## Captain's Greeting

Greetings from Mission Station. I hope this day finds everyone well.

The Mission Police District is bordered generally by Cesar Chavez St, Market St, Division St and San Bruno. Our police district is comprised of many historic neighborhoods including the Mission, Castro, Eureka Valley and Noe Valley to name a few. The people, culture, arts, parks and vibrant commercial corridors are a draw for residents and visitors alike.

Officers assigned to Mission Station are actively involved in community and youth engagement efforts throughout our district. We are fortunate to have numerous partners in our community who help us provide information about services, resources and programs which are beneficial to the members of our community.

We are fortunate to be invited to attend neighborhood watch meetings, merchant meetings and community events. We are also happy to connect our partners at SF SAFE to newly formed and existing neighborhood watch groups to help them develop effective strategies that help improve safety in their neighborhoods.

The San Francisco Police Department is committed to excellence in law enforcement and is dedicated to the people, traditions and diversity of our City. Our mission is to provide service with understanding, response with compassion, performance with integrity and law enforcement with vision.

As part of our ongoing outreach to engage with the community and measure our success, the Department has created a community survey link to obtain valuable community feedback for our community events and programs, which will assist the Department in the development of our strategies to meet the needs of the community. If you have recently attended or participated in an event or program hosted by the Department (such as Coffee with a Cop, National Night Out, ALERT program, Youth Summer program, Community Academy or Town Hall Meeting), and have feedback regarding the event or program you attended, please take some time to fill out our community survey.

The Department has also developed a Foot Beat/Bike Patrol survey to gather valuable community feedback on the effectiveness of the Foot Beat/Bicycle Patrol, as it relates to community policing and crime strategies and an Implicit Bias survey to measure progress in the Department's commitment to impartial policing and procedural justice. Please take the time to fill out the Foot Beat/Bicycle and Implicit Bias surveys. If you have already filled out a survey, thank you! Your response will help SFPD better serve our City and continue to support our community through Safety with Respect.

## FEATURED OFFICER OF THE MONTH

**Officer Sanja Kajasa** is a native of Croatia and grew up in North Carolina. She attended the University of North Carolina in Charlotte and graduated with a degree in Criminal Justice. Officer Kajasa joined the San Francisco Police Department in 2015 and was a member of academy class 246.

Officer Kajasa started thinking about a career in law enforcement while she was working on her degree at UNC. The police officers in Mecklenburg, North Carolina were great and had an impact on her which ultimately led to her apply to the Mecklenburg police department. Officer Kajasa's favorite part of the job is arresting criminals who inflict pain on the vulnerable, assisting victims, and helping those in need. She would like to continue to enhance her knowledge, skills, abilities, and experience in the different areas of the job and promote one day and be a competent leader and represent the department in a positive way.

In her off-time Officer Kajasa likes to work out and compete in fitness shows. She is also a personal trainer.

## FEATURED CITIZEN OF THE MONTH

This month's featured citizen of the month is Mike Babbit. Mike is a native of the suburbs of Philadelphia, Pennsylvania, in an enclave known as King of Prussia. His fond memories growing up in the neighborhood are of eating hoagies and cheesesteaks and buying candy and snacks at the Wawa.

Mike attended school in King of Prussia through high school and attended University of Miami for his undergraduate degree. Mike continued his education at University of Pennsylvania for a graduate degree. His undergraduate degree consisted of a double major in music engineering and computer science. The graduate degree was in Technology Management. Currently Mike is working for Dolby Laboratories as the Solutions Engineering Director.

Both of Mike's parents were professional musicians. Additionally, his mom was a music teacher. This unique background in music has always interested him on how things work, and he was able to integrate engineering and music together throughout his education and career. Mike's favorite part of the job is to help people solve problems, learning new things and working with talented people to create innovative ways to efficiently encode and deliver signals to television and mobile devices.

Mike is married to Nila and together they have a 6-year-old, 110-pound Boerboel dog named Harley. He has trained his marvelous canine companion to protect them from Amazon deliveries, skateboarders, and other persons who would invade their sanctum. Mike and his family have called the Castro home since 1998.

Mike is an integral part of the community and he likes to support it with his awesome neighbors. Mike and his neighbors are trying to make the Castro safer and more secure as well as trying to beautify the neighborhood. Mike is trying to make it so that people suffering from substance addiction and mental illness are not ignored or stepped over but rather documented and exposed to city agencies who are tasked with addressing these issues in such a way that their efforts reinforce and sustain accountability and make a difference.

Mike's other hobbies include watching the San Francisco Giants, dogs, learning Italian and looks forward to traveling again.

