All-Around Safety on Black Friday & Beyond

With November's arrival comes a cornucopia of offerings: crisp fall weather, changing leaves, pumpkin spice lattes, Thanksgiving and Black Friday.

As the holiday season shifts into overdrive, and shoppers embark on procuring their holiday purchases, SF SAFE has some seasonal tips for safeguarding one's personal safety and holiday purchases.

Parking Smart on Black Friday & Beyond

As the SFPD and SF SAFE often caution residents, the first rule of parking smart—whether holiday shopping or not—is if you love it, don't leave it! Never leave anything of value visible in your vehicle—or, ideally, in it at all. By doing so, you'll make your car an easy mark for a smash-and-grab.

If you have to place packages in your trunk and plan to return to shopping, take time to move your vehicle to another location in the event thieves are casing the parking garage/parking spot.

Don't forget to lock your car doors and trunk as soon as you return to your car after shopping—especially if you're on your cellphone. Be sure to relock the doors and trunk of your vehicle if you return to shopping.

Make sure you don't leave your car running while you load shopping bags into your trunk. Someone might seize the opportunity to make off with Santa's sleigh.

Addressing Crime / Safety tips

All-Around Safety on Black Friday & Beyond

Page 2:

Notice a suspicious person possibly casing cars or watching shoppers in the parking garage or on the street? If you see something, say something by reporting it to the SFPD.

After you leave your shopping excursion, if you notice you're being followed, drive to the nearest police or fire station—or a populated area is another good option.

Being an Alert Shopper

During your shopping expedition, be an alert shopper by staying aware of your surroundings. Be sure to tell security personnel or store owners if you notice any of these activities: Someone tampering with surveillance cameras; an individual who seems to be concealing something—such as a threatening device—under bulky clothing; unattended packages; a person acting erratically or nervously; and suspicious chemical smells or pungent odors. Again, these are additional situations where if you see something, say something.

Personal Safety and Pick-Pocketing Prevention

While shopping, also be mindful of your personal safety and pick-pocketing prevention by: Bringing only the cash and credit cards you need; not carrying your social security card or passport; not letting others (intentionally) distract you in crowds; and avoiding distracted walking, i.e. limiting the use of your cellphone or earbuds in public.

If you need to contact authorities regarding an emergency or crime-in-progress, dial 9-1-1. For non-emergencies, contact the SFPD at 415-553-0123.

Addressing Crime / Safety tips

With the Covid-19 restrictions lifting in phases and many of us are starting to venture out again, here are some Package Theft Prevention Guide from SFSafe to help prevent your packages from being stolen.

PACKAGE THEFT PREVENTION GUIDE

WON'T BE HOME?

Use the "Hold Package" option at USPS.com to have packages held at location post office for pick up. You can also arrange for neighborhoods to pick up any packages that might be delivered.

CUSTOMIZE DELIVERIES

Customize deliveries by adding specific delivery instructions using USPS.com and your tracking number. You can also schedule packages to arrive when you are home or reroute packages.

USE SPECIAL SERVICES

Use USPS special services like *Signature Confirmation* or *Registered Mail* to add a layer of security.

DELIVER TO SECURE LOCATIONS

Send packages to secure locations such as Amazon Lockers, FedEx and UPS locations, P.O. Boxes, and local post office.

REQUEST NONDESCRIPT PACKAGING

When completing your online order, opt for packaging that conceals the item or select the 'gift' option to ensure package arrives in a plain box especially when ordering from a high-end store.

USE MODERN ALTERNATIVES

Take advantage of contemporary options like smart lockers, lockboxes, cameras, motion detection lighting, alarms like Package Guard, and services like Doorman.

NETWORK WITH NEIGHBORS

Neighborhood groups on social media or community apps can provide a system for reporting suspicious activity. This is also a good way to keep your deliveries and neighborhood secure.

PORCH AREA VISIBILITY

Keep the porch area clear and visible. The more likely a would-be thief is to be seen, the more likely they are to choose another target.

Addressing Crime / Safety tips

PREVENT GARAGE DOOR BREAK-INS

Garages can sometimes be the most vulnerable area of the home and they are often the entry point most targeted by thieves because of the easy access to the home. Here are some tips to help secure your garage and protect it from theft.

ALWAYS CLOSE YOUR GARAGE DOOR

This may seem obvious, but just drive through any residential neighborhood and you'll likely see a few wide-open garage doors. This is an invitation to burglars and at the very least, you're allowing passersby to easily view the contents of your garage.

