Dear Southern District Community,

While crime is down overall, we have seen a recent uptick in robberies. Remember to always be aware of your surroundings and walk with a purpose while in public. Take care while using cell phones in public, they are commonly targeted by thieves.

Southern Station officers together with officers from other Districts have been working hard to prevent such crimes.

The San Francisco Police Department is committed to excellence in law enforcement and is dedicated to the people, traditions and diversity of our City. Our mission is to provide service with understanding, response with compassion, performance with integrity and law enforcement with vision.

As part of our ongoing outreach to engage with the community and measure our success, the Department has created a community survey link to obtain valuable community feedback for our community events and programs, which will assist the Department in the development of our strategies to meet the needs of the community. If you have recently attended or participated in an event or program hosted by the Department (such as Coffee with a Cop, National Night Out, ALERT program, Youth Summer program, Community Academy or Town Hall Meeting), and have feedback regarding the event or program you attended, please take some time to fill out our community survey.

The Department has also developed a Foot Beat/Bike Patrol survey to gather valuable community feedback on the effectiveness of the Foot Beat/Bicycle Patrol, as it relates to community policing and crime strategies and an Implicit Bias survey to measure progress in the Department's commitment to impartial policing and procedural justice. Please take the time to fill out the Foot Beat/Bike and Implicit Bias surveys. If you have already filled out a survey, thank you! Your response will help SFPD better serve our City and continue to support our community through Safety with Respect.

Cryptocurrency Investment Scams

The U.S. Secret Service continues to observe a significant increase in cryptocurrency and digital asset investment scams. These scams often target victims who use social media, online dating, or professional networking platforms.

**PREVENT**

- Avoid unreasonably high returns on investment - is it too good to be true?
- Avoid cryptocurrency investment proposals with complex verbiage, such as pools, futures, mining, liquidity.
- Avoid sharing your personal information with unverified individuals. You can validate a broker by going to BrokerCheck by FINRA.
- Only download apps directly from legitimate App Stores (i.e., Apple App Store, Google Play Store).
- Beware of clicking on links, they can be malicious.
- Be wary of apps with excessive application permissions (i.e., administrator privileges).
- Beware of linking apps with external investment platforms, even legitimate apps may be linked to platforms that are not vetted.
- Never share your seed phrase - the string of words that can be used to access a cryptocurrency wallet on the blockchain.
- Avoid chat functions on external websites, instead contact support through a company's official website.
- Avoid external applications that end in .apk (Android) or .mobileconfig (iOS) as these are not screened and pose an immediate risk of compromising your device data through malicious software.
- Never mix someone you met online and investment advice.

**RESPOND**

- Don't pay more money (ransom) to release your funds.
- Keep records.
  - Take screen shots of conversations with the people involved in the scam.
  - Save email addresses, phone numbers, applications, and other pertinent information.
- Change login information to any financial accounts you provided to the people involved in the scam.
- Check for malicious software on your iOS device.
  
  Go to Settings/General/VPN & Device Management and checking for any unauthorized device configuration.
- Be cautious when seeking non-law enforcement assistance.
  
  The information and assistance tracing lost assets may be incorrect and inadmissible in court, and may result in further loss.

**REPORT**

- Report to your cryptocurrency exchange.
  
  Provide transaction information (i.e., your wallet address, receiving wallet address, date and amount of transaction, type of cryptocurrency, domain (website) name or app name.
  
  Determine whether to close your account.
- Contact credit reporting companies directly.
  
  In some instances, if victims contact creditors (and in some cases collection agencies) immediately upon learning of a change in their ability to pay debts, the result may be a reduction, modification, or deferral of credit card or loan payments.
- Report to law enforcement.
  
  Contact your local police department and file a police report.
  
  File a complaint on the Internet Crime Complaint Center (IC3).
- Contact your local Secret Service field office.

Addressing Crime / Safety tips

With the Covid-19 restrictions lifting in phases and many of us are starting to venture out again, here are some Package Theft Prevention Guide from SFSafe to help prevent your packages from being stolen.

**PACKAGE THEFT PREVENTION GUIDE**

**WON’T BE HOME?**
Use the "Hold Package" option at USPS.com to have packages held at location post office for pick up. You can also arrange for neighborhoods to pick up any packages that might be delivered.

