Hello Richmond District Residents and Merchants,

This year the celebration of Lunar New Year overlaps with the commemoration of Black History Month. With one looking to the future and the other honoring the past, it perfectly encapsulates how we should approach repairing and improving San Francisco together. I hope to see our Richmond District community celebrate and acknowledge both of these occasions, and along with SFPD, use the month of February to grow in understanding of two rich cultures in our City. I would also like to use this time to reaffirm our Richmond Police Station and SFPD commitment to the ideals of diversity, equity, inclusion, and safety with respect. Please celebrate safely!

WHAT YOU NEED TO KNOW THIS MONTH

I think I have been a victim of a scam! What do I do?

Financial crimes include phone scams, counterfeit money, identity theft, and embezzlement. Scammers often target the elderly, low-income people, and business owners. In some cases, scammers have posed as IRS, courts, or utility representatives to cheat victims out of their money. In all of these cases, your first step is making a police report in person at your local district station or online [here](#). Next, preserve what evidence you may have. Evidence includes eyewitness accounts and/or documents. Useful documents include account statements, receipts and canceled checks. Finally, contact all your banking services and credit bureaus to notify them of the incident, as you may need to close your account or put a hold on your credit. For more information, visit our FAQ here: [Financial Crimes](#)

San Francisco Police Release Burglary Awareness Crime Prevention Video

The San Francisco Police Department would like to remind the public to stay safe and help protect yourself from vehicle and home burglaries. Below are some simple steps you can take to help prevent your home or vehicle from being burglarized.

- Do not leave valuables in your vehicle
- Remove garage door opener from your vehicle if parked outside your garage
- Lock the door from your garage leading inside your home
- "Block the cord" – garage door openers have an emergency release cord that, when pulled, disconnects the door from the mechanism thereby making it easy for burglars to enter your garage

For more information on how to protect yourself, your family and your home from burglary please click on the link below and watch our safety video.

IF YOU SEE SOMETHING, SAY SOMETHING...

Suspicious activity is any observed AND articulable behavior that could indicate a crime-related incident has been committed, or is about to be committed. Articulable means you are capable of expressing, explaining, or justifying to our dispatchers and/or officers that you believe a person violated a law or regulation. Race, gender, religion, socio-economic status, style of dress, choice of hairstyle, etc. should NEVER be a factor in classifying someone as suspicious. Some examples of suspicious activity:

- Individual(s) peering into vehicles to try and locate any valuables left unattended.
- Individual(s) trying door handles to vehicles and/or residences to gain access.
- Individual(s) following delivery trucks to see where the truck is dropping off packages.

While this isn't an exhaustive list, nor absolute confirmation of a crime, we hope these examples will assist you should you ever need to call the police.

ASK US

Where can I find data on Richmond District's case clearance rates?

The [SFPD Clearance Rate Dashboard](#) is used to display clearance rates for Part I crimes committed in San Francisco, and can be further dissected to display by district station. Part I crimes are defined by the FBI's Uniform Crime Reporting (UCR) Program and include homicide, rape, robbery, aggravated assault, burglary, larceny, motor vehicle theft and arson. Part I offenses may only be cleared by arrest or by exceptional means. A law enforcement agency may be able to close a case administratively, however there is specific criteria that must be met for the purpose of UCR clearance. For more information, visit the [SFPD Clearance Rates Dashboard](#).

AGGRAVATED ASSAULT: An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. Simple assaults are excluded.

BURGLARY: The unlawful entry of a structure to commit a felony or a theft. Attempted forcibly entry is included.

LARCENY (aka THEFT): The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. Examples are thefts of bicycles, motor vehicle parts and accessories, shoplifting, pickpocketing, or the stealing of any property or article that is not taken by force and violence or by fraud. Attempted larcenies are included. Embezzlement, confidence games, forgery, check fraud, etc., are excluded.

PREVENT GARAGE DOOR BREAK-INS

Garages can sometimes be the most vulnerable area of the home and they are often the entry point most targeted by thieves because of the easy access to the home. Here are some tips to help secure your garage and protect it from theft.

ALWAYS CLOSE YOUR GARAGE DOOR

This may seem obvious, but just drive through any residential neighborhood and you'll likely see a few wide-open garage doors. This is an invitation to burglars and at the very least, you're allowing passersby to easily view the contents of your garage.

INSTALL MOTION-SENSITIVE LIGHTS

Homes and garages with poor exterior lighting become more appealing targets for burglars. Ensure all entry points are well-lit. Constant lighting supplemented by motion sensitive lighting is best.

REINFORCE THE GLASS ON THE GARAGE DOOR

Add vinyl adhesive to reinforce garage windows. You can also opt for a frosted or translucent glass design to allow sunlight in while obscuring contents inside.

DON'T LEAVE GARAGE DOOR REMOTE IN YOUR CAR

A garage door remote is basically another key into your home and thieves won't hesitate to use it if they find it. Opt to use a remote on a keychain.

INSTALL AN INTERIOR MANUAL GARAGE DOOR LOCK

When leaving on a vacation or for extended periods of time, disconnect automatic door motor and install a manual lock.

TIE EMERGENCY RELEASE CORD

Tying your emergency release cord into a small ball will make it more difficult to reach by thieves who manage to break the garage windows.

INSTALL SURVEILLANCE CAMERAS

There should be at least 1 exterior mounted camera facing the street and registered with the D.A.'s office.

SECURE ANY VALUABLES

Keep all tools in cabinet systems with locks and be sure to hang and lock any bicycles. As much as possible, try to avoid keeping valuable items in the garage or inside vehicles.

HAVE A QUALITY, FUNCTIONING GARAGE DOOR

Garage doors should be as secure, sturdy, and well-built as your front door and should remain in good condition and tight fitting. Deadbolts should also be added to the garage-to-house door.

INSTALL INTERIOR MAIL SLOT HOOD COVER

If the garage door is equipped with a mail slot, a hood cover will prevent any view into the garage and its contents, eliminating enticement to enter.

PREVENT GARAGE DOOR BREAK-INS

ANATOMY OF A SAFE GARAGE

Your home is only as safe as its weakest entry point.

Your garage is an important part of your home and securing your garage is one of the most essential steps to securing your entire home. It is always recommended to regularly check and update your home's security system and safety measures.

For more information, please contact SF SAFE at (415) 553-1984 or visit sfSAFE.org.