INSTALL MOTION-SENSITIVE LIGHTS

Homes and garages with poor exterior lighting become more appealing targets for burglars. Ensure all entry points are well-lit. Constant lighting supplemented by motion sensitive lighting is best.

REINFORCE THE GLASS ON THE GARAGE DOOR

Add vinyl adhesive to reinforce garage windows. You can also opt for a frosted or translucent glass design to allow sunlight in while obscuring contents inside.

DON'T LEAVE GARAGE DOOR REMOTE IN YOUR CAR

A garage door remote is basically another key into your home and thieves won't hesitate to use it if they find it. Opt to use a remote on a keychain.

INSTALL AN INTERIOR MANUAL GARAGE DOOR LOCK

When leaving on a vacation or for extended periods of time, disconnect automatic door motor and install a manual lock.

TIE EMERGENCY RELEASE CORD

Tying your emergency release cord into a small ball will make it more difficult to reach by thieves who manage to break the garage windows.

INSTALL SURVEILLANCE CAMERAS

There should be at least 1 exterior mounted camera facing the street and registered with the D.A.'s office.

SECURE ANY VALUABLES

Keep all tools in cabinet systems with locks and be sure to hang and lock any bicycles. As much as possible, try to avoid keeping valuable items in the garage or inside vehicles.

HAVE A QUALITY, FUNCTIONING GARAGE DOOR

Garage doors should be as secure, sturdy, and well-built as your front door and should remain in good condition and tight fitting. Deadbolts should also be added to the garage-to-house door.

INSTALL INTERIOR MAIL SLOT HOOD COVER

If the garage door is equipped with a mail slot, a hood cover will prevent any view into the garage and its contents, eliminating enticement to enter.

PREVENT GARAGE DOOR BREAK-INS

ANATOMY OF A SAFE GARAGE

Your home is only as safe as its weakest entry point.

Your garage is an important part of your home and securing your garage is one of the most essential steps to securing your entire home. It is always recommended to regularly check and update your home's security system and safety measures.

Addressing Crime / Safety Tips

PREVENT THEFT FROM YOUR VEHICLE

Remember when parking your vehicle to ensure it is properly secured before walking away. Be sure that your windows are up, and your doors are locked. Thieves often check door handles to see if a car is unlocked. Remove all valuables from the inside of your car and take them with you. **PARK SMART!** Flyers available in English -Chinese - Spanish

Addressing Crime / Safety Tips

SHARING THE ROAD WITH CYCLISTS

When it comes to safely sharing the road with cyclists, it's paramount for drivers to learn how to coexist.

➡ Share the Road

When out and about, drivers need to be ever-mindful of sharing the road with cyclists.

➡ Stay Off the Horn

Sudden honking might startle a cyclist and can cause them to swerve into traffic or off the road.

➡ Follow the 3 Foot Rule

Maintain a distance of 36 inches from cyclists whenever passing them. If possible, keep an even wider berth if there's bad weather or if in a higher speed limit zone.

➡ Mind Your Blind Spots

Drivers should double-check their mirrors when changing lanes, making turns, and especially before opening their car door after parking.

➡ Be Cautious with Kids

Kids can be unpredictable since their motor skills and decision-making faculties aren't fully developed. Be on alert when driving near schools and residential areas.

➡ Be Patient

Don't tailgate a cyclist. When you need to pass one, patiently wait until it's safe to do so.

Summaries of Supreme Courts Case Laws

(Released Every 3 Months-First Week January, April, July, October)

Kansas v. Glover (2020) 140 S.Ct. 1183.

A Kansas deputy sheriff ran a license plate check on a truck and discovered that the registered owner had a revoked driver's license. The deputy assumed the registered owner was driving the vehicle and pulled it over. The registered owner, Glover, was in fact driving and charged with being a habitual offender. Thereafter, Glover moved to suppress the evidence, claiming that the deputy lacked reasonable suspicion to detain him.

The United States Supreme Court held that, "when the officer lacks information negating an inference that the owner is the driver of the vehicle, the stop is reasonable." The Court noted that the Fourth Amendment permits an officer to detain an individual when that officer has a "particularized and objective basis for suspecting the particular person stopped of criminal activity." Officers must be permitted to make commonsense judgments and inferences regarding human behavior. The Court found that prior to pulling the vehicle over, the deputy observed an individual operating the vehicle, he knew the registered owner had a revoked license, and the model of the vehicle matched what he observed. From these facts the deputy drew the commonsense inference that the driver was the registered owner and the Court found that provided more than reasonable suspicion to initiate the traffic stop.

