrate your car's alarm to set off when it detects vibration.

# TARAVAL STATION

Currently, if your home is under construction and no one is at that location after work hours, please call Taraval Station at 415-759-3100 and provide your name and the address of the construction site and phone number. We can have our officers conduct passing calls.