## San Francisco Police Release Burglary Awareness Crime Prevention Video

The San Francisco Police Department would like to remind the public to stay safe and help protect yourself from vehicle and home burglaries. Below are some simple steps you can take to help prevent your home or vehicle from being burglarized.

- Do not leave valuables in your vehicle
- Remove garage door opener from your vehicle if parked outside your garage
- Lock the door from your garage leading inside your home
- “Block the cord” – garage door openers have an emergency release cord that, when pulled, disconnects the door from the mechanism thereby making it easy for burglars to enter your garage

## ADDRESSING CRIME / SAFETY TIPS

With the Covid-19 restrictions lifting in phases and many of us are starting to venture out again, here are some Package Theft Prevention Guide from SFSafe to help prevent your packages from being stolen.

# PACKAGE THEFT PREVENTION GUIDE

### WON'T BE HOME?

Use the "Hold Package" option at USPS.com to have packages held at location post office for pick up. You can also arrange for neighborhoods to pick up any packages that might be delivered.

### USE SPECIAL SERVICES

Use USPS special services like *Signature Confirmation* or *Registered Mail* to add a layer of security.

### REQUEST NONDESCRIPT PACKAGING

When completing your online order, opt for packaging that conceals the item or select the 'gift' option to ensure package arrives in a plain box especially when ordering from a high-end store.

### NETWORK WITH NEIGHBORS

Neighborhood groups on social media or community apps can provide a system for reporting suspicious activity. This is also a good way to keep your deliveries and neighborhood secure.

### PORCH AREA VISIBILITY

Keep the porch area clear and visible. The more likely a would-be thief is to be seen, the more likely they are to choose another target.

### CUSTOMIZE DELIVERIES

Customize deliveries by adding specific delivery instructions using USPS.com and your tracking number. You can also schedule packages to arrive when you are home or reroute packages.

### DELIVER TO SECURE LOCATIONS

Send packages to secure locations such as Amazon Lockers, FedEx and UPS locations, P.O. Boxes, and local post office.

### USE MODERN ALTERNATIVES

Take advantage of contemporary options like smart lockers, lockboxes, cameras, motion detection lighting, alarms like Package Guard, and services like Doorman.

# PREVENT GARAGE DOOR BREAK-INS

Garages can sometimes be the most vulnerable area of the home and they are often the entry point most targeted by thieves because of the easy access to the home. Here are some tips to help secure your garage and protect it from theft.

## ALWAYS CLOSE YOUR GARAGE DOOR

This may seem obvious, but just drive through any residential neighborhood and you'll likely see a few wide-open garage doors. This is an invitation to burglars and at the very least, you're allowing passersby to easily view the contents of your garage.

## INSTALL MOTION-SENSITIVE LIGHTS

Homes and garages with poor exterior lighting become more appealing targets for burglars. Ensure all entry points are well-lit. Constant lighting supplemented by motion sensitive lighting is best.

## REINFORCE THE GLASS ON THE GARAGE DOOR

Add vinyl adhesive to reinforce garage windows. You can also opt for a frosted or translucent glass design to allow sunlight in while obscuring contents inside.

## DON'T LEAVE GARAGE DOOR REMOTE IN YOUR CAR

A garage door remote is basically another key into your home and thieves won't hesitate to use it if they find it. Opt to use a remote on a keychain.

## INSTALL AN INTERIOR MANUAL GARAGE DOOR LOCK

When leaving on a vacation or for extended periods of time, disconnect automatic door motor and install a manual lock.

## TIE EMERGENCY RELEASE CORD

Tying your emergency release cord into a small ball will make it more difficult to reach by thieves who manage to break the garage windows.

## INSTALL SURVEILLANCE CAMERAS

There should be at least 1 exterior mounted camera facing the street and registered with the D.A.'s office.

## SECURE ANY VALUABLES

Keep all tools in cabinet systems with locks and be sure to hang and lock any bicycles. As much as possible, try to avoid keeping valuable items in the garage or inside vehicles.

## HAVE A QUALITY, FUNCTIONING GARAGE DOOR

Garage doors should be as secure, sturdy, and well-built as your front door and should remain in good condition and tight fitting. Deadbolts should also be added to the garage-to-house door.

## INSTALL INTERIOR MAIL SLOT HOOD COVER

If the garage door is equipped with a mail slot, a hood cover will prevent any view into the garage and its contents, eliminating enticement to enter.