People v. Henderson (2020) 9 Cal.5th 1013

Henderson was convicted of first degree murder with special circumstances, the personal use of a deadly weapon, and sentenced to death which triggered an automatic appeal to the California Supreme Court. Following his arrest, and during a custodial interrogation, Henderson initially waived his Miranda rights. When asked if he was present at the scene of the crime, Henderson stated, "Uhm, there's some things that I, uhm, want uh ...". He was again asked if he was present and Henderson continued, "[want] uh, want to speak to an attorney first, because I, I take responsibility for me, but there's other people that..."

Under established Miranda law, officers must terminate a custodial interrogation of a suspect when that individual invokes their right to counsel or to be silent. That being said, "various cases have held that a suspect's use of equivocal words or phrases does not constitute a clear request for counsel." A suspect must unambiguously assert his right to counsel or to remain silent. Courts objectively look to whether the suspect expressed their desire for counsel with sufficient clarity "that a reasonable police officer in the circumstances would understand the statement to be a request for an attorney." Courts have found the following statements to be equivocal and not an invocation: "maybe I should talk to a lawyer;" "[i]f you can bring me a lawyer;" "I think it'd probably be a good idea for me to get an attorney." In this case the court found that by stating, "[I] want to, speak to an attorney first," Henderson did not use equivocal language and the California Supreme Court found this was a violation of the Fifth Amendment.

SFPD Arrests Juvenile Suspects Connected to Carjacking Series

Two Loaded Firearms and One Pellet Airgun seized at scene

On October 31, 2022 at approximately 3:20 p.m., San Francisco Police Officers assigned to Southern Station responded to Treasure Island regarding a carjacking with a firearm.

Upon arrival, officers met with the victim who stated that four unknown male suspects were standing around a black sedan a few parking spaces away from the victim. When the victim entered his silver sedan, the male suspects approached him, brandished several firearms and fled the scene in his vehicle. Officers immediately broadcasted the description of the victim's vehicle and suspects' descriptions to dispatch.

SFPD Officers assigned to Bayview Station observed a vehicle matching the description driving in the area of Cesar Chavez Street and Connecticut Street. When the officers attempted to conduct a high risk felony stop on the vehicle by activating their forward facing red and blue lights and siren, the vehicle refused to yield to Police and continued traveling onto Pennsylvania Street.

The officers initiated a vehicle pursuit and during the pursuit, the vehicle committed several vehicle code violations and continued traveling at a high rate of speed. When the suspect vehicle began traveling against traffic, Officers temporarily terminated the vehicle pursuit in fear for the safety of the general public. When the suspect vehicle drove to the area of Howard Street and 6th Street, SFPD Officers continued the pursuit to the area of 900 block of Connecticut Street where the suspect vehicle collided into an unoccupied vehicle that was parked on the street. A foot pursuit ensued where officers were able to apprehend and detain all four male juvenile occupants of the suspect vehicle in the immediate area. Two of the male juveniles were 15-years-old and the other two male juveniles were 16-years-old.

While on scene, officers located a loaded firearm near the vehicle, another loaded firearm inside of the vehicle, and a pellet airgun inside as well. All firearms were seized for the investigation.

CPAB– Project Updates

August 2022

Community Police Advisory Board (CPAB) “CPABs” are community-oriented police advisory boards for each police district. Each CPAB, led by the District Captain for that police district, is comprised of approximately 10 to 15 committed volunteer community members and a representative from the Community Engagement Division of the SFPD. District Captains may choose more members if they wish to accomplish specific tasks. Each district’s Board members live and/or work in the communities within that district, where a community may be either a neighborhood with specific needs or a specific demographic. Each member thus represents the diversity of their community. In addition to the district CPABs, there will also be a City-wide CPAB Steering Committee facilitated by SF Safety Awareness For Everyone (SAFE). Two representatives from each Community Police Advisory Board shall be selected to participate in this Committee, with the purpose of sharing information across districts.

Captain Falvey held his monthly CPAB meeting on 08/10. Time was spent debriefing this year National Night Out and discussing the Citywide CPAB meeting.

Next months meeting is scheduled for Wednesday, 09/14 at 6:00pm.