**CUSTOMIZE DELIVERIES**
Customize deliveries by adding specific delivery instructions using USPS.com and your tracking number. You can also schedule packages to arrive when you are home or reroute packages.

**USE SPECIAL SERVICES**
Use USPS special services like Signature Confirmation or Registered Mail to add a layer of security.

**DELIVER TO SECURE LOCATIONS**
Send packages to secure locations such as Amazon Lockers, FedEx and UPS locations, P.O. Boxes, and local post office.

**REQUEST NONDESCRIPT PACKAGING**
When completing your online order, opt for packaging that conceals the item or select the ‘gift’ option to ensure package arrives in a plain box especially when ordering from a high-end store.

**USE MODERN ALTERNATIVES**
Take advantage of contemporary options like smart lockers, lockboxes, cameras, motion detection lighting, alarms like Package Guard, and services like Doorman.

**NETWORK WITH NEIGHBORS**
Neighborhood groups on social media or community apps can provide a system for reporting suspicious activity. This is also a good way to keep your deliveries and neighborhood secure.

**PORCH AREA VISIBILITY**
Keep the porch area clear and visible. The more likely a would-be thief is to be seen, the more likely they are to choose another target.

Visit [www.sfsafe.org](http://www.sfsafe.org) for more safety tips!
PREVENT GARAGE DOOR BREAK-INS

Garages can sometimes be the most vulnerable area of the home and they are often the entry point most targeted by thieves because of the easy access to the home. Here are some tips to help secure your garage and protect it from theft.

ALWAYS CLOSE YOUR GARAGE DOOR
This may seem obvious, but just drive through any residential neighborhood and you’ll likely see a few wide-open garage doors. This is an invitation to burglars and at the very least, you’re allowing passersby to easily view the contents of your garage.

INSTALL MOTION-SENSITIVE LIGHTS
Homes and garages with poor exterior lighting become more appealing targets for burglars. Ensure all entry points are well-lit. Constant lighting supplemented by motion sensitive lighting is best.

REINFORCE THE GLASS ON THE GARAGE DOOR
Add vinyl adhesive to reinforce garage windows. You can also opt for a frosted or translucent glass design to allow sunlight in while obscuring contents inside.

DON’T LEAVE GARAGE DOOR REMOTE IN YOUR CAR
A garage door remote is basically another key into your home and thieves won’t hesitate to use it if they find it. Opt to use a remote on a keychain.

INSTALL AN INTERIOR MANUAL GARAGE DOOR LOCK
When leaving on a vacation or for extended periods of time, disconnect automatic door motor and install a manual lock.

TIE EMERGENCY RELEASE CORD
Tying your emergency release cord into a small ball will make it more difficult to reach by thieves who manage to break the garage windows.

INSTALL SURVEILLANCE CAMERAS
There should be at least 1 exterior mounted camera facing the street and registered with the D.A.’s office.

SECURE ANY VALUABLES
Keep all tools in cabinet systems with locks and be sure to hang and lock any bicycles. As much as possible, try to avoid keeping valuable items in the garage or inside vehicles.

HAVE A QUALITY, FUNCTIONING GARAGE DOOR
Garage doors should be as secure, sturdy, and well-built as your front door and should remain in good condition and tight fitting. Deadbolts should also be added to the garage-to-house door.

INSTALL INTERIOR MAIL SLOT HOOD COVER
If the garage door is equipped with a mail slot, a hood cover will prevent any view into the garage and its contents, eliminating enticement to enter.

For additional information, please contact SF SAFE at (415) 553-1984 or visit sfsafe.org
PREVENT GARAGE DOOR BREAK-INS

ANATOMY OF A SAFE GARAGE

- **Motion-sensitive lighting**: To supplement constant night time lighting.
- **Surveillance camera**: Install at least 1 camera facing the street.
- **Constant lighting**: Night time lighting is recommended for property.
- **Reinforced windows**: They should be translucent or frosted to obscure or eliminate view into the garage.
- **Mail slot**: The mail slot should have a hood to eliminate view into the garage.

**Your home is only as safe as its weakest entry point.**

Your garage is an important part of your home and securing your garage is one of the most essential steps to securing your entire home. It is always recommended to regularly check and update your home’s security system and safety measures.

For more information, please contact SF SAFE at (415) 553-1984 or visit sfsafe.org.
PREVENT THEFT FROM YOUR VEHICLE

Remember when parking your vehicle to ensure it is properly secured before walking away. Be sure that your windows are up, and your doors are locked. Thieves often check door handles to see if a car is unlocked. Remove all valuables from the inside of your car and take them with you.

