Drive Safely as it gets Darker

Daylight Savings Time ends every year on the first Sunday in November. This means it starts to get darker earlier. As we set our clocks backward by one hour in most areas of the country, here are some tips for driving at night.

When Daylight Savings Time ends many people will find themselves spending more time driving in the dark. Depth perception, color recognition and peripheral vision can be compromised in the dark, and the glare of headlights from an oncoming vehicle can temporarily blind a driver.

Even with high-beam headlights on, visibility is limited to about 500 feet (250 feet for normal headlights) creating less time to react to something in the road, especially when driving at higher speeds.

What should you do to combat darkness?

Aim your headlights correctly, and make sure they're clean

Dim your dashboard

Look away from oncoming lights

If you wear glasses, make sure they're anti-reflective

Clean the windshield to eliminate streaks

Slow down to compensate for limited visibility and reduced stopping time

Tip: When you change your clocks, it's also a great time to check the batteries in your smoke alarms and carbon monoxide detectors

As a **reminder**, Central's Community Meeting will be held Thursday, November 21, 2019 at 5 p.m. at Grace Cathedral. The meeting is open to everyone from the Central District and it is a good way to discuss issues in the district.

If you have any questions or concerns that impact your neighborhood, please contact me at Robert.Yick@sfgov.org or call me at 415-315-2400.

RIDE ON!

Make Bicycle Theft a Thing of the Past

In order to address the issues cyclists are faced with, SAFE has partnered with the San Francisco Police Department and dedicated community members to create SAFE Bikes. SAFE Bikes maintains a registry to help get your bike back to you in case it's stolen, and an information page to keep you and your bike out of harm's way.

The SAFE Bikes sticker and ID code have been instrumental in helping law enforcement get recovered bikes back to their owners. To register your bike with SAFE Bikes, you will need:

Make, model, serial number and complete description of the bicycle.

A photo of the purchase receipt

A photo of the bicycle

Please send an email at info@sfsafe.org with your name and address and we'll get you started with bike registration.

After your registration is complete, you will receive a sticker in the mail to place on your bike.

Definition of Suspicious Activity

Suspicious activity is any observed behavior that could indicate a crime-related incident has been committed, or about to be committed. Unusual items or situations: A vehicle is parked in an odd location, a package/luggage is unattended, a window/door is open that is usually closed, or other out-of-the-ordinary situations occur.

Examples of Suspicious Activity:

- ◆ An individual peering into vehicles to locate any valuables left unattended.
- ◆ An individual trying door handles to vehicles, and/or residences to gain access to the vehicle and/ or residence.
- ◆ An individual checking front doors of residences to locate any unattended packages, or individuals following delivery trucks to see where the truck is dropping off packages.

**See something.
Say something.**

Definition of Community Policing

Community policing, or community-oriented policing, is a strategy of policing that focuses on police building ties and working closely with members of the communities.

- Homeless Outreach and Outreach to Drug Users: Central Station officers coordinate with city agencies to provide outreach and assistance to rehabilitate those who are dependent on illegal drugs and outreach to homeless individuals to connect them with resources and support.
- Foot Patrols: Central Station have beat officers assigned to Union Square, Fisherman's Wharf, Chinatown, North Beach and Market/Drumm area.
- Monthly Police Community Relations Meetings: Community Meetings are held continuously. Officers also attend meetings with merchants groups, business groups, development authorities and others. Concerns are voiced and addressed through problem solving.
- Email Updates: Central Station sends out newsletter updates to residents in the District that alerts residents of crime trends, upcoming community events, crime prevention tips, and information on how to contact officers at the District Station.

Park Smart!

If you love it, don't leave it.

Car thieves only need seconds to break into your car.

So Park Smart and take all valuables with you —
from small items — cell phones and sunglasses —
to bigger items — luggage and backpacks.

Don't tempt a car thief.
