Hello Community Members and Merchants,

For all those 49ers fans, it was a great season, but unfortunately it came to an end to soon. Hopefully, next year the 49ers will stay health and go all the way.

We had a great time meeting everyone at the Lunar New Year Celebration last Sunday, January 29th on 37th Ave. Lieutenant Cruz and members of Taraval Police Station were there handing out safety pamphlets and answered questions from the community. It was great to see such a supportive turn out. We look forward to participating next year.

This weekend on Saturday February 4th, San Francisco will be celebrating Chinese New Year, which is one of the largest in the world. This is the year of the rabbit. Just a brief fun fact - The Chinese New Year celebration began in the mid-1800's after many Chinese immigrants came to the U.S. looking for work. As the world of the Gold Rush in California spread, many decided to stay in San Francisco. This built up a large Chinese community in the city, forming the famous Chinatown district. When the first full scale New Years celebration began here, both Chinese and American traditions were incorporated into the idea of a large, colorful and diverse parade. Today, this celebration and parade is one of the largest in the world attended by hundreds of thousands. The 2023 Chinese New Year parade starts at 5:15PM at the corner of 2nd and Market and ends around 8PM near Jackson and Kearny Street.

As a reminder my community meetings are the third Thursdays of each month. My next meeting will be Thursday February 16th via Zoom. I invite you all to attend to learn about current crime trends in the neighborhood and any updates we have. RSVP to get on the Zoom meeting at [sf-safe.org](https://sf-safe.org). I encourage you to express any concerns that you have. Let's work together to stay informed and stay safe.

## San Francisco Police Chief Bill Scott Responds to Events in Memphis 23-012

JANUARY 28, 2023 | 1:36 AM

“I have been closely monitoring the events unfolding in Memphis and have viewed the video released by the Memphis Police Department.

“The tragic death of Mr. Tyre Nichols after force was used upon him by five Memphis Police Department officers after a traffic stop is extremely disturbing. What I and everyone else saw on the video images reflect a disregard for the sanctity of human life and is the antithesis of the oath, we as law enforcement professionals, were all sworn to uphold.

“This incident again raises the pervasive issue that has occurred for generations — and continues to occur — regarding using force on people of color (specifically Black and brown men). Those of us who have chosen policing as a profession all have a responsibility to make the difficult and courageous decisions necessary to change this narrative for the better. I applaud and support the decision and swift action taken by Memphis Police Chief Cerelyn Davis to terminate the involved officers for what she described as physical abuse against Mr. Nichols.

“This incident affects all of us in law enforcement, and it underscores the importance of the San Francisco Police Department's work on policy and training revisions, reducing disparities in stops, arrests, and uses of force, and reducing non-lethal and lethal force to fulfill the promise of bias-free and equitable policing that stands for safety with respect for all.”

## Park Smart

With auto break-ins a persistent issue in San Francisco, it's important that residents and visitors keep their belongings safe when parking throughout the city. Here's a rundown of easy-to-follow "Park Smart" tips and safe habits to adopt that should prove useful.

If you love it, don't leave it. Don't tempt a thief by leaving valuables in your parked car such as cell phones and tablets; luggage and shopping bags; wallets and passports; purses and backpacks; and laptops and cameras.

Turn off the ignition. Never leave your car running unattended.

Keep your vehicle and tires in good condition. This helps prevent breakdowns which could strand you in a dark or unfamiliar place.

Lock your doors when you get in your car.

If you see something, say something. If you see a motorist in distress, call 9-1-1 versus stopping to help.

Clear your trunk and take your valuables with you every time you leave your car.

If you are being followed, drive to the nearest police or fire station; a populated area is a good default

## CRIME PREVENTION TIPS FOR BURGLARY

Emergency  
Phone 9-1-1

Non-Emergency  
Phone 415-553-0123

City Service Center  
Phone 3-1-1

- Never leave your home doors unlocked or open. Use dead bolt locks, they are a great deterrent to burglars.
- When you leave, close and lock your windows. Many burglars enter homes and apartments through open windows. Windows on or near fire escapes should remain locked.
- Don't "buzz" strangers in. Don't permit unexpected utility workers, deliverymen, or strangers into your home. Ask them for their I.D. and phone number to their office. Call 911 if you are not sure of their identity. Call the police to report suspicious activity.
- Give your home or apartment an "occupied look." Lights or a radio on automatic times may help deter burglars. Bright motion activated lights are a good deterrent as well.
- Install security cameras or burglar alarms. Most are DIY with easy installation and are assessable with an app on your smart phone.
- If you park your car inside your garage, lock the car doors. Burglars will steal garage door openers and come back when you are not home.
- Trim shrubs and branches away from doors and windows for better visibility.

## CRIME PREVENTION TIPS FOR ROBBERY

Emergency  
Phone 9-1-1

Non-Emergency  
Phone 415-553-0123

City Service Center  
Phone 3-1-1

- Trust your instincts. If you sense trouble, get away as soon as possible.
- Show confidence. Walk at a steady pace, keep your head up and avoid carrying lots of packages...It can make you look defenseless.
- Don't look like an easy target. Robbers want someone who will provide the least resistance. If you look like you know where you are going, walk with your head up and eyes alert, you will most likely be left alone.
- Be observant.
- Remain alert and observe the people around you. Know who is walking behind and in front of you. Things to watch for include suspicious persons, people just loitering around or vehicles.
- Be aware of your surroundings. If you think you are being followed, go to a crowded area.
- Walk in well-lit areas. If possible, do not walk alone.
- Do not carry large amounts of money.
- Carry keys in your hand.