### Safe Habits to Adopt:

- **Turn off the ignition**
  Never leave your car running unattended

- **Keep your vehicle & tires in good condition**
  to prevent breakdowns—stranding you in a dark or unfamiliar place

- **Lock your doors**
  when you get in your car

- **See something, say something**
  If you see a motorist in distress, call 9-1-1 versus stopping to help

- **Clear your trunk**
  and take your valuables with you every time you leave your car

- **If you are being followed,**
  drive to the nearest police or fire station—a populated area is a good default

A Kansas deputy sheriff ran a license plate check on a truck and discovered that the registered owner had a revoked driver’s license. The deputy assumed the registered owner was driving the vehicle and pulled it over. The registered owner, Glover, was in fact driving and charged with being a habitual offender. Thereafter, Glover moved to suppress the evidence, claiming that the deputy lacked reasonable suspicion to detain him.

The United States Supreme Court held that, “when the officer lacks information negating an inference that the owner is the driver of the vehicle, the stop is reasonable.” The Court noted that the Fourth Amendment permits an officer to detain an individual when that officer has a “particularized and objective basis for suspecting the particular person stopped of criminal activity.” Officers must be permitted to make commonsense judgements and inferences regarding human behavior. The Court found that prior to pulling the vehicle over, the deputy observed an individual operating the vehicle, he knew the registered owner had a revoked license, and the model of the vehicle matched what he observed. From these facts the deputy drew the commonsense inference that the driver was the registered owner and the Court found that provided more than reasonable suspicion to initiate the traffic stop.

People v. Henderson (2020) 9 Cal.5th 1013

Henderson was convicted of first degree murder with special circumstances, the personal use of a deadly weapon, and sentenced to death which triggered an automatic appeal to the California Supreme Court. Following his arrest, and during a custodial interrogation, Henderson initially waived his Miranda rights. When asked if he was present at the scene of the crime, Henderson stated, “Uhm, there’s some things that I, uhm, want uh …” He was again asked if he was present and Henderson continued, “[want] uh, want to speak to an attorney first, because I, I take responsibility for me, but there’s other people that…”

Under established Miranda law, officers must terminate a custodial interrogation of a suspect when that individual invokes their right to counsel or to be silent. That being said, “various cases have held that a suspect’s use of equivocal words or phrases does not constitute a clear request for counsel.” A suspect must unambiguously assert his right to counsel or to remain silent. Courts objectively look to whether the suspect expressed their desire for counsel with sufficient clarity “that a reasonable police officer in the circumstances would understand the statement to be a request for an attorney.” Courts have found the following statements to be equivocal and not an invocation: “maybe I should talk to a lawyer;” “[i]f you can bring me a lawyer;” “I think it’d probably be a good idea for me to get an attorney.” In this case the court found that by stating, “[I] want to, speak to an attorney first,” Henderson did not use equivocal language and the California Supreme Court found this was a violation of the Fifth Amendment.
San Francisco Police Make Arrest in Convenience Store Robbery Series

On February 7, 2023 at approximately 1:00 p.m., San Francisco Police Officers from Taraval station responded to a call for a robbery that had just occurred at a gas station on the 900 block of Ocean Avenue. Officers arrived on scene and met with the victim who stated that an unknown male entered the store and after other customers left, placed a candy bar on the counter as if ready to purchase. Once the cash register was open, the suspect walked behind the counter, pointed a gun at the victim and took the currency that was in the register. The suspect fled the store southbound on Harold Avenue.

The San Francisco Police Department Robbery Unit, who was already investigating a similar incident that took place on January 6, 2023 at a gas station on the 400 block of Potrero Avenue, took over the investigation.

On Thursday February 16, 2023, Robbery investigators were informed that a robbery had occurred at approximately 8:45 a.m. at a business located on the 1500 block of Revere Avenue. Through the course of their investigation, investigators identified the suspect in all three incidents as 60-year-old Frank Bennett of San Francisco.

Investigators developed probable cause to arrest Bennett for the above listed incidents and placed him into custody on February 16, 2023 without incident on the 300 block of El Camino Real in San Bruno, California.

