## Goals and Objectives

The Five Goals and Objectives of the SFPD Community Policing Strategic Plan are:

- Goal 1: Communication
- Goal 2: Education
- Goal 3: Problem-Solving
- Goal 4: Relationship Building
- Goal 5: SFPD Organization

# Goal 1: Communication

Honest, transparent, and empathetic dialogue between the SFPD and San Francisco Community.

- **Objective 1.1:** Create a diverse set of communication channels between the SFPD and community: The General Work Detail will diversify avenues of communication by having representatives of the unit attend district police station community meetings/events.
- **Objective 1.4:** Transparently communicate, publicize, and educate community about SFPD goals and policies: The General Work Detail will be available at the events to educate the community about the investigative process as well as to field questions and concerns voiced by members of the public.

# Goal 2: Education

SFPD both trains and is trained by the communities it serves

- **Objective 2.1:** Train the community to empower them to improve community safety: The Night Investigations Unit will collaborate with the captain of each district station to better understand the specific concerns of their respective communities prior to the meetings. They will utilize their expertise to prepare educational information and tips for the public.
- **Objective 2.2:** Invite third party and community instructors to contribute to SFPD training: The Night Investigations Unit will collaborate with outside resources to prepare their educational information and seek to have these resources attend meetings/events when possible.

# Problem Solving

By educating the public at community meetings we intend to assist them in safeguarding themselves and other members of the community from a variety of crimes including:

- 
- Assaults
  - Robberies
  - Burglaries
  - Thefts
  - Vandalism/Graffiti
  - Other crime concerns of the community

# Community Events

The General Crimes Unit plans to attend a minimum of one event at each District Station yearly in coordination with that district station's Commanding Officer. The venue is not limited to traditional meetings and could include any of the following:

---

- Community Meetings
- Coffee with a Cop
- Virtual (Zoom) Meetings
- National Night Out

## Metrics

The goal of the General Crimes Unit Community Policing Plan is opening a more direct avenue of communication and education between the investigative division of the department and the public. The following is a breakdown of progress made in 2022:

- 
- Number of community events attended →
  - Locations of community events attended →
  - Outside resources brought to assist →
  - Concerns expressed by each district's stakeholders →
  - Educational information provided at each meeting →
- 3 Community Meetings attended.
  - Central Station, Tenderloin Station, Richmond Station
  - Information on resources like SF Safe presented.
  - No specific concerns brought to us by stakeholders.
  - Overview of our unit, the investigative and prosecutorial process.

# Review and improvement

By tracking the events (meetings) that the General Crimes Unit attends, we will review on a semi-annual basis our goal of attending at least one event in each district. Feedback from the community members and station captains will be utilized to improve content.

**Community feedback has been positive. We have attended meetings at 3 of the 10 district stations as of November 2022. We plan to continue to attend events and provide information to the community stakeholders and solicit any feedback that will assist us in better serving our communities.**