## ADDRESSING CRIME / SAFETY TIPS

### PREVENT THEFT FROM YOUR VEHICLE

Remember when parking your vehicle to ensure it is properly secured before walking away. Be sure that your windows are up, and your doors are locked. Thieves often check door handles to see if a car is unlocked. Remove all valuables from the inside of your car and take them with you. **PARK SMART!** Flyers available in English -Chinese - Spanish

# Park Smart!

## Safe Habits to Adopt:

### Turn off the ignition

Never leave your car running unattended

### Keep your vehicle & tires in good condition

to prevent breakdowns—stranding you in a dark or unfamiliar place

### Lock your doors

when you get in your car

### See something, say something

If you see a motorist in distress, call 9-1-1 versus stopping to help

### Clear your trunk

and take your valuables with you every time you leave your car

### If you are being followed,

drive to the nearest police or fire station—a populated area is a good default

## SUMMARIES OF SUPREME COURTS CASE LAWS

(RELEASED EVERY 3 MONTHS—FIRST WEEK JANUARY, APRIL, JULY, OCTOBER)

### **Kansas v. Glover (2020) 140 S.Ct. 1183.**

A Kansas deputy sheriff ran a license plate check on a truck and discovered that the registered owner had a revoked driver's license. The deputy assumed the registered owner was driving the vehicle and pulled it over. The registered owner, Glover, was in fact driving and charged with being a habitual offender. Thereafter, Glover moved to suppress the evidence, claiming that the deputy lacked reasonable suspicion to detain him.

The United States Supreme Court held that, “when the officer lacks information negating an inference that the owner is the driver of the vehicle, the stop is reasonable.” The Court noted that the Fourth Amendment permits an officer to detain an individual when that officer has a “particularized and objective basis for suspecting the particular person stopped of criminal activity.” Officers must be permitted to make commonsense judgments and inferences regarding human behavior. The Court found that prior to pulling the vehicle over, the deputy observed an individual operating the vehicle, he knew the registered owner had a revoked license, and the model of the vehicle matched what he observed. From these facts the deputy drew the commonsense inference that the driver was the registered owner and the Court found that provided more than reasonable suspicion to initiate the traffic stop.

### **People v. Henderson (2020) 9 Cal.5th 1013**

Henderson was convicted of first degree murder with special circumstances, the personal use of a deadly weapon, and sentenced to death which triggered an automatic appeal to the California Supreme Court. Following his arrest, and during a custodial interrogation, Henderson initially waived his Miranda rights. When asked if he was present at the scene of the crime, Henderson stated, “Uhm, there's some things that I, uhm, want uh ...” He was again asked if he was present and Henderson continued, “[want] uh, want to speak to an attorney first, because I, I take responsibility for me, but there's other people that...”

Under established Miranda law, officers must terminate a custodial interrogation of a suspect when that individual invokes their right to counsel or to be silent. That being said, “various cases have held that a suspect's use of equivocal words or phrases does not constitute a clear request for counsel.” A suspect must unambiguously assert his right to counsel or to remain silent. Courts objectively look to whether the suspect expressed their desire for counsel with sufficient clarity “that a reasonable police officer in the circumstances would understand the statement to be a request for an attorney.” Courts have found the following statements to be equivocal and not an invocation: “maybe I should talk to a lawyer;” “[i]f you can bring me a lawyer;” “I think it'd probably be a good idea for me to get an attorney.” In this case the court found that by stating, “[I] want to, speak to an attorney first,” Henderson did not use equivocal language and the California Supreme Court found this was a violation of the Fifth Amendment.

## **CPAB— PROJECT UPDATES**

(PROVIDED MONTHLY 1ST WEEK)

Community Police Advisory Board (CPAB) “CPABs” are community-oriented police advisory boards for each police district. Each CPAB, led by the District Captain for that police district, is comprised of approximately 10 to 15 committed volunteer community members and a representative from the Community Engagement Division of the SFPD. District Captains may choose more members if they wish to accomplish specific tasks. Each district’s Board members live and/or work in the communities within that district, where a community may be either a neighborhood with specific needs or a specific demographic. Each member thus represents the diversity of their community. In addition to the district CPABs, there will also be a City-wide CPAB Steering Committee facilitated by SF Safety Awareness For Everyone (SAFE). Two representatives from each Community Police Advisory Board shall be selected to participate in this Committee, with the purpose of sharing information across districts.

### Bias-Free Policing

Everyone deserves to be treated fairly.

SFPD officers undergo Implicit Bias & Procedural Justice training. Our goal is ensure fair, impartial community policing.

We're dedicated to providing *Safety With Respect for All.*

A guiding principle of the San Francisco Police Department is its commitment to treating all people with dignity, fairness, and respect. It is crucial for our members to carry out their duties in a manner free from bias and eliminate any perception of policing that appears biased. Biased policing is unsafe, unjust, and ineffective. The SFPD is dedicated to ensuring our officers and professional staff provide unbiased, quality service to the diverse communities we work for. Our goal is to provide fair and positive interactions between San Francisco officers and the people we are proud to serve.