A search of Bennett’s residence on the unit block of Beatrice Lane in San Francisco yielded a loaded firearm, ammunition, US Currency as well as clothing and accessories that are believed to have been worn during the aforementioned robberies.

Bennett was later transported to San Francisco County Jail where he was booked for three counts of robbery (211 PC), three counts of commission of a crime with a firearm (12022(a)(1) PC), and three counts of possession of a firearm by a prohibited person (29800(a)(1) PC). Bennett is
subject to further charges pending investigation of his potential involvement in additional robberies that have occurred in San Francisco as well as San Mateo County.

While an arrest has been made, this remains an open investigation. Anyone with information regarding this case is asked to contact the San Francisco Police Department SFPD 24-hour-tip line at 1-415-575-4444, or Text a Tip to TIP411 and begin the message with SFPD. You may remain anonymous.

A jury convicted Clifford Stokes for the murder of Ahmed Yusufi

San Francisco, CA – Today, San Francisco District Attorney Brooke Jenkins announced that her office secured a first-degree murder (PC 187) conviction of Clifford Stokes (39) after trial by jury. Stokes was also convicted of robbery (PC 211), attempted robbery (PC 664/211), shooting into an occupied vehicle (PC 246) and felon in possession of a firearm (PC 29800(a)(1)). Stokes killed Ahmed Yusufi early in the morning of November 28, 2021 while he and his passenger were in a parked car near the intersection of Potrero Avenue and Cesar Chavez Street. Stokes pulled up next to them, exited his car, and then pointed a handgun at Yusufi and the passenger and demanded money. In fear for their lives, each attempted to turn over their property to Stokes. Stokes shot and killed Yusufi before he was able to give over his property.

“Stokes’ callous, unprovoked killing of an unarmed man during a robbery is heartbreaking and specifically the type of violent crime that we must prosecute to the fullest extent of the law,” said District Attorney Brooke Jenkins. “This verdict delivers justice for Mr. Yusufi’s family and a wake-up call to perpetrators; we as a community reject violence and will ensure that perpetrators face consequences.”

The case against Stokes was successfully prosecuted by Assistant District Attorney Ryan King with assistance from paralegals Jessica Diamond and Tony Yu. Victim Advocate Maria Reynoso worked closely with the victim’s family throughout the case. Prosecutors were able to develop a strong case against Stokes based on the careful investigation work performed by the San Francisco Police Department’s Homicide investigators. DAI Investigators Tim Weaver and Chris Mufarreh also helped develop this case and assisted prosecutors.

“I want to thank the jury for their service and care in reaching this decision,” said Ryan King, Assistant District Attorney. “While nothing can bring Ahmad Yusufi back to his family, I hope that this verdict brings them a sense of closure and justice.”

Stokes has been in custody since his arrest on December 16, 2021. He faces fifty years to life in prison. Sentencing will be determined at a future court date, which has not been set.

March 2023

Community Police Advisory Board (CPAB) “CPABs” are community-oriented police advisory boards for each police district. Each CPAB, led by the District Captain for that police district, is comprised of approximately 10 to 15 committed volunteer community members and a representative from the Community Engagement Division of the SFPD. District Captains may choose more members if they wish to accomplish specific tasks. Each district’s Board members live and/or work in the communities within that district, where a community may be either a neighborhood with specific needs or a specific demographic. Each member thus represents the diversity of their community. In addition to the district CPABs, there will also be a City-wide CPAB Steering Committee facilitated by SF Safety Awareness For Everyone (SAFE). Two representatives from each Community Police Advisory Board shall be selected to participate in this Committee, with the purpose of sharing information across districts.

This month the CPAB introduced new members to the group. The group also discusses upcoming community events including the location for this year’s National Night Out.

Next month’s meeting is scheduled for Wednesday, 03/08 at 6:00pm. For Southern Stations meeting calendar click on the link below.

A guiding principle of the San Francisco Police Department is its commitment to treating all people with dignity, fairness, and respect. It is crucial for our members to carry out their duties in a manner free from bias and eliminate any perception of policing that appears biased. Biased policing is unsafe, unjust, and ineffective. It also alienates the public, fosters distrust of police, and undermines legitimate law enforcement efforts.

The SFPD is dedicated to ensuring our officers and professional staff provide unbiased, quality service to the diverse communities we work for. Our goal is to provide fair and positive interactions between San Francisco officers and the people we are proud to serve.
