

# Q2 Corrections

During a routine review of SFPD data, it was noticed that the Q2 2020 96A report omitted one data point on a shooting that occurred in April 2020. While the report contained the narrative and associated information (see page 140), a data system error did not capture the shooting as a data point in our systems.

The following pages (135-140) constitute an update to the Q2 2020 96A full report pages 28, 29, 30, 89, 90 and Q2 2020 96A Executive Summary page 15. Changes are highlighted in yellow.