## SF SAFE CITY CAMERA PROGRAM

Through the SF SAFE City Camera Program, we address public safety needs and help reduce crime through collaboration.

By partnering with community stakeholders, such as local merchant associations, businesses, and community residents from San Francisco's high trafficked neighborhoods, commercial corridors, and our City government, we identify specific needs, install public safety cameras and create, develop, and implement safety plans with a meaningful community-led and community-driven process.

Through this program, SF SAFE targets high-risk and high-traffic city blocks comprising about 20-30 businesses or residential areas for the installation of high definition security cameras and surveillance technology. Typically, a coverage area of about 18-24 camera views per corridor is provided. Camera installation projects for commercial corridors take about 12 weeks from start to finish and encompass outreach, assessment, mapping and system installation. We work with technology vendors as the technology solutions and data privacy provider for this program, accountable to the most stringent level of self-imposed policy standards.

In addition to the security cameras acting as a visible crime deterrent, the footage is an extraordinary tool in assisting businesses and community members in the investigation of criminal activity if/when any occur. This program levels the playing field, holding all involved accountable, creating an equitable and true evidence chain for investigators and public defenders alike, as an innovative alternative policing tool empowering communities to take ownership over their own public safety needs.

# PREVENT GARAGE DOOR BREAK-INS

## ANATOMY OF A SAFE GARAGE

### Your home is only as safe as its weakest entry point.

Your garage is an important part of your home and securing your garage is one of the most essential steps to securing your entire home. It is always recommended to regularly check and update your home's security system and safety measures.

For more information, please contact SF SAFE at (415) 553-1984 or visit [sfsafe.org](http://sfsafe.org).

## PREVENT GARAGE DOOR BREAK-INS

Garages can sometimes be the most vulnerable area of the home and they are often the entry point most targeted by thieves because of the easy access to the home. Here are some tips to help secure your garage and protect it from theft.

### ALWAYS CLOSE YOUR GARAGE DOOR

This may seem obvious, but just drive through any residential neighborhood and you'll likely see a few wide-open garage doors. This is an invitation to burglars and at the very least, you're allowing passersby to easily view the contents of your garage.

### INSTALL MOTION-SENSITIVE LIGHTS

Homes and garages with poor exterior lighting become more appealing targets for burglars. Ensure all entry points are well-lit. Constant lighting supplemented by motion sensitive lighting is best.

### REINFORCE THE GLASS ON THE GARAGE DOOR

Add vinyl adhesive to reinforce garage windows. You can also opt for a frosted or translucent glass design to allow sunlight in while obscuring contents inside.

### DON'T LEAVE GARAGE DOOR REMOTE IN YOUR CAR

A garage door remote is basically another key into your home and thieves won't hesitate to use it if they find it. Opt to use a remote on a keychain.

### INSTALL AN INTERIOR MANUAL GARAGE DOOR LOCK

When leaving on a vacation or for extended periods of time, disconnect automatic door motor and install a manual lock.

### TIE EMERGENCY RELEASE CORD

Tying your emergency release cord into a small ball will make it more difficult to reach by thieves who manage to break the garage windows.

### INSTALL SURVEILLANCE CAMERAS

There should be at least 1 exterior mounted camera facing the street and registered with the D.A.'s office.

### SECURE ANY VALUABLES

Keep all tools in cabinet systems with locks and be sure to hang and lock any bicycles. As much as possible, try to avoid keeping valuable items in the garage or inside vehicles.

### HAVE A QUALITY, FUNCTIONING GARAGE DOOR

Garage doors should be as secure, sturdy, and well-built as your front door and should remain in good condition and tight fitting. Deadbolts should also be added to the garage-to-house door.

### INSTALL INTERIOR MAIL SLOT HOOD COVER

If the garage door is equipped with a mail slot, a hood cover will prevent any view into the garage and its contents, eliminating enticement to enter.

For additional information, please contact SF SAFE at (415) 553-1984 or visit [sfsafe.org](http://sfsafe.org)

With the Covid-19 restrictions lifting in phases and many of us are starting to venture out again, here are some Package Theft Prevention Guide from SFSafe to help prevent your packages from being stolen.

## PACKAGE THEFT PREVENTION GUIDE

### ✉️ **WON'T BE HOME?**

Use the "Hold Package" option at USPS.com to have packages held at location post office for pick up. You can also arrange for neighborhoods to pick up any packages that might be delivered.

### ✉️ **USE SPECIAL SERVICES**

Use USPS special services like *Signature Confirmation* or *Registered Mail* to add a layer of security.

### ✉️ **REQUEST NONDESCRIPT PACKAGING**

When completing your online order, opt for packaging that conceals the item or select the 'gift' option to ensure package arrives in a plain box especially when ordering from a high-end store.

### ✉️ **NETWORK WITH NEIGHBORS**

Neighborhood groups on social media or community apps can provide a system for reporting suspicious activity. This is also a good way to keep your deliveries and neighborhood secure.

### ✉️ **PORCH AREA VISIBILITY**

Keep the porch area clear and visible. The more likely a would-be thief is to be seen, the more likely they are to choose another target.

### ✉️ **CUSTOMIZE DELIVERIES**

Customize deliveries by adding specific delivery instructions using USPS.com and your tracking number. You can also schedule packages to arrive when you are home or reroute packages.

### ✉️ **DELIVER TO SECURE LOCATIONS**

Send packages to secure locations such as Amazon Lockers, FedEx and UPS locations, P.O. Boxes, and local post office.

### ✉️ **USE MODERN ALTERNATIVES**

Take advantage of contemporary options like smart lockers, lockboxes, cameras, motion detection lighting, alarms like Package Guard, and services like Doorman.
